Ordered, that the Act be promulgated for general information.

Act No. XLIII. of 1850.

An Act for the Regulation of Registered Joint Stock Companies.

For the Regulation of Joint Stock Companies registered under this Act, it is enacted as follows:

I. Every unincorporated Company of partners, associated under a deed containing a provision that the shares in the stock or business of the said Company are transferable without the consent of all the partners, and also every Company established for some literary, scientific or charitable purpose, which does not carry on any business for the pecuniary benefit of any of the Proprietors or Shareholders, shall be entitled to registration under this Act.

II. The Supreme Courts of Judicature at Calcutta, Madras, or Bombay may, on such petition as is hereinafter mentioned of any persons desiring to register the Company to which they belong, order the registration of such Company; and thereupon such Company shall be duly registered in the said Court, and deemed a registered Company within the meaning of this Act.

III. Every petition for the registration of any Company under this Act shall be filed in the Court to which it is presented, with the deed, or a copy of the deed of partnership of the Company, and a list of the Directors and Shareholders of the Company, severally verified by affidavit of the Secretary, or Manager, or principal or other servant of the Company, intended to be a Registered Officer of the Company within the Presidency in which the petitioners shall apply for registration; and such petition shall set forth the following particulars, that is to say:

First.—The names and additions of all those who are at that time partners of the Company, and their usual places of residence; and, when any Company, which has carried on its business before registration, shall be admitted to the privileges of this Act, a separate memorial of the names and additions and last known place of abode of all persons who, within three years next before the presentation of the petition, were partners thereof.

Second.—The style under which the Company is to carry on its business.

Third.—The names of the principal places, within the Presidency in which they seek to be registered, where the business is to be carried on.

Fourth.—The amount of capital stock and of the proposed addition thereto, and if consisting of money how much is paid up, and if other than money, the nature of such capital stock, and in what manner how invested, and if separate provision be made for working capital, the amount thereof, and how much of it is paid up.

Fifth.—The number of shares into which the capital stock has been, or is to be divided.

Sixth.—Before the registration of any Company, which has carried on its business before registration, under a deed of partnership, not containing any provision for registration of the Company under this Act, the Directors shall call a special meeting of the Shareholders for the purpose of resolving that the Company shall be registered under this Act, to be held at a place and time to be mentioned in the notice of meeting; and such notice, beside being given to the partners in the manner provided in the deed of partnership for notice of special meetings, shall be published in the *Government Gazette*, and in at least one other newspaper circulating within the Presidency; and the time of holding such meeting shall be not sooner than three months and not later than four months after the first of such publications.

V. One-half in number of the Shareholders assembled, either personally or by their lawfully constituted attornies, at such meeting, owning at least one-half of the whole number of shares owned by all the Shareholders so present, may resolve that the Company shall be registered under this Act, and such resolution so carried shall be binding on the whole Company.

VI. The petition for registration in such case shall contain, beside the other particulars herein mentioned, statements of the notice and publication thereof, of the holding of the meeting, and of the several numbers of Shareholders and shares held by them collectively, who were present at the meeting, and who voted in favor of the resolution respectively, and shall state that the petition is presented upon such resolution.

VII. No Company shall be disqualified for registration by reason of any outstanding loan to any Director, or by reason of any Director being a surety, or under any other pecuniary engagement to the Company: but any Director having such loan or being such surety or under such engagement shall, by the fact of the registration of the Company, cease to be a Director, unless the loan or other engagement be such as is authorised by this Act.

VIII. Every registered Company shall be subject to the following regulations, notwithstanding any provisions in their deed of partnership varying therefrom; and the Supreme Court, in which the Company shall be registered, shall have authority, on the petition of any Shareholder, to enforce the same, and from time to time, to make any order or orders in respect of any breach or neglect thereof as to such Court shall seem meet.

First.—Every registered Company shall hold one or more ordinary general meetings of the Company in every year, at such times and places as are appointed by the deed of partnership, or in default thereof, as the Supreme Court, in which such Company is registered, shall in the order for registration appoint, subject to variation by any subsequent order or orders of such Court.

Second.—Every registered Company shall, from time to time, hold an extraordinary general meeting, whenever seven Shareholders, or any greater number may require it, by notice in writing under their hands, to be delivered to a Registered Officer of the Company, or, if he cannot be found, to any other servant of the Company, at one of their usual places of business.

Third.—No registered Company shall purchase its own shares or make any loan of money or securities for money to any person or persons, on the security of a share or shares in the partnership or business; and every such purchase or loan shall be a breach of trust within the meaning of

all laws now in force, or hereafter to be in force relating to breaches of trust by agents or trustees misappropriating money or property.

Fourth.—No registered Company shall make any loan of money or securities for money to any Director or Registered Officer of such Company, or to any member of a Local Committee at any Branch or Agency, except only in the case of Banking Companies, to such limited amount, and on such securities as shall be sanctioned by the deed, or, from time to time, by a general meeting of the Shareholders of such Banking Company; and every such transaction, except as aforesaid, shall be a like breach of trust: And the particulars of every loan made to any Director or Registered Officer of such Company shall be reported to the next general meeting of Shareholders, with a statement and specification of the several securities on which such loans were advanced.

Fifth.—No Director or Member of a Local Committee at any Branch or Agency, or Registered Officer shall become a security or guarantee for any person in any loan or other transaction with the Company, nor shall he, in any way, incur liability to the Company uncovered by such security as is sanctioned by the deed of partnership.

Sixth.—The accounts of every registered Company shall be audited half yearly or oftener, by two or more Auditors, chosen at a general meeting of the Shareholders, none of the Auditors being a Director or Registered Officer at the time.

Seventh.—A copy of the Auditor's report (if any) and balance sheet and a separate profit and loss account, and a capital account shewing the amount of the capital, and how invested, and the estimated value thereof, verified by affidavit of the same being made to the best of their knowledge and belief, as often as the accounts are audited, shall be filed in the Court, in which the Company is registered, and a written or printed copy of the said report, balance sheet, and accounts, shall be delivered to every Shareholder who shall demand it, or sent by the General Post Office to the place where he may, from time to time, require delivery thereof.

IX. The Court in which the Company is registered may, on the petition of any Shareholder, enforce the performance by the Directors of any of their duties under this Act, or of the deed of partnership, which it may appear just to enforce in a summary manner, after due notice given to such Directors; and disobedience to any order of the Court in this behalf shall be deemed a contempt of Court, and shall be punishable accordingly.

X. Within one week before or after the first day of January and first day of July, in every year after the registry of the said Company, a memorial shall be filed in the Court in which such Company is registered, setting forth in alphabetical order, the names of all the partners, with their several additions, places of abode, and the number of shares belonging to each, and the names of the Directors of the Company, and also the names of the servants of the Company to be deemed the Registered Officers, within the Presidency in which such Court is situated; and, as often as a change in the Direction or of any Registered Officer shall take place by death, resignation, disqualification, or otherwise, a memorial of such change shall be forthwith filed in the Supreme Court.

XI. When any share is held by two or more persons the name, addition, and place of abode of every such person shall be separately entered in every such memorial, and each of such persons shall be considered as jointly and separately liable for the engagements of the Company on account of such share; unless when such share belongs to any other Registered Company, in which case the name of such Company shall be entered in the memorial instead of the names of the partners thereof.

XII. The several memorials shall be signed by two or more of the Directors of the Company, and verified by affidavit of one of them before the Master of the Supreme Court or a Commissioner by the said Court appointed.

XIII. An office copy of any such registered deed, or copy thereof filed as aforesaid, or memorial or of any part thereof, issued under the seal of the Court, shall be received in evidence before all Courts, as proof of the contents thereof, and no proof shall be required that the persons by whom any such memorial purports to be verified were Directors of the Company.

XIV. The Keeper of the Records of the Supreme Court shall allow all persons, at reasonable times, to inspect any such deed, copy, or memorial, and shall furnish office copies of any such deed, copy, or memorial, or any part thereof, under the seal of the Court, to all persons applying for the same.

XV. Such fees shall be paid for registering every such deed and memorial, and for allowing inspection and furnishing copies thereof, or of any part thereof, as the Judges of the Supreme Court, with the approval of the Governor or Governor in Council, from time to time, shall establish.

XVI. Subject to the provisions of the deed of partnership, every Shareholder in any such Registered Company may sell and transfer all or any of his shares therein by a deed according to the form in the Schedule annexed to this Act, or to the like effect, and the same, when duly executed, shall be delivered to a Registered Officer, who shall make an entry thereof in a book to be called the Register of Transfers, and shall endorse such entry on the deed of transfer, and deliver an acknowledgment of the receipt thereof to the purchaser, for which entry and endorsement the Company shall be entitled to have a fee not exceeding One Rupee; and until such transfer is so entered and endorsed the purchaser of the share shall not be entitled to receive any share of the profits of the business, or to vote in respect of such share.

XVII. No Shareholder shall be entitled to transfer any share until he has paid all calls at that time due on every share held by him.

XVIII. On the transfer of any share in a Registered Company being executed and notified in the manner required by the Deed of the Company and this Act, the party making or the party accepting such transfer may require a memorial thereof to be made forthwith, and filed with the memorial of the names of Shareholders of the Company; and in case such memorial shall not be made and filed within one month after such requisition, the Supreme Court shall on the petition of either of the said parties, and on notice being given to the Directors of the Company, order such memorial to be made and filed, in case the Court shall be satisfied of the validity of such transfer; and every such memorial of transfer shall be taken thenceforth as part of the last general memorial.

XIX. No transfer shall be deemed complete, nor shall any Shareholder be discharged from any liability by the transfer of any share, until the memorial of such transfer shall have been filed as aforesaid, or until the purchaser has been substituted as a partner instead of the seller in one of the general half yearly memorials, in respect of the share or shares so transferred; and no person shall be liable as a Shareholder by reason merely of having accepted such transfer, until such memorial of the transfer shall be filed, or until he is entered as a partner in one of the general half yearly memorials.

XX. The Supreme Court in which any Company is registered may, on petition and on notice being given to the Directors, and to every other person to whom it shall appear to the Court that notice ought to be given, order any memorial filed under this Act to be corrected, in case of any material error of omission or otherwise, either in the lists of Shareholders or any other respect whatever.

XXI. The Directors may close the Register of Transfers for a time not exceeding fourteen days before the payment of any dividend, and may fix a day for closing the same, of which seven days' notice shall be given in the *Government Gazette*.

XXII. The Company shall not be bound to see to the execution of any trust, whether express, implied, or constructive, to which any share is subject; and the receipt of the person in whose name any share stands in the books of the Company, or in the case of a minor, idiot, or lunatic, the receipt of the guardian or committee, or where the share stands in more than one name, the receipt of the person, whose name stands first, shall be a sufficient discharge to the Company for any dividend or other sum of money payable on account of such share, whether or not the Company had notice of any such trust; and the Company shall not be bound to see to the application of any money paid on such receipt.

XXIII. Every such Registered Company shall sue and be sued by the registered name of the Company, as if it were an incorporated Company, and in no other manner; and service of any writ, order, or other process or notice on a Registered Officer of the said Company, at one of their usual places of business, or, if he cannot be found, in such manner as the Supreme Court in which such Company is registered shall order and direct, shall be good service on such Company.

XXIV. In any indictment or information for any theft or embezzlement of the monies or goods of any such Registered Company, or for any other offence committed against them or their property, or with intent to defraud or injure them, and in any proceeding in which it may be necessary to name them, they may be described by the registered name of the Company.

XXV. In any suit brought or proceeded with the name of any such Registered Company, the plaintiffs shall be liable to be nonsuited unless it be proved on their part that the suit is brought or proceeded with by direction of one or more of the partners appointed at a general meeting to be Directors of the Company, or by the direction of some person or persons having authority from the Directors to bring suits on behalf of the Company; and such proof may be given either by filing a warrant to sue signed by such Director or person, and supported by affidavit, or in such other manner as shall be consistent with the practice of the Court.

XXVI. No such suit, indictment, information, or other proceeding shall abate or be prejudiced by any change of the persons constituting the partnership, or of the Directors, or of the person having such authority.

XXVII. No suit by or against the Company shall be in any wise affected by the defendant or plaintiff therein being or having been a Shareholder of the Company: but any such Shareholder, either alone or jointly with any other person or persons as against the Company, or the Company as against any such Shareholder, either alone or jointly with any other person or persons, shall have the same right of action, remedy, and execution, in respect of any claim whatever, as the Shareholder or Company would have had, if the Shareholder had been a stranger.

XXVIII. All unpaid capital, or money due on account of the Capital Stock of the Company, shall be deemed a debt due to the Company, and shall be recoverable as such by the description of money due by the defendant, on account of a share in the business of the Company.

XXIX. A Registered Company, which shall commit any act which is hereby deemed an act of forfeiture, shall be liable to the jurisdiction of the Court for Relief of Insolvent Debtors, and a petition to the said Court in the case of such Company shall be prosecuted in the same manner as petitions in the case of Insolvent Debtors: and in case of an adjudication of forfeiture the law and practice of the said Court, with such alterations of the practice as, from time to time, shall seem to the Court necessary, shall be extended to the case of such Company, as in the case of an adjudication of insolvency in the case of an Insolvent Debtor.

XXX. An adjudication of forfeiture against any such Company shall not be deemed an act of insolvency of the individual members of such Company.

XXXI. An adjudication of forfeiture against such Company shall convey to the Assignee or Assignees appointed the whole of the real and personal property of the said Company, and all debts, causes of suit, and possibilities of interest, with the like power to sue either at Law or in Equity, as fully and effectually as an adjudication of insolvency against any individual could convey the same by any of the laws now in force or hereafter to be in force affecting insolvents.

XXXII. Whenever an adjudication of forfeiture shall have issued against any such Company, the Assignee or Assignees from time to time may compromise any debts or claims belonging to the said Company, and may grant discharges to the parties to such compromises.

XXXIII. Whenever the Directors of any Registered Company shall be unable to meet the engagements of the Company, they shall at a special meeting of the Directors convened for that purpose, and by such a number and majority of them as would be sufficient for any ordinary business of the Company, declare such inability by a resolution, which being signed by the Directors by whose votes it has been carried, shall be forthwith published in the *Government Gazette* of the Presidency; and for two calendar months after the publication of such resolution, but not later, such resolution shall be deemed an act of forfeiture of their privileges for the sole purpose, nevertheless, of supporting a petition to the Court for Relief of Insolvent Debtors in case a petition shall

be filed within two months after the date of the publication thereof as aforesaid, but not afterwards.

XXXIV. Any Registered Company which shall not, within two months after judgment and the issue of a writ of execution thereof, satisfy such judgment, shall be deemed to have committed an act of forfeiture, and thereupon the execution creditor, or any creditor to whom such Company shall be indebted to the amount of Company's Rupees Five Hundred, or any two creditors to whom such Company shall be indebted to the amount of Company's Rupees Seven Hundred, or any three or more creditors to whom such Company shall be indebted to the amount of Company's Rupees One Thousand, may present a petition to the Court for the Relief of Insolvent Debtors at the Presidency within which such Company is registered, stating the amount due to such creditor or creditors, and the registry and act of forfeiture of such Company, and praying such Court would proceed as if such Company or the Shareholders thereof had petitioned such Court for relief under the laws in force for Relief of Insolvent Debtors; whereupon the Court shall enquire into the truth of such petition, and if such Court shall be satisfied thereof, such Court shall adjudge the same to be true, and that such Company has committed an act of forfeiture, and proceed thereon pursuant to the provisions of the Act for the Relief of Insolvent Debtors in India, and of this Act.

XXXV. Upon the filing of any petition to the Court for Relief of Insolvent Debtors in the case of any Registered Company, whether by a Shareholder or by a Creditor, the Court shall make the like vesting order for the purpose of vesting all the real and personal estate of the Company in the Official Assignee, and such other orders ancillary thereto as the Court might make in case of an individual insolvent debtor, and all the powers and authorities of the said Court, and all the laws relating to insolvent debtors shall, so far as the circumstances of the case admit, be extended to all such Registered Companies.

XXXVI. Whenever there shall be an adjudication of forfeiture against any Registered Company, the Directors of such Company at the time of filing the petition shall be subject to the orders of the said Court for the Relief of Insolvent Debtors, and it shall be their duty individually or collectively to prepare such balance sheet and other accounts as the Court may deem necessary, and to assist the Official Assignee in the examination of and closing all the affairs of the Company; and every Director and person who shall at any time have been a Director of the Company shall be liable to be examined upon oath, and to make full and true discovery of the estate and effects, past and present, and business, affairs, and interests of the Company, either orally or upon written interrogatories, as the Court may order.

XXXVII. Upon the adjudication of forfeiture against any Registered Company, the claims of any creditor of the Company against the Shareholders shall not be enforced otherwise than under this Act, except in respect of any special contract, or any debt or liability contracted by any Shareholder in his individual capacity, otherwise than by taking a share in the business of the Company.

XXXVIII. As soon after an adjudication of forfeiture against any Company as the Official Assignee can make an approximate estimate of the amount of the debts and other claims against the Company, or of any certain portion thereof, the said Court, on the application of the Official Assignee, shall order such sum to be raised by contribution of the Shareholders as may appear to the said Court necessary for the satisfaction of such debts and claims; and may from time to time order such further sum to be raised in like manner as may appear necessary: and upon obtaining such order the Official Assignee shall assess the said sum ratably amongst the Shareholders according to the number of shares held by them respectively, and immediately proceed to collect the same; and monthly or oftener shall report defaulters to the said Court, together with the amounts at which they were assessed respectively, and thereupon the said Court, if satisfied that the said assessment is just, shall order the payment of such assessment within such time and upon such notice or demand by advertisements or otherwise, as the Court may see fit; and non-payment thereof within the time ordered by the Court shall be an act of insolvency of the defaulting Shareholders; and the said Assignee, or any person being a creditor of the said Company to the amount of Company's Rupees Five Hundred, or any two creditors to whom such Company shall be indebted to the amount of Company's Rupees Seven Hundred, or any three or more creditors to whom such Company shall be indebted to the amount of Company's Rupees One Thousand, may present a petition to the Court for the Relief of Insolvent Debtors of the Presidency within which the said Company is registered, stating such act of insolvency, and praying that such defaulting Shareholder may be adjudged to have committed an act of insolvency, and upon such petition being duly verified, the Court shall be empowered to adjudge that such defaulting Shareholder has committed an act of insolvency, and the Court for Relief of Insolvent Debtors in the Presidency in which the defaulter is resident may proceed thereon according to the provisions of the Act for the Relief of Insolvent Debtors in India.

XXXIX. The Shareholders of untransferred shares whose names are in the last general memorial, including those (if any) who have been subsequently returned as Shareholders of the Company, shall be liable and be called upon in the first instance to satisfy the debts of the Company; but in case it shall appear to the said Court that full satisfaction cannot, within such time as may appear reasonable to the Court, be otherwise obtained, such other persons as at any time within three years next before the adjudication of forfeiture shall have been returned in any memorial as Shareholders of the Company shall be liable to contribute to such amount collectively as the Court may order; and, upon every order for contribution from former Shareholders, the Official Assignee shall proceed as hereinbefore prescribed in the case of present Shareholders.

XL. In fixing the sum to be raised from time to time by assessment of the Shareholders it shall be in the discretion of the Court to make such allowance for unrealized assets of the said Company, as the Court may deem just.

XLI. No such assessment shall be deemed erroneous or set aside merely by reason of its being in excess of other assessments ratably considered, if the same be needed for satisfaction of any creditor of the said Company, and any such assessment may be reduced, when expedient, by order of the Court.

XLII. If on realizing the assets of the Company a balance shall remain, after payment of the debts and other claims against the Company, the said Court may order the repayment out of such balance, first, of such sums or ratable parts thereof as have been paid by any Shareholders not liable in the first instance to satisfy the debts of the Company; and secondly, of such sums or ratable parts thereof as have been paid by any other Shareholders in excess of their ratable liability, according to the number of their shares, regard being had to the number of other assessed Shareholders; and lastly, if such a balance shall not thereby be exhausted, the said Court may order the distribution of the remainder thereof among the Shareholders by the Official Assignee upon a scheme or plan to be submitted to and approved by the said Court, or may order the same to be paid to the Accountant General of the said Court to the credit of the said Company, to abide such proceedings as any parties interested therein may take at Law or in Equity: and any order of the said Court for the disbursement of money shall be a sufficient authority to the said Official Assignee to protect him against all claims in respect of such disbursement by any Shareholder or Creditor.

XLIII. If any Registered Company which carried on its business before registration shall incur an adjudication of forfeiture before it has been registered for three years, such persons as are not registered Shareholders but were Copartners or Shareholders thereof at any time before the registration of the Company, but within three years before the filing of the petition for relief, shall be liable to contribute to the debts of the Company in like manner as if they were on the first memorial of the Shareholders of the Company.

XLIV. Whenever it shall appear to the Court for Relief of Insolvent Debtors that the aid of a Court of Equity will be necessary for closing the affairs of any Registered Company, against which an adjudication of forfeiture has been made, the said Court may order the Official or other Assignees to take proceedings in the Supreme Court in Equity, by bill, or by petition for the like relief as might be had by bill, and the said Supreme Court shall have power on such petition to make such original and subsequent orders as upon a bill filed, and such orders shall have the same effect and be executed in the same manner as decretal orders.

XLV. The said Supreme Court may likewise on petition of any Shareholder having any claim against any other Shareholder, in respect of the affairs of the Company, make such order as it may deem just for settling such claim between such Shareholders.

XLVI. Whenever any Shareholder in a Registered Company, which shall have been adjudged to have incurred forfeiture, shall be adjudged an insolvent, either on his own petition, or under the provisions aforesaid, or otherwise, the Assignee or Assignees of such Registered Company, shall be entitled, from time to time, to rank as a creditor on the estate of such insolvent, for such ratable contributions, as the Court for the Relief of Insolvent Debtors shall, from time to time, appoint to be paid by such insolvent Shareholder.

XLVII. After the affairs of any such Registered Company against which there has been an adjudication of forfeiture are closed under this Act, the Company shall forfeit all its privileges under this Act, and the partnership shall be dissolved.

I. Any Salt Agent or Superintendent of Salt Chokies, and also any Assistant to a Salt Agent or Superintendent, or head Officer of any Salt Chokee or Aurung, to whom information shall be given that salt is unlawfully manufactured in any warehouse, dwelling house or other enclosed place within his jurisdiction, may act upon such information in the same manner as in Act XXIX. 1838 he is authorized to act, upon information given him of salt exceeding one maund in quantity being in store in a house, warehouse or other place; and all freshly manufactured contraband salt found by such Officer shall be liable to seizure, together with the implements of manufacture, and the provisions of Sections II to X of Act XXIX. 1838 as to the receipt of information and the manner of search and seizure, and of Section XXIII. of the same Act as to the penalty for false and malicious information shall be applicable to information given, and search and seizure made under this Act.

II. In modification of Section XIV. Act XXIX. 1838, any person who shall be found conveying salt exceeding in quantity five seers of eighty tolahs to the seer, without protective document, within the tract of country in Bengal or Orissa, wherein the transportation of salt, unless so protected, is prohibited, and also all persons found in gangs or companies carrying salt so unprotected, which in the whole quantity exceeds ten seers, shall be subjected to the penalties prescribed by Regulation X. 1819, of the Bengal Code, and Act XXIX. 1838, for the illegal possession and transportation of salt.

Fort William, Home Department, Legislative, the 27th December 1850.

The following Draft of a proposed Act was read in Council for the first time on the 27th December 1850.

ACT No. —— OF 1850.

For relief of certain sufferers by the Insolvency of Sir Thomas Turton, Baronet.

Whereas, under an Act of Parliament passed in the fortieth year of the Reign of King George the Third, entitled "an Act for establishing further Regulations for the Government of the British Territories in India, and the better Administration of Justice within the same," Sir Thomas Edward Mitchell Turton, Baronet, as Registrar of the Ecclesiastical Court at Fort William in Bengal, was empowered to administer to the Estates of all British Subjects dying intestate within the said Presidency of Fort William in default of any claim made and established on behalf of any next of kin or Creditor to the deceased; And whereas the said Sir Thomas, on or about the 25th day of February 1848, resigned the Office of Registrar of the said Ecclesiastical Court, then being insolvent, and unable to pay several large sums of money due to the owners of sundry Estates to which he had administered or had assumed to administer under the power vested in him by the said Act, and also other sums of money due to the owners of sundry Estates of which he had taken charge as such Registrar, although on account of the small value thereof or otherwise, no Letters of Administration of the last mentioned Estates were granted to him, and also other sums of money belonging either to suitors of the Supreme Court of Judicature at Fort William in Bengal, or other persons for whose benefit a trust was created in the said Sir Thomas, by reason of his holding the office of Registrar of the said Court, on its Ecclesiastical Equity and Admiralty sides, or as Curator under Act XIX. 1841, or as Official Trustee under Act XVII. 1843;

And whereas, in order to know the deficiency of the said Sir Thomas in respect of the said several particulars of charge, certain Commissioners were appointed by an order under the seal of the Supreme Court of Judicature at Fort

William, bearing date the 8th March 1848, to enquire and report thereon to the Court;

And whereas the said Commissioners made their report to the said Court, bearing date the 25th January 1849, and now filed of record in the said Court, whereby they reported fully on the several matters committed to them as aforesaid, setting forth in the body of the said Report, and also in certain Schedules thereunto annexed marked (A,) (B,) (C,) (D,) (E,) and (F) respectively the names and titles of the several Estates, suitors and other persons to whom, upon the account taken by them, money or securities for money appeared to be due by the said Sir Thomas;

And whereas, it is deemed expedient that the said sufferers by the insolvency of the said Sir Thomas Edward Mitchell Turton, be reimbursed their several losses out of the accumulated produce of certain unclaimed Estates, now in the custody and management of the Administrator General, due provision being made for securing the interests of the rightful claimants thereunto, if any shall hereafter appear; It is enacted as follows:

I. The net proceeds of all Estates to which the Registrar of the said Ecclesiastical Court has administered in right or under colour of his office under the said Act of Parliament, and which were in the custody or control of the said Registrar ready to be distributed at any time before the first day of January 1836, and have been since that time unclaimed and now continue unclaimed in the custody or control of the Administrator General in Bengal in right of his office under Act VII. 1849, and also from time to time the net proceeds of all Estates to which the said Registrar or the said Administrator General under the said Act VII. 1849, has administered, or to which the said Administrator General shall hereafter administer, and which shall have continued for fifteen years in his custody or control unclaimed by any person entitled thereunto, shall be transferred and paid, as the same respectively accrue, to the Sub-Treasurer of the East India Company at Fort William in Bengal, and be carried to the account and credit of the East India Company for the general purposes of Government.

II. If any claim shall be hereafter made to any part of the net proceeds of any Estate so transferred and paid to the account and credit of the East India Company, and established to the satisfaction of the Administrator General and Accountant to the Government of Bengal for the time being, the said Accountant shall direct the Sub-Treasurer to repay, and the Sub-Treasurer shall thereupon repay the principal sum so paid or represented by the Securities so transferred, or so much thereof as shall appear to be due to the claimant out of the monies of the East India Company in his custody.

III. The Accountant to the Government of Bengal is authorized and required from time to time to direct the Sub-Treasurer to pay, and the Sub-Treasurer shall thereupon pay, out of the monies of the East India Company in his custody, such sums as will be sufficient to pay off and discharge to such persons as shall appear to be entitled thereunto, as the lawful representatives of the Intestates named in the Schedules (A,) (B,) (C,) (D,) annexed to the said report, and also to the suitors and other persons entitled to the Equity Deposits and Trust monies in the suits and under the trusts named in the Schedules (E) and (F) annexed to the said report, and other deposits and trust monies (if any) paid or entrusted to the said Sir Thomas by order of the said Court, and to the net proceeds of the estate of Ramnarain Coondoo, of which the said Sir Thomas was Curator under Act XIX. 1841, the several principal sums of money which, upon the final adjustment of the accounts of their several claims and estates, shall appear to have been due to them respectively from the said Sir Thomas on the 25th day of February 1848, and to be then still due and unsatisfied; and also the balance due by the said Sir Thomas to Government in respect of Court fees received by him as Registrar of the said Court, but not accounted for by him to Government.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 27th day of February next.

Reports and applications, in cases of emergency, when delay may be productive of injury or inconvenience to the Service, or to individuals, are to be forwarded to the Assistant Adjutant General of the Army at the Presidency, for the purpose of being submitted to Government through the prescribed and customary channels, reports thereof being, at the same time, transmitted to Head-Quarters for the information of the Commander-in-Chief.

Duplicates of all Monthly Returns of Corps, Detachments and Departments, are to be regularly transmitted to the Adjutant General's Office at the Presidency, to afford the means for the early preparation of the Returns that are required by the Honorable the Court of Directors.

Applications on Medical Certificate from Officers to proceed to Europe, or to Sea, for the recovery of their health, are, in all cases, to be forwarded by the Officers, after their arrival at the Presidency, to the Assistant Adjutant General of the Army, who, through the Officiating Military Secretary to Government, will lay them before the Hon'ble the President in Council; and Commanding Officers of Stations below Allahabad, being satisfied of such urgency, are authorized to permit the Sick Officers to repair to the Presidency, reporting on the same day, the circumstances to Head-Quarters, that the Officer's absence may be regularly sanctioned in General Orders by the Commander-in-Chief.

When Officers apply to leave their stations on Sick Certificate, to proceed to the Presidency, with the view of going to Sea, or to Europe, the necessity of this is to be stated in their Medical Certificate, and distinctly noticed in their applications forwarded to Head-Quarters.

Applications from Officers belonging to other Presidencies, who may be temporarily resident in Bengal, are, if the nature of them require it, to be submitted to Government, through the Assistant Adjutant General of the Army, to whom therefore the Officers will address themselves.

All ordinary Reports and applications are to be transmitted, as usual, to the Adjutant General of the Army at Simla, and any thing of an emergent nature requiring His Excellency's immediate attention will be forwarded to the Deputy Adjutant General at Head-Quarters.

Resolutions of Government which require immediate execution, and the communication of which, in the usual manner, through the Commander-in-Chief, may be productive of delay, will be transmitted through the Military Department to the Assistant Adjutant General of the Army at the Presidency, by whom they will be forwarded to the Officers whom they may concern, and are to be carried into immediate execution. Duplicates of them will, at the same time, be forwarded to the Adjutant Geueral of the Army at Simla, for the information of the Commander-in-Chief.

The Commander-in-Chief is requested to make such arrangements as he may deem most convenient for the circulation to the Army of the General Orders issued by Government, and His Excellency will likewise specify the date from which the above Regulation is to have effect, and issue such supplementary orders for conducting the ordinary duties of the Army as may appear to him necessary.

EDUCATION NOTICE.—The next Meeting of the Committee appointed for the examination of Candidates for promotion and employment in the Education Department, will be held in the Hindu College, on Saturday, the 4th of January 1851, at 10 A. M.

Detailed particulars of the nature and extent of the examination, the number of vacancies in the Department, &c. &c., will be afforded by the Secretary to the Council of Education to all Candidates, on *personal* application.

(By order,)

FRED. J. MOUAT, M. D.,
Secy. Council of Education.

NOTIFICATION.—An examination will be held early in April 1851, in the College of Fort William, for the purpose of filling up existing Vacancies in the Military class of the Medical College. All candidates will be expected to possess a knowledge of the Hindustani Language, adequate to enable them to read and write it in the Persian or Devanagri character.

2nd. All Interpreters of Regiments and Battalions will be requested, through the Military Departments, not to grant certificates of qualification to any candidate under the age of fifteen and above that of twenty years; and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with certificates, who were found, on examination, quite unqualified for admission; and it is with a view to prevent the recurrence of this, that the above measure has been adopted.

3rd. Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper descriptive roll may be prepared for transmission to the Examiners of the College of Fort William.

4th. The preference in selection, attainments being equal, will be given to those who have already been attached to, or served in Civil or Regimental Hospitals.

5th. No candidate will be allowed to present himself for examination, who cannot produce a written testimonial of his conduct and character, or afford satisfactory evidence as to who and what he is. A few individuals of decidedly bad character have, upon recent occasions, managed to obtain admittance, it is supposed, by producing false papers; the strictest care and scrutiny will therefore be exercised in examining the credentials of all future candidates, who will, in addition, require to be furnished with regular muster rolls, in order that they may be identified.

6th. All pupils must, as a condition of their appointment, reside within the College premises at all times, and never be absent from morning and evening muster without special leave.

7th. All students in the Military class are amenable to the Articles of War, and regularly enlisted as Soldiers.

8th. No candidate will be admitted to the school, who is physically unfit for the duties of a Soldier.

ACT No. XLIII. OF 1850.

An Act for the Regulation of Registered Joint Stock Companies.

For the Regulation of Joint Stock Companies registered under this Act, it is enacted as follows:

I. Every unincorporated Company of partners, associated under a deed containing a provision that the shares in the stock or business of the said Company are transferable without the consent of all the partners, and also every Company established for some literary, scientific or charitable purpose, which does not carry on any business for the pecuniary benefit of any of the Proprietors or Shareholders, shall be entitled to registration under this Act.

II. The Supreme Courts of Judicature at Calcutta, Madras, or Bombay may, on such petition as is hereinafter mentioned of any persons desiring to register the Company to which they belong, order the registration of such Company; and thereupon such Company shall be duly registered in the said Court, and deemed a registered Company within the meaning of this Act.

III. Every petition for the registration of any Company under this Act shall be filed in the Court to which it is presented, with the deed, or a copy of the deed of partnership of the Company, and a list of the Directors and Shareholders of the Company, severally verified by affidavit of the Secretary, or Manager, or principal or other servant of the Company, intended to be a Registered Officer of the Company within the Presidency in which the petitioners shall apply for registration; and such petition shall set forth the following particulars, that is to say:

First.—The names and additions of all those who are at that time partners of the Company, and their usual places of residence; and, when any Company, which has carried on its business before registration, shall be admitted to the privileges of this Act, a separate memorial of the names and additions and last known place of abode of all persons who, within three years next before the presentation of the petition, were partners thereof.

Second.—The style under which the Company is to carry on its business.

Third.—The names of the principal places, within the Presidency in which they seek to be registered, where the business is to be carried on.

Fourth.—The amount of capital stock and of any proposed addition thereto, and if consisting of money how much is paid up, and if other than money, the nature of such capital stock, and in all cases how invested, and if separate provision is made for working capital, the amount thereof, and how much of it is paid up.

Fifth.—The number of shares into which the capital stock has been, or is to be divided.

IV. Before the registrati on of any Company, which has carried on its business before registration under a deed of partnership, not containing any provision for registration of the Company under this Act, the Directors shall call a special meeting of the Shareholders for the purpose of resolving that the Company shall be registered under this Act, to be held at a place and time to be mentioned in the notice of meeting; and such notice, beside being given to the partners in the manner provided in the deed of partnership for notice of special meet ings, shall be published in the *Government Gazette*, and in at least one other newspa per circulating within the Presidency; and the time of holding such meeting shall be not sooner than three months and not later than four months after the first of such publications.

V. One-half in number of the Shareholders assembled, either personally or by their lawfully constituted attornies, at such meeting, owning at least one-half of the whole number of shares owned by all the Shareholders so present, may resolve that the Company shall be registered under this Act, and such resolution so carried shall be binding on the whole Company.

VI. The petition for registration in such case shall contain, beside the other particulars herein mentioned, statements of the notice and publication thereof, of the holding of the meeting, and of the several numbers of Shareholders and shares held by them collectively, who were present at the meeting, and who voted in favor of the resolution respectively, and shall state that the petition is presented upon such resolution.

VII. No Company shall be disqualified for registration by reason of any outstanding loan to any Director, or by reason of any Director being a surety, or under any other pecuniary engagement to the Company: but any Director having such loan or being such surety or under such engagement shall, by the fact of the registration of the Company, cease to be a Director, unless the loan or other engagement be such as is authorised by this Act.

VIII. Every registered Company shall be subject to the following regulations, notwithstanding any provisions in their deed of partnership varying therefrom; and the Supreme Court, in which the Company shall be registered, shall have authority, on the petition of any Shareholder, to enforce the same, and from time to time, to make any order or orders in respect of any breach or neglect thereof as to such Court shall seem meet.

First.—Every registered Company shall hold one or more ordinary general meetings of the Company in every year, at such times and places as are appointed by the deed of partnership, or in default thereof, as the Supreme Court, in which such Company is registered, shall in the order for registration appoint, subject to variation by any subsequent order or orders of such Court.

Second.—Every registered Company shall, from time to time, hold an extraordinary general meeting, whenever seven Shareholders, or any greater number may require it, by notice in writing under their hands, to be delivered to a Registered Officer of the Company, or, if he cannot be found, to any other servant of the Company, at one of their usual places of business.

Third.—No registered Company shall purchase its own shares or make any loan of money or securities for money to any person or persons, on the security of a share or shares in the partnership or business; and every such purchase or loan shall be a breach of trust within the meaning of all laws now in force, or hereafter to be in force relating to breaches of trust by agents or trustees misappropriating money or property.

Fourth.—No registered Company shall make any loan of money or securities for money to any Director or Registered Officer of such Company, or to any member of a Local Committee at any Branch or Agency, except only in the case of Banking Companies, to such limited amount, and on such securities as shall be sanctioned by the deed, or, from time to time, by a general meeting of the Shareholders of such Banking Company; and every such transaction, except as aforesaid, shall be a like breach of trust: And the particulars of every loan made to any Director or Registered Officer of such Company shall be reported to the next general meeting of Shareholders, with a statement and specification of the several securities on which such loans were advanced.

Fifth.—No Director or Member of a Local Committee at any Branch or Agency, or Registered Officer shall become a security or guarantee for any person in any loan or other transaction with the Company, nor shall he, in any way, incur liability to the Company uncovered by such security as is sanctioned by the deed of partnership.

Sixth.—The accounts of every registered Company shall be audited half yearly or oftener, by two or more Auditors, chosen at a general meeting of the Shareholders, none of the Auditors being a Director or Registered Officer at the time.

Seventh.—A copy of the Auditor's report (if any) and balance sheet and a separate profit and loss account, and a capital account shewing the

amount of the capital, and how invested, and the estimated value thereof, verified by affidavit of the same being made to the best of their knowledge and belief, as often as the accounts are audited, shall be filed in the Court, in which the Company is registered, and a written or printed copy of the said report, balance sheet, and accounts, shall be delivered to every Shareholder who shall demand it, or sent by the General Post Office to the place where he may, from time to time, require delivery thereof.

IX. The Court in which the Company is registered may, on the petition of any Shareholder, enforce the performance by the Directors of any of their duties under this Act, or of the deed of partnership, which it may appear just to enforce in a summary manner, after due notice given to such Directors; and disobedience to any order of the Court in this behalf shall be deemed a contempt of Court, and shall be punishable accordingly.

X. Within one week before or after the first day of January and first day of July, in every year after the registry of the said Company, a memorial shall be filed in the Court in which such Company is registered, setting forth in alphabetical order, the names of all the partners, with their several additions, places of abode, and the number of shares belonging to each, and the names of the Directors of the Company, and also the names of the servants of the Company to be deemed the Registered Officers, within the Presidency in which such Court is situated; and, as often as a change in the Direction or of any Registered Officer shall take place by death, resignation, disqualification, or otherwise, a memorial of such change shall be forthwith filed in the Supreme Court.

XI. When any share is held by two or more persons the name, addition, and place of abode of every such person shall be separately entered in every such memorial, and each of such persons shall be considered as jointly and separately liable for the engagements of the Company on account of such share; unless when such share belongs to any other Registered Company, in which case the name of such Company shall be entered in the memorial instead of the names of the partners thereof.

XII. The several memorials shall be signed by two or more of the Directors of the Company, and verified by affidavit of one of them before the Master of the Supreme Court or a Commissioner by the said Court appointed.

XIII. An office copy of any such registered deed, or copy thereof filed as aforesaid, or memorial or of any part thereof, issued under the seal of the Court, shall be received in evidence before all Courts, as proof of the contents thereof, and no proof shall be required that the persons by whom any such memorial purports to be verified were Directors of the Company.

XIV. The Keeper of the Records of the Supreme Court shall allow all persons, at reasonable times, to inspect any such deed, copy, or memorial, and shall furnish office copies of any such deed, copy, or memorial, or any part thereof, under the seal of the Court, to all persons applying for the same.

XV. Such fees shall be paid for registering every such deed and memorial, and for allowing inspection and furnishing copies thereof, or of any part thereof, as the Judges of the Supreme Court, with the approval of the Governor or Governor in Council, from time to time, shall establish.

XVI. Subject to the provisions of the deed of partnership, every Shareholder in any such Registered Company may sell and transfer all or any of his shares therein by a deed according to the form in the Schedule annexed to this Act, or to the like effect, and the same, when duly executed, shall be delivered to a Registered Officer, who shall make an entry thereof in a book to be called the Register of Transfers, and shall endorse such entry on the deed of transfer, and deliver an acknowledgment of the receipt thereof to the purchaser, for which entry and endorsement the Company shall be entitled to have a fee not exceeding One Rupee; and until such transfer is so entered and endorsed the purchaser of the share shall not be entitled to receive any share of the profits of the business, or to vote in respect of such share.

XVII. No Shareholder shall be entitled to transfer any share until he has paid all calls at that time due on every share held by him.

XVIII. On the transfer of any share in a Registered Company being executed and notified in the manner required by the Deed of the Company and this Act, the party making or the party accepting such transfer may require a memorial thereof to be made forthwith, and filed with the memorial of the names of Shareholders of the Company; and in case such memorial shall not be made and filed within one month after such requisition, the Supreme Court shall on the petition of either of the said parties, and on notice being given to the Directors of the Company, order such memorial to be made and filed, in case the Court shall be satisfied of the validity of such transfer; and every such memorial of transfer shall be taken thenceforth as part of the last general memorial.

XIX. No transfer shall be deemed complete, nor shall any Shareholder be discharged from any liability by the transfer of any share, until the memorial of such transfer shall have been filed as aforesaid, or until the purchaser has been substituted as a partner instead of the seller in one of the general half yearly memorials, in respect of the share or shares so transferred; and no person shall be liable as a Shareholder by reason merely of having accepted such transfer, until such memorial of the transfer shall be filed, or until he is entered as a partner in one of the general half yearly memorials.

XX. The Supreme Court in which any Company is registered may, on petition and on notice being given to the Directors, and to every other person to whom it shall appear to the Court that notice ought to be given, order any memorial filed under this Act to be corrected, in case of any material error of omission or otherwise, either in the lists of Shareholders or any other respect whatever.

XXI. The Directors may close the Register of Transfers for a time not exceeding fourteen days before the payment of any dividend, and may fix a day for closing the same, of which seven days' notice shall be given in the *Government Gazette*.

XXII. The Company shall not be bound to see to the execution of any trust, whether express, implied, or constructive, to which any share is subject; and the receipt of the person in whose name any share stands in the books of the Company, or in the case of a minor, idiot, or lunatic,

the receipt of the guardian or committee, or where the share stands in more than one name, the receipt of the person, whose name stands first, shall be a sufficient discharge to the Company for any dividend or other sum of money payable on account of such share, whether or not the Company had notice of any such trust; and the Company shall not be bound to see to the application of any money paid on such receipt.

XXIII. Every such Registered Company shall sue and be sued by the registered name of the Company, as if it were an incorporated Company, and in no other manner; and service of any writ, order, or other process or notice on a Registered Officer of the said Company, at one of their usual places of business, or, if he cannot be found, in such manner as the Supreme Court in which such Company is registered shall order and direct, shall be good service on such Company.

XXIV. In any indictment or information for any theft or embezzlement of the monies or goods of any such Registered Company, or for any other offence committed against them or their property, or with intent to defraud or injure them, and in any proceeding in which it may be necessary to name them, they may be described by the registered name of the Company.

XXV. In any suit brought or proceeded with in the name of any such Registered Company, the plaintiffs shall be liable to be nonsuited unless it is proved on their part that the suit is brought or proceeded with by direction of one or more of the partners appointed at a general meeting to be Directors of the Company, or by the direction of some person or persons having authority from the Directors to bring suits on behalf of the Company; and such proof may be given either by filing a warrant to sue signed by such Director or person, and supported by affidavit, or in such other manner as shall be consistent with the practice of the Court.

XXVI. No such suit, indictment, information, or other proceeding shall abate or be prejudiced by any change of the persons constituting the partnership, or of the Directors, or of the person having such authority.

XXVII. No suit by or against the Company shall be in any wise affected by the defendant or plaintiff therein being or having been a Shareholder of the Company: but any such Shareholder, either alone or jointly with any other person or persons as against the Company, or the Company as against any such Shareholder, either alone or jointly with any other person or persons, shall have the same right of action, remedy, and execution, in respect of any claim whatever, as the Shareholder or Company would have had, if the Shareholder had been a stranger.

XXVIII. All unpaid capital, or money due on account of the Capital Stock of the Company, shall be deemed a debt due to the Company, and shall be recoverable as such by the description of money due by the defendant, on account of a share in the business of the Company.

XXIX. A Registered Company, which shall commit any act which is hereby deemed an act of forfeiture, shall be liable to the jurisdiction of the Court for Relief of Insolvent Debtors, and a petition to the said Court in the case of such Company shall be prosecuted in the same manner as petitions in the case of Insolvent Debtors: and in case of an adjudication of forfeiture the law and practice of the said Court, with such alterations of the practice as, from time to time, shall seem to the Court necessary, shall be extended to the case of such Company, as in the case of an adjudication of insolvency in the case of an Insolvent Debtor.

XXX. An adjudication of forfeiture against any such Company shall not be deemed an act of insolvency of the individual members of such Company.

XXXI. An adjudication of forfeiture against such Company shall convey to the Assignee or Assignees appointed the whole of the real and personal property of the said Company, and all debts, causes of suit, and possibilities of interest, with the like power to sue either at Law or in Equity, as fully and effectually as an adjudication of insolvency against any individual could convey the same by any of the laws now in force or hereafter to be in force affecting insolvents.

XXXII. Whenever an adjudication of forfeiture shall have issued against any such Company, the Assignee or Assignees from time to time may compromise any debts or claims belonging to the said Company, and may grant discharges to the parties to such compromises.

XXXIII. Whenever the Directors of any Registered Company shall be unable to meet the engagements of the Company, they shall at a special meeting of the Directors convened for that purpose, and by such a number and majority of them as would be sufficient for any ordinary business of the Company, declare such inability by a resolution, which being signed by the Directors by whose votes it has been carried, shall be forthwith published in the *Government Gazette* of the Presidency; and for two calendar months after the publication of such resolution, but not later, such resolution shall be deemed an act of forfeiture of their privileges for the sole purpose, nevertheless, of supporting a petition to the Court for Relief of Insolvent Debtors in case a petition shall be filed within two months after the date of the publication thereof as aforesaid, but not afterwards.

XXXIV. Any Registered Company which shall not, within two months after judgment and the issue of a writ of execution thereof, satisfy such judgment, shall be deemed to have committed an act of forfeiture, and thereupon the execution creditor, or any creditor to whom such Company shall be indebted to the amount of Company's Rupees Five Hundred, or any two creditors to whom such Company shall be indebted to the amount of Company's Rupees Seven Hundred, or any three or more creditors to whom such Company shall be indebted to the amount of Company's Rupees One Thousand, may present a petition to the Court for the Relief of Insolvent Debtors at the Presidency within which such Company is registered, stating the amount due to such creditor or creditors, and the registry and act of forfeiture of such Company, and praying such Court would proceed as if such Company or the Shareholders thereof had petitioned such Court for relief under the laws in force for Relief of Insolvent Debtors; whereupon the Court shall enquire into the truth of such petition, and if such Court shall be satisfied thereof, such Court shall adjudge the same to be true, and that such Company has committed an act of forfeiture, and proceed thereon pursuant to the provisions of the Act for the Relief of Insolvent Debtors in India, and of this Act.

XXXV. Upon the filing of any petition to the Court for Relief of Insolvent Debtors in the case of any Registered Company, whether by a Shareholder or by a Creditor, the Court shall make the like vesting order for the purpose of vesting all the real and personal estate of the Company in the Official Assignee, and such other orders ancillary thereto as the Court might make in case of an individual insolvent debtor, and all the powers and authorities of the said Court, and all the laws relating to insolvent debtors shall, so far as the circumstances of the case admit, be extended to all such Registered Companies.

XXXVI. Whenever there shall be an adjudication of forfeiture against any Registered Company, the Directors of such Company at the time of filing the petition shall be subject to the orders of the said Court for the Relief of Insolvent Debtors, and it shall be their duty individually or collectively to prepare such balance sheet and other accounts as the Court may deem necessary, and to assist the Official Assignee in the examination of and closing all the affairs of the Company; and every Director and person who shall at any time have been a Director of the Company shall be liable to be examined upon oath, and to make full and true discovery of the estate and effects, past and present, and business, affairs, and interests of the Company, either orally or upon written interrogatories, as the Court may order.

XXXVII. Upon the adjudication of forfeiture against any Registered Company, the claims of any creditor of the Company against the Shareholders shall not be enforced otherwise than under this Act, except in respect of any special contract, or any debt or liability contracted by any Shareholder in his individual capacity, otherwise than by taking a share in the business of the Company.

XXXVIII. As soon after an adjudication of forfeiture against any Company as the Official Assignee can make an approximate estimate of the amount of the debts and other claims against the Company, or of any certain portion thereof, the said Court, on the application of the Official Assignee, shall order such sum to be raised by contribution of the Shareholders as may appear to the said Court necessary for the satisfaction of such debts and claims; and may from time to time order such further sum to be raised in like manner as may appear necessary: and upon obtaining such order the Official Assignee shall assess the said sum ratably amongst the Shareholders according to the number of shares held by them respectively, and immediately proceed to collect the same; and monthly or oftener shall report defaulters to the said Court, together with the amounts at which they were assessed respectively, and thereupon the said Court, if satisfied that the said assessment is just, shall order the payment of such assessment within such time and upon such notice or demand by advertisements or otherwise, as the Court may see fit; and nonpayment thereof within the time ordered by the Court shall be an act of insolvency of the defaulting Shareholders; and the said Assignee, or any person being a creditor of the said Company to the amount of Company's Rupees Five Hundred, or any two creditors to whom such Company shall be indebted to the amount of Company's Rupees Seven Hundred, or any three or more creditors to whom such Company shall be indebted to the amount of Company's Rupees One Thousand, may present a petition to the Court for the Relief of Insolvent Debtors of the Presidency within which the said Company is registered, stating such act of insolvency, and praying that such defaulting Shareholder may be adjudged to have committed an act of insolvency; and upon such petition being duly verified, the Court shall be empowered to adjudge that such defaulting Shareholder has committed an act of insolvency, and the Court for Relief of Insolvent Debtors in the Presidency in which the defaulter is resident may proceed thereon according to the provisions of the Act for the Relief of Insolvent Debtors in India.

XXXIX. The Shareholders of untransferred shares whose names are in the last general memorial, including those (if any) who have been subsequently returned as Shareholders of the Company, shall be liable and be called upon in the first instance to satisfy the debts of the Company; but in case it shall appear to the said Court that full satisfaction cannot, within such time as may appear reasonable to the Court, be otherwise obtained, such other persons as at any time within three years next before the adjudication of forfeiture shall have been returned in any memorial as Shareholders of the Company shall be liable to contribute to such amount collectively as the Court may order; and, upon every order for contribution from former Shareholders, the Official Assignee shall proceed as hereinbefore prescribed in the case of present Shareholders.

XL. In fixing the sum to be raised from time to time by assessment of the Shareholders it shall be in the discretion of the Court to make such allowance for unrealized assets of the said Company, as the Court may deem just.

XLI. No such assessment shall be deemed erroneous or set aside merely by reason of its being in excess of other assessments ratably considered, if the same be needed for satisfaction of any creditor of the said Company, and any such assessment may be reduced, when expedient, by order of the Court.

XLII. If on realizing the assets of the Company a balance shall remain, after payment of the debts and other claims against the Company, the said Court may order the repayment out of such balance, first, of such sums or ratable parts thereof as have been paid by any Shareholders not liable in the first instance to satisfy the debts of the Company; and secondly, of such sums or ratable parts thereof as have been paid by any other Shareholders in excess of their ratable liability, according to the number of their shares, regard being had to the number of other assessed Shareholders; and lastly, if such a balance shall not thereby be exhausted, the said Court may order the distribution of the remainder thereof among the Shareholders by the Official Assignee upon a scheme or plan to be submitted to and approved by the said Court, or may order the same to be paid to the Accountant General of the said Court to the credit of the said Company, to abide such proceedings as any parties interested therein may take at Law or in Equity: and any order of the said Court for the disbursement of money shall be a sufficient authority to the said Official Assignee to protect him against all claims in respect of such disbursement by any Shareholder or Creditor.

XLIII. If any Registered Company which carried on its business before registration shall incur an adjudication of forfeiture before it has been registered for three years, such persons as are not registered Shareholders but were Copartners or Shareholders thereof at any time before

the registration of the Company, but within three years before the filing of the petition for relief, shall be liable to contribute to the debts of the Company in like manner as if they were on the first memorial of the Shareholders of the Company.

XLIV. Whenever it shall appear to the Court for Relief of Insolvent Debtors that the aid of a Court of Equity will be necessary for closing the affairs of any Registered Company, against which an adjudication of forfeiture has been made, the said Court may order the Official or other Assignees to take proceedings in the Supreme Court in Equity, by bill, or by petition for the like relief as might be had by bill, and the said Supreme Court shall have power on such petition to make such original and subsequent orders as upon a bill filed, and such orders shall have the same effect and be executed in the same manner as decretal orders.

XLV. The said Supreme Court may likewise on petition of any Shareholder having any claim against any other Shareholder, in respect of the affairs of the Company, make such order as it may deem just for settling such claim between such Shareholders.

XLVI. Whenever any Shareholder in a Registered Company, which shall have been adjudged to have incurred forfeiture, shall be adjudged an insolvent, either on his own petition, or under the provisions aforesaid, or otherwise, the Assignee or Assignees of such Registered Company, shall be entitled, from time to time, to rank as a creditor on the estate of such insolvent, for such ratable contributions, as the Court for the Relief of Insolvent Debtors shall, from time to time, appoint to be paid by such insolvent Shareholder.

XLVII. After the affairs of any such Registered Company against which there has been an adjudication of forfeiture are closed under this Act, the Company shall forfeit all its privileges under this Act, and the partnership shall be dissolved.

Fort William, Home Department, Legislative, the 27th December 1850.

The following Draft of a proposed Act was read in Council for the first time on the 27th December 1850.

ACT No. —— OF 1850.

For relief of certain sufferers by the Insolvency of Sir Thomas Turton, Baronet.

Whereas, under an Act of Parliament passed in the fortieth year of the Reign of King George the Third, entitled "an Act for establishing further Regulations for the Government of the British Territories in India, and the better Administration of Justice within the same," Sir Thomas Edward Mitchell Turton, Baronet, as Registrar of the Ecclesiastical Court at Fort William in Bengal, was empowered to administer to the Estates of all British Subjects dying intestate within the said Presidency of Fort William in default of any claim made and established on behalf of any next of kin or Creditor to the deceased; And whereas the said Sir Thomas, on or about the 25th day of February 1848, resigned the Office of Registrar of the said Ecclesiastical Court, then being insolvent, and unable to pay several large sums of money due to the owners of sundry Estates to which he had administered or had assumed to administer under the power vested in him by the said Act, and also other sums of money due to the owners of sundry Estates of which he had taken charge as such Registrar, although on account of the small value thereof or otherwise, no Letters of Administration of the last mentioned Estates were granted to him, and also other sums of money belonging either to suitors of the Supreme Court of Judicature at Fort William in Bengal, or other persons for whose benefit a trust was created in the said Sir Thomas, by reason of his holding the office of Registrar of the said Court, on its Ecclesiastical Equity and Admiralty sides, or as Curator under Act XIX. 1841, or as Official Trustee under Act XVII. 1843;

And whereas, in order to know the deficiency of the said Sir Thomas in respect of the said several particulars of charge, certain Commissioners were appointed by an order under the seal of the Supreme Court of Judicature at Fort William, bearing date the 8th March 1848, to enquire and report thereon to the Court;

And whereas the said Commissioners made their report to the said Court, bearing date the 25th January 1849, and now filed of record in the said Court, whereby they reported fully on the several matters committed to them as aforesaid, setting forth in the body of the said Report, and also in certain Schedules thereunto annexed marked (A,) (B,) (C,) (D,) (E,) and (F) respectively the names and titles of the several Estates, suitors and other persons to whom, upon the account taken by them, money or securities for money appeared to be due by the said Sir Thomas;

And whereas, it is deemed expedient that the said sufferers by the insolvency of the said Sir Thomas Edward Mitchell Turton, be reimbursed their several losses out of the accumulated produce of certain unclaimed Estates, now in the custody and management of the Administrator General, due provision being made for securing the interests of the rightful claimants thereunto, if any shall hereafter appear; It is enacted as follows:

I. The net proceeds of all Estates to which the Registrar of the said Ecclesiastical Court has admi-

nistered in right or under colour of his office under the said Act of Parliament, and which were in the custody or control of the said Registrar ready to be distributed at any time before the first day of January 1836, and have been since that time unclaimed and now continue unclaimed in the custody or control of the Administrator General in Bengal in right of his office under Act VII. 1849, and also from time to time the net proceeds of all Estates to which the said Registrar or the said Administrator General under the said Act VII. 1849, has administered, or to which the said Administrator General shall hereafter administer, and which shall have continued for fifteen years in his custody or control unclaimed by any person entitled thereunto, shall be transferred and paid, as the same respectively accrue, to the Sub-Treasurer of the East India Company at Fort William in Bengal, and be carried to the account and credit of the East India Company for the general purposes of Government.

II. If any claim shall be hereafter made to any part of the net proceeds of any Estate so transferred and paid to the account and credit of the East India Company, and established to the satisfaction of the Administrator General and Accountant to the Government of Bengal for the time being, the said Accountant shall direct the Sub-Treasurer to repay, and the Sub-Treasurer shall thereupon repay the principal sum so paid or represented by the Securities so transferred, or so much thereof as shall appear to be due to the claimant out of the monies of the East India Company in his custody.

III. The Accountant to the Government of Bengal is authorized and required from time to time to direct the Sub-Treasurer to pay, and the Sub-Treasurer shall thereupon pay, out of the monies of the East India Company in his custody, such sums as will be sufficient to pay off and discharge to such persons as shall appear to be entitled thereunto, as the lawful representatives of the Intestates named in the Schedules (A,) (B,) (C,) (D,) annexed to the said report, and also to the suitors and other persons entitled to the Equity Deposits and Trust monies in the suits and under the trusts named in the Schedules (E) and (F) annexed to the said report, and other deposits and trust monies (if any) paid or entrusted to the said Sir Thomas by order of the said Court, and to the net proceeds of the estate of Ramnarain Coondoo, of which the said Sir Thomas was Curator under Act XIX. 1841, the several principal sums of money which, upon the final adjustment of the accounts of their several claims and estates, shall appear to have been due to them respectively from the said Sir Thomas on the 25th day of February 1848, and to be then still due and unsatisfied; and also the balance due by the said Sir Thomas to Government in respect of Court fees received by him as Registrar of the said Court, but not accounted for by him to Government.

Ordered, that the Draft now read be published for general information.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 27th of December 1850, with the assent of the Most Noble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. XLIII. OF 1850.

An Act for the Regulation of Registered Joint Stock Companies.

For the Regulation of Joint Stock Companies registered under this Act, it is enacted as follows :

I. Every unincorporated Company of partners, associated under a deed containing a provision that the shares in the stock or business of the said Company are transferable without the consent of all the partners, and also every Company established for some literary, scientific or charitable purpose, which does not carry on any business for the pecuniary benefit of any of the Proprietors or Shareholders, shall be entitled to registration under this Act.

II. The Supreme Courts of Judicature at Calcutta, Madras, or Bombay may, on such petition as is hereinafter mentioned of any persons desiring to register the Company to which they belong, order the registration of such Company; and thereupon such Company shall be duly registered in the said Court, and deemed a registered Company within the meaning of this Act.

III. Every petition for the registration of any Company under this Act shall be filed in the Court to which it is presented, with the deed, or a copy of the deed of partnership of the Company, and a list of the Directors and Shareholders of the Company, severally verified by affidavit of the Secretary, or Manager, or principal or other servant of the Company, intended to be a Registered Officer of the Company within the Presidency in which the petitioners shall apply for registration; and such petition shall set forth the following particulars, that is to say :

First.—The names and additions of all those who are at that time partners of the Company, and their usual places of residence; and, when any Company, which has carried on its business before registration, shall be admitted to the privileges of this Act, a separate memorial of the names and additions and last known place of abode of all persons who, within three years next before the presentation of the petition, were partners thereof.

Second.—The style under which the Company is to carry on its business.

Third.—The names of the principal places, within the Presidency in which they seek to be registered, where the business is to be carried on.

Fourth.—The amount of capital stock and of any proposed addition thereto, and if consisting of money how much is paid up, and if other than money, the nature of such capital stock, and in all cases how invested, and if separate provision is made for working capital, the amount thereof, and how much of it is paid up.

Fifth.—The number of shares into which the capital stock has been, or is to be divided.

IV. Before the registration of any Company, which has carried on its business before registration under a deed of partnership, not containing any provision for registration of the Company under this Act, the Directors shall call a special meeting of the Shareholders for the purpose of resolving that the Company shall be registered under this Act, to be held at a place and time to be mentioned in the notice of meeting; and such notice, beside being given to the partners in the manner provided in the deed of partnership for notice of special meetings, shall be published in the *Government Gazette*, and in at least one other newspaper circulating within the Presidency; and the time of holding such meeting shall be not sooner than three months and not later than four months after the first of such publications.

V. One-half in number of the Shareholders assembled, either personally or by their lawfully constituted attornies, at such meeting, owning at least one-half of the whole number of shares owned

by all the Shareholders so present, may resolve that the Company shall be registered under this Act, and such resolution so carried shall be binding on the whole Company.

VI. The petition for registration in such case shall contain, beside the other particulars herein mentioned, statements of the notice and publication thereof, of the holding of the meeting, and of the several numbers of Shareholders and shares held by them collectively, who were present at the meeting, and who voted in favor of the resolution respectively, and shall state that the petition is presented upon such resolution.

VII. No Company shall be disqualified for registration by reason of any outstanding loan to any Director, or by reason of any Director being a surety, or under any other pecuniary engagement to the Company: but any Director having such loan or being such surety or under such engagement shall, by the fact of the registration of the Company, cease to be a Director, unless the loan or other engagement be such as is authorised by this Act.

VIII. Every registered Company shall be subject to the following regulations, notwithstanding any provisions in their deed of partnership varying therefrom; and the Supreme Court, in which the Company shall be registered, shall have authority, on the petition of any Shareholder, to enforce the same, and from time to time, to make any order or orders in respect of any breach or neglect thereof as to such Court shall seem meet.

First.—Every registered Company shall hold one or more ordinary general meetings of the Company in every year, at such times and places as are appointed by the deed of partnership, or in default thereof, as the Supreme Court, in which such Company is registered, shall in the order for registration appoint, subject to variation by any subsequent order or orders of such Court.

Second.—Every registered Company shall, from time to time, hold an extraordinary general meeting, whenever seven Shareholders, or any greater number may require it, by notice in writing under their hands, to be delivered to a Registered Officer of the Company, or, if he cannot be found, to any other servant of the Company, at one of their usual places of business.

Third.—No registered Company shall purchase its own shares or make any loan of money or securities for money to any person or persons, on the security of a share or shares in the partnership or business; and every such purchase or loan shall be a breach of trust within the meaning of all laws now in force, or hereafter to be in force relating to breaches of trust by agents or trustees misappropriating money or property.

Fourth.—No registered Company shall make any loan of money or securities for money to any Director or Registered Officer of such Company, or to any member of a Local Committee at any Branch or Agency, except only in the case of Banking Companies, to such limited amount, and on such securities as shall be sanctioned by the deed, or, from time to time, by a general meeting of the Shareholders of such Banking Company; and every such transaction, except as aforesaid, shall be a like breach of trust: And the particulars of every loan made to any Director or Registered Officer of such Company shall be reported to the next general meeting of Shareholders, with a statement and specification of the several securities on which such loans were advanced.

Fifth.—No Director or Member of a Local Committee at any Branch or Agency, or Registered Officer shall become a security or guarantee for any person in any loan or other transaction with the Company, nor shall he, in any way, incur liability to the Company uncovered by such security as is sanctioned by the deed of partnership.

Sixth.—The accounts of every registered Company shall be audited half yearly or oftener, by two or more Auditors, chosen at a general meeting of the Shareholders, none of the Auditors being a Director or Registered Officer at the time.

Seventh.—A copy of the Auditor's report (if any) and balance sheet and a separate profit and loss account, and a capital account shewing the amount of the capital, and how invested, and the estimated value thereof, verified by affidavit of the same being made to the best of their knowledge and belief, as often as the accounts are audited, shall be filed in the Court, in which the Company is registered, and a written or printed copy of the said report, balance sheet, and accounts, shall be delivered to every Shareholder who shall demand it, or sent by the General Post Office to the place where he may, from time to time, require delivery thereof.

IX. The Court in which the Company is registered may, on the petition of any Shareholder, enforce the performance by the Directors of any of their duties under this Act, or of the deed of partnership, which it may appear just to enforce in a summary manner, after due notice given to such Directors; and disobedience to any order of the Court in this behalf shall be deemed a contempt of Court, and shall be punishable accordingly.

X. Within one week before or after the first day of January and first day of July, in every year after the registry of the said Company, a memorial shall be filed in the Court in which such Company is registered, setting forth in alphabetical order, the names of all the partners, with their several additions, places of abode, and the number of shares belonging to each, and the names of the Directors of the Company, and also the names of the servants of the Company to be deemed the Registered Officers, within the Presidency in which such Court is situated; and, as often as a change in the Direction or of any Registered Officer shall take place by death, resignation, disqualification, or otherwise, a memorial of such change shall be forthwith filed in the Supreme Court.

XI. When any share is held by two or more persons the name, addition, and place of abode of every such person shall be separately entered in every such memorial, and each of such persons shall be considered as jointly and separately liable for the engagements of the Company on account of such share; unless when such share belongs to any other Registered Company, in which case the name of such Company shall be entered in the memorial instead of the names of the partners thereof.

XII. The several memorials shall be signed by two or more of the Directors of the Company, and verified by affidavit of one of them before the Master of the Supreme Court or a Commissioner by the said Court appointed.

XIII. An office copy of any such registered deed, or copy thereof filed as aforesaid, or memorial or of any part thereof, issued under the seal of the Court, shall be received in evidence before

all Courts, as proof of the contents thereof, and no proof shall be required that the persons by whom any such memorial purports to be verified were Directors of the Company.

XIV. The Keeper of the Records of the Supreme Court shall allow all persons, at reasonable times, to inspect any such deed, copy, or memorial, and shall furnish office copies of any such deed, copy, or memorial, or any part thereof, under the seal of the Court, to all persons applying for the same.

XV. Such fees shall be paid for registering every such deed and memorial, and for allowing inspection and furnishing copies thereof, or of any part thereof, as the Judges of the Supreme Court, with the approval of the Governor or Governor in Council, from time to time, shall establish.

XVI. Subject to the provisions of the deed of partnership, every Shareholder in any such Registered Company may sell and transfer all or any of his shares therein by a deed according to the form in the Schedule annexed to this Act, or to the like effect, and the same, when duly executed, shall be delivered to a Registered Officer, who shall make an entry thereof in a book to be called the Register of Transfers, and shall endorse such entry on the deed of transfer, and deliver an acknowledgment of the receipt thereof to the purchaser, for which entry and endorsement the Company shall be entitled to have a fee not exceeding One Rupee; and until such transfer is so entered and endorsed the purchaser of the share shall not be entitled to receive any share of the profits of the business, or to vote in respect of such share.

XVII. No Shareholder shall be entitled to transfer any share until he has paid all calls at that time due on every share held by him.

XVIII. On the transfer of any share in a Registered Company being executed and notified in the manner required by the Deed of the Company and this Act, the party making or the party accepting such transfer may require a memorial thereof to be made forthwith, and filed with the memorial of the names of Shareholders of the Company; and in case such memorial shall not be made and filed within one month after such requisition, the Supreme Court shall on the petition of either of the said parties, and on notice being given to the Directors of the Company, order such memorial to be made and filed, in case the Court shall be satisfied of the validity of such transfer; and every such memorial of transfer shall be taken thenceforth as part of the last general memorial.

XIX. No transfer shall be deemed complete, nor shall any Shareholder be discharged from any liability by the transfer of any share, until the memorial of such transfer shall have been filed as aforesaid, or until the purchaser has been substituted as a partner instead of the seller in one of the general half yearly memorials, in respect of the share or shares so transferred; and no person shall be liable as a Shareholder by reason merely of having accepted such transfer, until such memorial of the transfer shall be filed, or until he is entered as a partner in one of the general half yearly memorials.

XX. The Supreme Court in which any Company is registered may, on petition and on notice being given to the Directors, and to every other person to whom it shall appear to the Court that notice ought to be given, order any memorial filed under this Act to be corrected, in case of any material error of omission or otherwise, either in the lists of Shareholders or any other respect whatever.

XXI. The Directors may close the Register of Transfers for a time not exceeding fourteen days before the payment of any dividend, and may fix a day for closing the same, of which seven days' notice shall be given in the *Government Gazette*.

XXII. The Company shall not be bound to see to the execution of any trust, whether express, implied, or constructive, to which any share is subject; and the receipt of the person in whose name any share stands in the books of the Company, or in the case of a minor, idiot, or lunatic, the receipt of the guardian or committee, or where the share stands in more than one name, the receipt of the person, whose name stands first, shall be a sufficient discharge to the Company for any dividend or other sum of money payable on account of such share, whether or not the Company had notice of any such trust; and the Company shall not be bound to see to the application of any money paid on such receipt.

XXIII. Every such Registered Company shall sue and be sued by the registered name of the Company, as if it were an incorporated Company, and in no other manner; and service of any writ, order, or other process or notice on a Registered Officer of the said Company, at one of their usual places of business, or, if he cannot be found, in such manner as the Supreme Court in which such Company is registered shall order and direct, shall be good service on such Company.

XXIV. In any indictment or information for any theft or embezzlement of the monies or goods of any such Registered Company, or for any other offence committed against them or their property, or with intent to defraud or injure them, and in any proceeding in which it may be necessary to name them, they may be described by the registered name of the Company.

XXV. In any suit brought or proceeded with in the name of any such Registered Company, the plaintiffs shall be liable to be nonsuited unless it is proved on their part that the suit is brought or proceeded with by direction of one or more of the partners appointed at a general meeting to be Directors of the Company, or by the direction of some person or persons having authority from the Directors to bring suits on behalf of the Company; and such proof may be given either by filing a warrant to sue signed by such Director or person, and supported by affidavit, or in such other manner as shall be consistent with the practice of the Court.

XXVI. No such suit, indictment, information, or other proceeding shall abate or be prejudiced by any change of the persons constituting the partnership, or of the Directors, or of the person having such authority.

XXVII. No suit by or against the Company shall be in any wise affected by the defendant or plaintiff therein being or having been a Shareholder of the Company: but any such Shareholder, either alone or jointly with any other person or persons as against the Company, or the Company as against any such Shareholder, either alone or jointly with any other person or persons, shall have the same right of action, remedy, and execution, in respect of any claim whatever, as the

Shareholder or Company would have had, if the Shareholder had been a stranger.

XXVIII. All unpaid capital, or money due on account of the Capital Stock of the Company, shall be deemed a debt due to the Company, and shall be recoverable as such by the description of money due by the defendant, on account of a share in the business of the Company.

XXIX. A Registered Company, which shall commit any act which is hereby deemed an act of forfeiture, shall be liable to the jurisdiction of the Court for Relief of Insolvent Debtors, and a petition to the said Court in the case of such Company shall be prosecuted in the same manner as petitions in the case of Insolvent Debtors: and in case of an adjudication of forfeiture the law and practice of the said Court, with such alterations of the practice as, from time to time, shall seem to the Court necessary, shall be extended to the case of such Company, as in the case of an adjudication of insolvency in the case of an Insolvent Debtor.

XXX. An adjudication of forfeiture against any such Company shall not be deemed an act of insolvency of the individual members of such Company.

XXXI. An adjudication of forfeiture against such Company shall convey to the Assignee or Assignees appointed the whole of the real and personal property of the said Company, and all debts, causes of suit, and possibilities of interest, with the like power to sue either at Law or in Equity, as fully and effectually as an adjudication of insolvency against any individual could convey the same by any of the laws now in force or hereafter to be in force affecting insolvents.

XXXII. Whenever an adjudication of forfeiture shall have issued against any such Company, the Assignee or Assignees from time to time may compromise any debts or claims belonging to the said Company, and may grant discharges to the parties to such compromises.

XXXIII. Whenever the Directors of any Registered Company shall be unable to meet the engagements of the Company, they shall at a special meeting of the Directors convened for that purpose, and by such a number and majority of them as would be sufficient for any ordinary business of the Company, declare such inability by a resolution, which being signed by the Directors by whose votes it has been carried, shall be forthwith published in the *Government Gazette* of the Presidency; and for two calendar months after the publication of such resolution, but not later, such resolution shall be deemed an act of forfeiture of their privileges for the sole purpose, nevertheless, of supporting a petition to the Court for Relief of Insolvent Debtors in case a petition shall be filed within two months after the date of the publication thereof as aforesaid, but not afterwards.

XXXIV. Any Registered Company which shall not, within two months after judgment and the issue of a writ of execution thereof, satisfy such judgment, shall be deemed to have committed an act of forfeiture, and thereupon the execution creditor, or any creditor to whom such Company shall be indebted to the amount of Company's Rupees Five Hundred, or any two creditors to whom such Company shall be indebted to the amount of Company's Rupees Seven Hundred, or any three or more creditors to whom such Company shall be indebted to the amount of Company's Rupees One Thousand, may present a petition to the Court for the Relief of Insolvent Debtors at the Presidency within which such Company is registered, stating the amount due to such creditor or creditors, and the registry and act of forfeiture of such Company, and praying such Court would proceed as if such Company or the Shareholders thereof had petitioned such Court for relief under the laws in force for Relief of Insolvent Debtors; whereupon the Court shall enquire into the truth of such petition, and if such Court shall be satisfied thereof, such Court shall adjudge the same to be true, and that such Company has committed an act of forfeiture, and proceed thereon pursuant to the provisions of the Act for the Relief of Insolvent Debtors in India, and of this Act.

XXXV. Upon the filing of any petition to the Court for Relief of Insolvent Debtors in the case of any Registered Company, whether by a Shareholder or by a Creditor, the Court shall make the like vesting order for the purpose of vesting all the real and personal estate of the Company in the Official Assignee, and such other orders ancillary thereto as the Court might make in case of an individual insolvent debtor, and all the powers and authorities of the said Court, and all the laws relating to insolvent debtors shall, so far as the circumstances of the case admit, be extended to all such Registered Companies.

XXXVI. Whenever there shall be an adjudication of forfeiture against any Registered Company, the Directors of such Company at the time of filing the petition shall be subject to the orders of the said Court for the Relief of Insolvent Debtors, and it shall be their duty individually or collectively to prepare such balance sheet and other accounts as the Court may deem necessary, and to assist the Official Assignee in the examination of and closing all the affairs of the Company; and every Director and person who shall at any time have been a Director of the Company shall be liable to be examined upon oath, and to make full and true discovery of the estate and effects, past and present, and business, affairs, and interests of the Company, either orally or upon written interrogatories, as the Court may order.

XXXVII. Upon the adjudication of forfeiture against any Registered Company, the claims of any creditor of the Company against the Shareholders shall not be enforced otherwise than under this Act, except in respect of any special contract, or any debt or liability contracted by any Shareholder in his individual capacity, otherwise than by taking a share in the business of the Company.

XXXVIII. As soon after an adjudication of forfeiture against any Company as the Official Assignee can make an approximate estimate of the amount of the debts and other claims against the Company, or of any certain portion thereof, the said Court, on the application of the Official Assignee, shall order such sum to be raised by contribution of the Shareholders as may appear to the said Court necessary for the satisfaction of such debts and claims; and may from time to time order such further sum to be raised in like manner as may appear necessary: and upon obtaining such order the Official Assignee shall assess the said sum ratably amongst the Shareholders according to the number of shares held by them respectively, and immediately proceed to collect the same; and monthly or oftener shall report defaulters to the said Court, together with

the amounts at which they were assessed respectively, and thereupon the said Court, if satisfied that the said assessment is just, shall order the payment of such assessment within such time and upon such notice or demand by advertisements or otherwise, as the Court may see fit; and non-payment thereof within the time ordered by the Court shall be an act of insolvency of the defaulting Shareholders; and the said Assignee, or any person being a creditor of the said Company to the amount of Company's Rupees Five Hundred, or any two creditors to whom such Company shall be indebted to the amount of Company's Rupees Seven Hundred, or any three or more creditors to whom such Company shall be indebted to the amount of Company's Rupees One Thousand, may present a petition to the Court for the Relief of Insolvent Debtors of the Presidency within which the said Company is registered, stating such act of insolvency, and praying that such defaulting Shareholder may be adjudged to have committed an act of insolvency, and upon such petition being duly verified, the Court shall be empowered to adjudge that such defaulting Shareholder has committed an act of insolvency, and the Court for Relief of Insolvent Debtors in the Presidency in which the defaulter is resident may proceed thereon according to the provisions of the Act for the Relief of Insolvent Debtors in India.

XXXIX. The Shareholders of untransferred shares whose names are in the last general memorial, including those (if any) who have been subsequently returned as Shareholders of the Company, shall be liable and be called upon in the first instance to satisfy the debts of the Company; but in case it shall appear to the said Court that full satisfaction cannot, within such time as may appear reasonable to the Court, be otherwise obtained, such other persons as at any time within three years next before the adjudication of forfeiture shall have been returned in any memorial as Shareholders of the Company shall be liable to contribute to such amount collectively as the Court may order; and, upon every order for contribution from former Shareholders, the Official Assignee shall proceed as hereinbefore prescribed in the case of present Shareholders.

XL. In fixing the sum to be raised from time to time by assessment of the Shareholders it shall be in the discretion of the Court to make such allowance for unrealized assets of the said Company, as the Court may deem just.

XLI. No such assessment shall be deemed erroneous or set aside merely by reason of its being in excess of other assessments ratably considered, if the same be needed for satisfaction of any creditor of the said Company, and any such assessment may be reduced, when expedient, by order of the Court.

XLII. If on realizing the assets of the Company a balance shall remain, after payment of the debts and other claims against the Company, the said Court may order the repayment out of such balance, first, of such sums or ratable parts thereof as have been paid by any Shareholders not liable in the first instance to satisfy the debts of the Company; and secondly, of such sums or ratable parts thereof as have been paid by any other Shareholders in excess of their ratable liability, according to the number of their shares, regard being had to the number of other assessed Shareholders; and lastly, if such a balance shall not thereby be exhausted, the said Court may order the distribution of the remainder thereof among the Shareholders by the Official Assignee upon a scheme or plan to be submitted by and approved by the said Court, or may order the same to be paid to the Accountant General of the said Court to the credit of the said Company, to abide such proceedings as any parties interested therein may take at Law or in Equity: and any order of the said Court for the disbursement of money shall be a sufficient authority to the said Official Assignee to protect him against all claims in respect of such disbursement by any Shareholder or Creditor.

XLIII. If any Registered Company which carried on its business before registration shall incur an adjudication of forfeiture before it has been registered for three years, such persons as are not registered Shareholders but were Copartners or Shareholders thereof at any time before the registration of the Company, but within three years before the filing of the petition for relief, shall be liable to contribute to the debts of the Company in like manner as if they were on the first memorial of the Shareholders of the Company.

XLIV. Whenever it shall appear to the Court for Relief of Insolvent Debtors that the aid of a Court of Equity will be necessary for closing the affairs of any Registered Company, against which an adjudication of forfeiture has been made, the said Court may order the Official or other Assignees to take proceedings in the Supreme Court in Equity, by bill, or by petition for the like relief as might be had by bill, and the said Supreme Court shall have power on such petition to make such original and subsequent orders as upon a bill filed, and such orders shall have the same effect and be executed in the same manner as decretal orders.

XLV. The said Supreme Court may likewise on petition of any Shareholder having any claim against any other Shareholder, in respect of the affairs of the Company, make such order as it may deem just for settling such claim between such Shareholders.

XLVI. Whenever any Shareholder in a Registered Company, which shall have been adjudged to have incurred forfeiture, shall be adjudged an insolvent, either on his own petition, or under the provisions aforesaid, or otherwise, the Assignee or Assignees of such Registered Company, shall be entitled, from time to time, to rank as a creditor on the estate of such insolvent, for such ratable contributions, as the Court for the Relief of Insolvent Debtors shall, from time to time, appoint to be paid by such insolvent Shareholder.

XLVII. After the affairs of any such Registered Company against which there has been an adjudication of forfeiture are closed under this Act, the Company shall forfeit all its privileges under this Act, and the partnership shall be dissolved.

Fort William, Home Department, Legislative, the 27th December 1850.

The following Draft of a proposed Act was read in Council for the first time on the 27th December 1850.

Act No. —— of 1850.

For relief of certain sufferers by the Insolvency of Sir Thomas Turton, Baronet.

Whereas, under an Act of Parliament passed in the fortieth year of the Reign of King George the Third, entitled "an Act for establishing further Regulations for the Government of the British Territories in India, and the better Administration of Justice within the same," Sir Thomas Edward Mitchell Turton, Baronet, as Registrar of the Ecclesiastical Court at Fort William in Bengal, was empowered to administer to the Estates of all British Subjects dying intestate within the said Presidency of Fort William in default of any claim made and established on behalf of any next of kin or Creditor to the deceased; And whereas the said Sir Thomas, on or about the 25th day of February 1848, resigned the Office of Registrar of the said Ecclesiastical Court, then being insolvent, and unable to pay several large sums of money due to the owners of sundry Estates to which he had administered or had assumed to administer under the power vested in him by the said Act, and also other sums of money due to the owners of sundry Estates of which he had taken charge as such Registrar, although on account of the small value thereof or otherwise, no Letters of Administration of the last mentioned Estates were granted to him, and also other sums of money belonging either to suitors of the Supreme Court of Judicature at Fort William in Bengal, or other persons for whose benefit a trust was created in the said Sir Thomas, by reason of his holding the office of Registrar of the said Court, on its Ecclesiastical Equity and Admiralty sides, or as Curator under Act XIX. 1841, or as Official Trustee under Act XVII. 1843;

And whereas, in order to know the deficiency of the said Sir Thomas in respect of the said several particulars of charge, certain Commissioners were appointed by an order under the seal of the Supreme Court of Judicature at Fort William, bearing date the 8th March 1848, to enquire and report thereon to the Court;

And whereas the said Commissioners made their report to the said Court, bearing date the 25th January 1849, and now filed of record in the said Court, whereby they reported fully on the several matters committed to them as aforesaid, setting forth in the body of the said Report, and also in certain Schedules thereunto annexed marked (A,) (B,) (C,) (D,) (E,) and (F) respectively the names and titles of the several Estates, suitors and other persons to whom, upon the account taken by them, money or securities for money appeared to be due by the said Sir Thomas;

And whereas, it is deemed expedient that the said sufferers by the insolvency of the said Sir Thomas Edward Mitchell Turton, be reimbursed their several losses out of the accumulated produce of certain unclaimed Estates, now in the custody and management of the Administrator General, due provision being made for securing the interests of the rightful claimants thereunto, if any shall hereafter appear; It is enacted as follows:

I. The net proceeds of all Estates to which the Registrar of the said Ecclesiastical Court has administered in right or under colour of his office under the said Act of Parliament, and which were in the custody or control of the said Registrar ready to be distributed at any time before the first day of January 1836, and have been since that time unclaimed and now continue unclaimed in the custody or control of the Administrator General in Bengal in right of his office under Act VII. 1849, and also from time to time the net proceeds of all Estates to which the said Registrar or the said Administrator General under the said Act VII. 1849, has administered, or to which the said Administrator General shall hereafter administer, and which shall have continued for fifteen years in his custody or control unclaimed by any person entitled thereunto, shall be transferred and paid, as the same respectively accrue, to the Sub-Treasurer of the East India Company at Fort William in Bengal, and be carried to the account and credit of the East India Company for the general purposes of Government.

II. If any claim shall be hereafter made to any part of the net proceeds of any Estate so transferred and paid to the account and credit of the East India Company, and established to the satisfaction of the Administrator General and Accountant to the Government of Bengal for the time being, the said Accountant shall direct the Sub-Treasurer to repay, and the Sub-Treasurer shall thereupon repay the principal sum so paid or represented by the Securities so transferred, or so much thereof as shall appear to be due to the claimant out of the monies of the East India Company in his custody.

III. The Accountant to the Government of Bengal is authorized and required from time to time to direct the Sub-Treasurer to pay, and the Sub-Treasurer shall thereupon pay, out of the monies of the East India Company in his custody, such sums as will be sufficient to pay off and discharge to such persons as shall appear to be entitled thereunto, as the lawful representatives of the Intestates named in the Schedules (A,) (B,) (C,) (D,) annexed to the said report, and also to the suitors and other persons entitled to the Equity Deposits and Trust monies in the suits and under the trusts named in the Schedules (E) and (F) annexed to the said report, and other deposits and trust monies (if any) paid or entrusted to the said Sir Thomas by order of the said Court, and to the net proceeds of the estate of Ramnarain Coondoo, of which the said Sir Thomas was Curator under Act XIX. 1841, the several principal sums of money which, upon the final adjustment of the accounts of their several claims and estates, shall appear to have been due to them respectively from the said Sir Thomas on the 25th day of February 1848, and to be then still due and unsatisfied; and also the balance due by the said Sir Thomas to Government in

respect of Court fees received by him as Registrar of the said Court, but not accounted for by him to Government.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 27th day of February next.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification, dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to

be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bond fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bond fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

CECIL BEADON,
Secretary.

H. A. DORIN,
Dy. A. C. Genl.

Executive Commissariat Office, Benares, 2nd January, 1851.

NOTIFICATION.—An examination will be held early in April 1851, in the College of Fort William, for the purpose of filling up existing Vacancies in the Military class of the Medical College. All candidates will be expected to possess a knowledge of the Hindustani Language, adequate to enable them to read and write it in the Persian or Devanagri character.

2nd. All Interpreters of Regiments and Battalions will be requested, through the Military Departments, not to grant certificates of qualification to any candidate under the age of fifteen and above that of twenty years; and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with certificates, who were found, on examination, quite unqualified for admission; and it is with a view to prevent the recurrence of this, that the above measure has been adopted.

3rd. Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper descriptive roll may be prepared for transmission to the Examiners of the College of Fort William.

4th. The preference in selection, attainments being equal, will be given to those who have already been attached to, or served in Civil or Regimental Hospitals.

5th. No candidate will be allowed to present himself for examination, who cannot produce a written testimonial of his conduct and character, or afford satisfactory evidence as to who and what he is. A few individuals of decidedly bad character have, upon recent occasions, managed to obtain admittance, it is supposed, by producing false papers; the strictest care and scrutiny will therefore be exercised in examining the credentials of all future candidates, who will, in addition, require to be furnished with regular muster rolls, in order that they may be identified.

6th. All pupils must, as a condition of their appointment, reside within the College premises at all times, and never be absent from morning and evening muster without special leave.

7th. All students in the Military class are amenable to the Articles of War, and regularly enlisted as Soldiers.

8th. No candidate will be admitted to the school, who is physically unfit for the duties of a Soldier.

(By order,)

Secretary.

NOTIFICATION.—An examination will be held early in April 1851, in the College of Fort William, for the purpose of filling up existing Vacancies in the Military class of the Medical College. All candidates will be expected to possess a knowledge of the Hindustani Language, adequate to enable them to read and write it in the Persian or Devanagri character.

2nd. All Interpreters of Regiments and Battalions will be requested, through the Military Departments, not to grant certificates of qualification to any candidate under the age of fifteen and above that of twenty years; and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with certificates, who were found, on examination, quite unqualified for admission; and it is with a view to prevent the recurrence of this, that the above measure has been adopted.

3rd. Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper descriptive roll may be prepared for transmission to the Examiners of the College of Fort William.

4th. The preference in selection, attainments being equal, will be given to those who have already been attached to, or served in Civil or Regimental Hospitals.

5th. No candidate will be allowed to present himself for examination, who cannot produce a written testimonial of his conduct and character, or afford satisfactory evidence as to who and what he is. A few individuals of decidedly bad character have, upon recent occasions, managed to obtain admittance, it is supposed, by producing false papers; the strictest care and scrutiny will therefore be exercised in examining the credentials of all future candidates, who will, in addition, require to be furnished with regular muster rolls, in order that they may be identified.

6th. All pupils must, as a condition of their appointment, reside within the College premises at all times, and never be absent from morning and evening muster without special leave.

7th. All students in the Military class are amenable to the Articles of War, and regularly enlisted as Soldiers.

8th. No candidate will be admitted to the school, who is physically unfit for the duties of a Soldier.

(By order,)

Council of Education, the 31st December, 1850. } *Secretary.*

NOTIFICATION.—An examination will be held early in April 1851, in the College of Fort William, for the purpose of filling up existing Vacancies in the Military class of the Medical College. All candidates will be expected to possess a knowledge of the Hindustani Language, adequate to enable them to read and write it in the Persian or Devanagri character.

2nd. All Interpreters of Regiments and Battalions will be requested, through the Military Departments, not to grant certificates of qualification to any candidate under the age of fifteen and above that of twenty years; and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with certificates, who were found, on examination, quite unqualified for admission; and it is with a view to prevent the recurrence of this, that the above measure has been adopted.

3rd. Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper descriptive roll may be prepared for transmission to the Examiners of the College of Fort William.

4th. The preference in selection, attainments being equal, will be given to those who have already been attached to, or served in Civil or Regimental Hospitals.

5th. No candidate will be allowed to present himself for examination, who cannot produce a written testimonial of his conduct and character, or afford satisfactory evidence as to who and what he is. A few individuals of decidedly bad character have, upon recent occasions, managed to obtain admittance, it is supposed, by producing false papers; the strictest care and scrutiny will therefore be exercised in examining the credentials of all future candidates, who will, in addition, require to be furnished with regular muster rolls, in order that they may be identified.

6th. All pupils must, as a condition of their appointment, reside within the College premises at all times, and never be absent from morning and evening muster without special leave.

7th. All students in the Military class are amenable to the Articles of War, and regularly enlisted as Soldiers.

8th. No candidate will be admitted to the school, who is physically unfit for the duties of a Soldier.

BENGAL CIVIL FUND.

At a Half-Yearly General Meeting of Subscribers to the Bengal Civil Fund, held at the Town Hall, on Friday, the 31st January 1851.

PRESENT—Messrs. W. P. Palmer, R. Walker, C. Allen, J. S. Torrens, R. H. Snell, W. Grey, J. W. Dalrymple, W. Maples and C. P. Hobhouse.

R. WALKER, Esq., in the Chair.

Read the following Report submitted by the Managers:

"The Managers submit to the Meeting the following Report and abstract of their Proceedings "in the last six months.

"The Resolutions of the last General Meeting and the Rules as there revised, having been cir- "culated for the votes of the Subscribers as directed at the Meeting, 51 votes only were received "within the prescribed period of two months, 45 being "wholly in favor of the Rules and six* generally favorable, "but making exceptions to Rules 8, 19 and 20.

* One against 2nd Clause (amended) of Rule 8; four against Rule 19; one against Rule 20 as amended.

"The Proceedings of the Meeting having accordingly received the confirmation of the Service, "under Articles XVIII. and XIX., the Managers take the "opportunity of notifying, that the new Rules are now in "effect, liable, however, to any further alterations which "may be considered necessary by the Service on report of the professional Actuary in London, to "whom the proceedings and calculations of the late Committee and the Accounts of the Fund have "been forwarded, and whose report is expected in a short time.

Vide No. 13 of old Rules, and Nos. 19 and 20 of Provisional Rules.

"Copy of a Despatch of the Court of Directors relative to the introduction of the new Rules, "forwarding for report a Memorial presented to them by Mr. St. G. Tucker, "is appended*. This Memorial resembles that submitted to the Court by "Mr. S. Bowring mentioned in the report of the Managers to the last Gene- "ral Meeting, and in answer to the objections set forth by Mr. Tucker, the Managers have referred "to their report on the Memorial of the former Gentleman, at the same time forwarding the proceed- "ings of the Meeting of July last, with intimation that a report such as the Court desired from a "professional Actuary had been called for previous to the receipt of their Despatch. This informa- "tion, the Managers have no doubt, will satisfy the Court of Directors as to the safety of at once "adopting the new Rules.

* Included in copy circulated to Subscribers.

"Orders of the Court on the application made by the Managers, as stated in their last report "for the allowance of the same rate of Interest on the additional as on the original Subscriptions of "the Fund, have not yet been received; but in the meantime the Government of India has permit- "ted Interest to be calculated on the additional Subscriptions 'at the rate of the open loan of the "day whatever that may be,' five per cent. being thus now realized on such Subscriptions, and eight "per cent. on the original.

"In communication with the Deputy Accountant General it has been arranged, that all net "receipts of the Fund accruing from Subscriptions at the old rates realized up to 30th April 1850, "should continue invested in Treasury Notes, bearing Interest at 8 per cent. per annum; and *all* "receipts after that date, as well as the additional Subscriptions accruing under the new Rules pre- "viously, should be kept in form of a 'Book Debt' account, wherein the ordinary Subscriptions, "bearing Interest at 8 per cent. shall be distinguished from the additional Subscriptions bearing "Interest at 5 per cent.

"The Accounts of the official year 1849-50 were passed at the General Meeting of July last, "and therefore with advertence to the 35th para. of the Committee's report of the 30th March last, "and Article XXI. of the new Rules, the provisions of the latter for the submission and audit of the "accounts at this period of the year will not have effect until the Meeting of January 1852. The "balance on account of the two descriptions of contribution, however, at the close of the first six "months of the current official year, estimated according to the portion of the accounts as yet receiv- "ed for that period, may be stated as follows:

"Subscription at former rate of 2½ per cent., Company's Rupees	20,41,246	0	0
"Additional at 2 per cent. and extra Subscription for Children, ...	92,913	0	0
"Total, Rupees	21,34,159	0	0

"Two casualties have occurred since last report rendering the Funds liable for payments "under the new Rules; one by the demise of Mr. John Wheler, in England, on the 22nd "June 1850, leaving a Widow and one Daughter; and the other by the demise of Mr. "George F. McLeod at Umritzur, on the 13th October 1850, leaving a Widow and one "Son. The requisite Certificates* having been received, the Managers have "therefore to recommend the admission to the benefits of the Fund of Mrs.

* Vide Article 26.

" Wheler and her Daughter, and Mrs. McLeod and her Son, from date of demise of their husbands, " on the allowances noted in the margin,* which " provide for the deductions to be made under " Article VII. until the payments to the Fund " shall have reached one-third of the value of the " pensions. In granting these allowances the " Managers will give the recipients to understand " that the calculations of the value of their " Annuities remain open to further revision " and retrospective adjustment of their accounts " whether favorable or unfavorable to them, on " receipt of the report from the Actuary with " which the Managers are to receive more " accurate Tables for calculation of such value " than are at present available.

" The application of Mr. H. S. Oldfield to be readmitted a Subscriber having been referred to " the Service according to the resolution of the General Meeting of 31st " July last, the result shows a majority* against his readmission.

" Mrs. Beamish, who as relict of the late Mr. John C. Dick, was an Incumbent on the Fund " until her marriage on 22nd January 1850, having " applied for a half pension of £150 under " Article 45 of the new rules, the Managers have " informed her that they do not consider her " claim admissible, as the Article in question " was not included in the provisional rules " passed on 12th October 1849, and with re- " ference to the amendment* there carried, only " came into operation after the revision deter- " mined on by such amendment, and the actual " adoption of the rule which was some months " subsequent to the date of Mrs. Beamish's " marriage.

* "That the Rules which have been proposed by the Committee after due consideration and circulated to the Subscribers at large for carrying out the principle which has been adopted by this Meeting and by the Subscribers at large, be passed as provisional rules and have effect from the 1st January 1850; and that a letter be written to each Subscriber to the Fund in conformity with Article 13 of the existing rules requesting him to transmit his vote to the Managers for the adoption or rejection of the foregoing propositions within 2 months after the date of such letter.

"That the Committee which may be appointed for the purpose, be requested to revise the Draft Rules appended to the second report in connexion with the several suggestions for amendment which have been or may be offered, and such as may occur on reconsideration, and to report again on the subject for the final determination of the Service."

" Mr. Henry Brownlow having at first declined to subscribe for his children under the new " rules, applied on the 30th ultimo to know on what terms he might now be allowed to do so; the " Managers have informed that Gentleman that as his case appears to them to be one not distinctly " provided for under the rules, they will refer it for determination to the General Meeting of " Subscribers to be held in July next, giving due notice of the same under Article XVIII. of the " rules.

" In consequence of losses sustained by the Fund by payments of six-monthly advances under " the old rules, the Managers have deemed it desirable in all practicable cases to make only quarter- " ly payments such as are provided for in the new rules.

" Under explanations received from Messrs. H. Sandeman and M. R. Gubbins it appearing " that the Estate of the late Mr. A. Fraser was not solvent at the period of his demise, the Mana- " gers have granted, subject to approval of this Meeting, the full allowances to Mrs. Fraser and her " Daughter who were admitted to a proportion of allowances by the General Meeting of 31st July " 1849."

J. S. TORRENS,
Honorary Secretary.

Proposed by Mr. Allan, seconded by Mr. Maples, that the proceedings of the Managers for the six months referred to in their report be approved, with the exception of the order for making pensions payable to Incumbents under the old rules quarterly instead of half-yearly; and that the Managers be instructed to order payment of all such pensions to be made half-yearly as provided in the rules.

Carried—*Nem. Con.*

The Meeting then proceeded to the election of Managers for the ensuing year, when Messrs. E. Currie, R. Walker, H. T. Raikes, C. Beadon and W. Grey were duly elected.

Thanks were voted to the Chairman, and the Meeting separated.

ACT No. —— 1851.

To amend Act XX. 1841 for the administration of personal Estate of deceased persons.

For amendment and extension of the power to grant Certificates of Administration of the personal Estate of deceased persons under Act XX. 1841, It is enacted as follows:

I. In the case of disputes among persons, jointly entitled to be proprietors of any Securities of the British Indian Government, as the representatives of any deceased person, the District or Zillah Judge, whenever sufficient cause shall be shewn to him by any such persons, and on the request of such person, may grant a Certificate of Administration of the personal Estate of the deceased, so far as concerns the said Securities, according to Act XX. 1841, to such person as shall be from time to time appointed by the Governor of Bengal, and Governors of Madras and Bombay in Council respectively, to act as trustee under this Act; and shall specify in such Certificate the several persons appearing to him to be such proprietors; and the said Trustee by virtue of such Certificate shall be entitled to receive and give discharges for the interest accruing due on such Securities, and shall account for and pay the sum to the several persons specified in the Certificate to be thereunto entitled, and shall be empowered to act in all other respects concerning the said Securities as Agent for such persons; and shall be entitled to the same rate of Commission upon all such transactions as is allowed to the Government Agent for the time being on the like transactions, as Agent of the public creditors of Government, by any regulations from time to time made by the Governor General of India in Council. Provided nevertheless that the right of any other person to recover the whole or any part of the monies so paid, by regular suit against all or any of the persons to whom the same have been paid, shall not be affected by this Act.

II. Every such Certificate, granted to the Trustee appointed under this Act, shall be taken to supersede and annul any previous Certificate given of a half or any other share in the said personal Estate, so far as concerns the said Securities.

III. A Certificate of Administration to personal Estate, granted by the highest Judicial Court in any Foreign State, or any district to which Act XX. 1841 does not extend and countersigned by the British Representative accredited to that State, or by the British Officer exercising the highest executive authority in such district, shall have the same effect, as regards Securities of the British Indian Government, as a Certificate granted to a native subject of the British Indian Government under the provisions of Act XX. 1841, as amended by this Act.

IV. This Act shall be construed with and as part of Act XX. 1841.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 30th day of April next.

Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 7th February, 1851.

Read a second time the Draft of a proposed Act, dated the 22nd November 1850, and published in the Calcutta Gazette of the 30th November 1850.

Resolution.—The President in Council resolves that the following amended Draft on the subject be published for general information.

ACT No. —— OF 1851.

For constituting Commissioners for the Improvement of the Town of Calcutta.

Whereas Act XVI. 1847 for constituting Commissioners for the improvement of the Town of Calcutta has been found inconvenient and ineffectual for the intended purposes thereof, It is enacted as follows:

I. Act XVI. 1847 is repealed, except as to any thing done or forborne to be done under the said Act before the passing of this Act, but not so as to revive Act XX. 1840.

II. The several schemes of election agreed upon by the owners and occupiers of assessed houses, buildings and lands in each division of the Town, and the rules made by the Commissioners, severally approved by the Deputy Governor of Bengal and President of the Council of India in Council, in pursuance of the said Act, are rescinded and annulled.

III. For the purposes of this Act the Town of Calcutta shall be divided into two divisions; that is to say, a northern and southern division, by a line passing from the river Hooghly at the old Fort Ghaut along the centre of Fairlie Place, Clive Street, the street on the northern side of

Tank Square, Loll Bazaar, Bow Bazaar and Boitaconnah; or such other two divisions as the Governor of Bengal, from time to time, may appoint: and, whenever any such new division shall be made, the provisions of this Act, with respect to the divisions herein defined, shall be deemed to apply thenceforth to such new divisions.

IV. There shall be four Commissioners for executing the powers of this Act, who shall be styled the Commissioners for the improvement of the Town of Calcutta, of whom two shall be appointed by the Governor of Bengal, and two shall be elected as hereinafter provided, that is to say, one for each division of the said Town.

V. The Commissioners shall enter upon their office on the ( ) day of ( ) 1851, and on the First day of January in each succeeding year, and shall hold their office regularly for one year, or until their successors are duly constituted; and until the first constitution of Commissioners under this Act, the Commissioners now acting in the execution of the said Act XVI. 1847, shall exercise the powers of this Act, and shall be deemed Commissioners under this Act.

VI. Every person is entitled to vote in the yearly election of a Commissioner under this Act, who is rated in respect of any house, building or ground in either division of the said Town, not less than three rupees in the whole for a quarter of a year, and who has paid the taxes due from him in respect of at least one quarter of the previous twelve calendar months.

VII. Every person entitled to vote, whose quarterly rates are in the whole not less than twenty rupees, is entitled to two votes, and if not less than fifty rupees to three votes.

VIII. Each voter is entitled to vote in that division only, in which he is rated to the amount which constitutes his qualification: and the qualification of a voter to have one, two or three votes, must be complete in one division: but a person who is rated to the qualifying amount in each division may be entitled to vote in both.

IX. All elections under this Act shall be under the management of the Sheriff of Calcutta, who shall appoint a sufficient number of Deputies to help him in presiding thereat: and every Deputy, while so acting for the Sheriff, shall have the same powers and duties as the Sheriff with respect to the division for which he is acting.

X. The elective Commissioners shall be chosen for the year 1851 on the ( ) day of ( ) 1851, in the Town Hall of Calcutta, and for every following year on a day after the Twenty-fifth day of December and before the First day of January, to be appointed in each year by the Sheriff of Calcutta, of which day and also of the place of election, after the first, the Sheriff shall give notice by advertisement in the Calcutta Gazette thirty days at least before the day of election.

XI. The place of election for each division of the Town shall be the Town Hall of Calcutta, or such other place as the Sheriff, with the sanction of the Governor of Bengal, shall, from time to time, appoint.

XII. The voting shall begin at eight of the clock in the morning, and end at five of the clock in the afternoon of the appointed day; but the Sheriff, if he thinks fit, may declare the election completed for any division in which no vote is tendered for any candidate during any period of thirty minutes after ten of the clock in the morning.

XIII. Every person qualified to vote in the election, and none other is qualified to be appointed or to be a candidate for election as a Commissioner.

XIV. Every candidate shall, ten days at least before the day of election, give notice thereof in writing to the Sheriff, naming the division for which he is a candidate, and shall at the same time produce to and leave with the Sheriff a certificate from the Secretary to the Commissioners that he is qualified to be a candidate.

XV. All expenses of the election of Commissioners, including the expense of advertising the time and place of election, shall be defrayed by the candidates; and every candidate shall, at the time when he produces to the Sheriff his certificate of qualification, deposit with the Sheriff the sum of two hundred rupees toward the expenses of the election, and in default thereof shall not be qualified to be elected.

XVI. If the whole amount so deposited shall not be spent by the Sheriff in such election, the residue shall be returned to the candidates in equal proportions; and, if the whole amount so deposited is not enough to defray the expense of such election, the Sheriff shall be entitled to receive from each candidate his proportionate share of the surplus expense, and in default of payment may sue for and recover the same as money spent on behalf of such candidate.

XVII. The Commissioners shall cause to be prepared, in each year, correct alphabetical lists of the persons qualified to vote in each division of the Town, which lists shall be open for inspection at the office of the said Commissioners, on or before the First day of December 1851 and all subsequent years, during all reasonable hours of the day until the day of election, when the said lists or copies thereof shall be taken to the place of election for the use of the Sheriff and his Deputies.

XVIII. The Secretary to the Commissioners, on the written application of any person qualified to vote as aforesaid, signed by himself, specifying the division, street and number or other description of every house in respect of which the claim is made, and delivered, at every election after the first, on some day when the office is open between the 25th day of November and 15th day of December, both inclusive, with the receipted assessment bills, shewing that the applicant has paid the rates or taxes required by this Act to qualify him to vote, shall give to such person a voting ticket according to his qualification. At the first election, such applications may be made at any time when the office is open before the day of election.

XIX. The voting tickets shall be signed by the Secretary to the Commissioners, and shall be in the form contained in the first Schedule annexed to this Act, or in such other form as shall be, from time to time, adopted by the Commissioners, with the approval of the Governor of the Presidency of Fort William in Bengal, and shall be conclusive evidence that the person named therein is entitled to vote at the next election of a Commissioner in the division for which the ticket is given according to the tenor thereof.

XX. At the time and place appointed for the election, the Sheriff or his Deputies shall attend with two closed boxes with openings in each box for the reception of voting tickets, and distinguished from each other, by having marked or painted legibly, in Roman and Bengallee characters, the word "northern" on one box, and the word "southern" on the other.

XXI. Every voter having obtained his voting ticket in each division in which he is qualified to vote, and having written thereon the name of the candidate for whom he wishes to vote, and having signed the same, shall personally attend at the place of election, and shall deliver his voting ticket to the Sheriff, or one of his Deputies presiding at the election for that division, who, on being satisfied of the identity of the person tendering the voting ticket with the person whose signature it bears, shall deposit such voting ticket in the box of the division.

XXII. The Secretary, Assessor, Collector and Collecting Sircars of the Commissioners, and if required by any candidate, an agent appointed by writing under his hand on his behalf, shall attend at the place of election during the continuance thereof, for the purpose of assisting in identifying the persons who shall tender voting tickets.

XXIII. The decision of the Sheriff, or his Deputy admitting or rejecting any disputed vote tendered at any election, shall be conclusive as to the reception of the vote.

XXIV. As soon as the election for any division is completed, the Sheriff or his Deputies, in the presence of the candidates, or such of them as choose to be present, or of scrutineers appointed in writing under their several hands, shall ascertain the number of votes given for each candidate in each division; and the Sheriff shall thereupon publicly declare the name of the candidate in each division for whom the greatest number of votes has been given in such division, and shall declare such candidate to be duly elected a Commissioner for the improvement of the Town of Calcutta.

XXV. XLIX. All goods and chattels, which shall be found upon any premises rated, shall be liable to be distrained for any penalties or any arrears of rates or taxes; and, if the said goods and chattels belong to the tenant of such premises, such tenant may deduct the amount of the levy made upon his goods and chattels from the next and following payments of his rent.

L. When there is reason to believe that goods and chattels, liable to distress under the said Statute, Act XVI. 1847, or this Act, are concealed in any zenana, the officer charged with the execution of the warrant shall make a special report to the Commissioner granting the same, who shall thereupon follow as closely as may be the rules for the seizure of goods and chattels in like cases adopted by Her Majesty's Supreme Court of Judicature.

For amendment and extension of the power to grant Certificates of Administration of the personal Estate of deceased persons under Act XX. 1841, It is enacted as follows:

I. In the case of disputes among persons, jointly entitled to be proprietors of any Securities of the British Indian Government, as the representatives of any deceased person, the District or Zillah Judge, whenever sufficient cause shall be shewn to him by any such persons, and on the request of such person, may grant a Certificate of Administration of the personal Estate of the deceased, so far as concerns the said Securities, according to Act XX. 1841, to such person as shall be from time to time appointed by the Governor of Bengal, and Governors of Madras and Bombay in Council respectively, to act as trustee under this Act; and shall specify in such Certificate the several persons appearing to him to be such proprietors; and the said Trustee by virtue of such Certificate shall be entitled to receive and give discharges for the interest accruing due on such Securities, and shall account for and pay the sum to the several persons specified in the Certificate to be thereunto entitled, and shall be empowered to act in all other respects concerning the said Securities as Agent for such persons; and shall be entitled to the same rate of Commission upon all such transactions as is allowed to the Government Agent for the time being on the like transactions, as Agent of the public creditors of Government, by any regulations from time to time made by the Governor General of India in Council. Provided nevertheless that the right of any other person to recover the whole or any part of the monies so paid, by regular suit against all or any of the persons to whom the same have been paid, shall not be affected by this Act.

III. A Certificate of Administration to personal Estate, granted by the highest Judicial Court in any Foreign State, or any district to which Act XX. 1841 does not extend, and countersigned by the British Representative accredited to that State, or by the British Officer exercising the highest executive authority in such district, shall have the same effect, as regards Securities of the British Indian Government, as a Certificate granted to a native subject of the British Indian Government under the provisions of Act XX. 1841, as amended by this Act.

IV. This Act shall be construed with and as part of Act XX. 1841.

Ordered, that the Draft now read be published for general information.

Resolution.—The President in Council resolves that the following amended Draft on the subject be published for general information.

ACT No. —— OF 1851.

For constituting Commissioners for the Improvement of the Town of Calcutta.

Whereas Act XVI. 1847 for constituting Commissioners for the improvement of the Town of Calcutta has been found inconvenient and ineffectual for the intended purposes thereof, It is enacted as follows:

I. Act XVI. 1847 is repealed, except as to any thing done or forborne to be done under the said Act before the passing of this Act, but not so as to revive Act XX. 1840.

II. The several schemes of election agreed upon by the owners and occupiers of assessed houses, buildings and lands in each division of the Town, and the rules made by the Commissioners, severally approved by the Deputy Governor of Bengal and President of the Council of India in Council, in pursuance of the said Act, are rescinded and annulled.

III. For the purposes of this Act the Town of Calcutta shall be divided into two divisions; that is to say, a northern and southern division, by a line passing from the river Hooghly at the old Fort Ghaut along the centre of Fairlie Place, Clive Street, the street on the northern side of

Tank Square, Loll Bazaar, Bow Bazaar and Boitaconnah; or such other two divisions as the Governor of Bengal, from time to time, may appoint: and, whenever any such new division shall be made, the provisions of this Act, with respect to the divisions herein defined, shall be deemed to apply thenceforth to such new divisions.

IV. There shall be four Commissioners for executing the powers of this Act, who shall be styled the Commissioners for the improvement of the Town of Calcutta, of whom two shall be appointed by the Governor of Bengal, and two shall be elected as hereinafter provided, that is to say, one for each division of the said Town.

V. The Commissioners shall enter upon their office on the ( ) day of ( ) 1851, and on the First day of January in each succeeding year, and shall hold their office regularly for one year, or until their successors are duly constituted; and until the first constitution of Commissioners under this Act, the Commissioners now acting in the execution of the said Act XVI. 1847, shall exercise the powers of this Act, and shall be deemed Commissioners under this Act.

VI. Every person is entitled to vote in the yearly election of a Commissioner under this Act, who is rated in respect of any house, building or ground in either division of the said Town, not less than three rupees in the whole for a quarter of a year, and who has paid the taxes due from him in respect of at least one quarter of the previous twelve calendar months.

VII. Every person entitled to vote, whose quarterly rates are in the whole not less than twenty rupees, is entitled to two votes, and if not less than fifty rupees to three votes.

VIII. Each voter is entitled to vote in that division only, in which he is rated to the amount which constitutes his qualification: and the qualification of a voter to have one, two or three votes, must be complete in one division: but a person who is rated to the qualifying amount in each division may be entitled to vote in both.

IX. All elections under this Act shall be under the management of the Sheriff of Calcutta, who shall appoint a sufficient number of Deputies to help him in presiding thereat: and every Deputy, while so acting for the Sheriff, shall have the same powers and duties as the Sheriff with respect to the division for which he is acting.

X. The elective Commissioners shall be chosen for the year 1851 on the ( ) day of ( ) 1851, in the Town Hall of Calcutta, and for every following year on a day after the Twenty-fifth day of December and before the First day of January, to be appointed in each year by the Sheriff of Calcutta, of which day and also of the place of election, after the first, the Sheriff shall give notice by advertisement in the Calcutta Gazette thirty days at least before the day of election.

XI. The place of election for each division of the Town shall be the Town Hall of Calcutta, or such other place as the Sheriff, with the sanction of the Governor of Bengal, shall, from time to time, appoint.

XII. The voting shall begin at eight of the clock in the morning, and end at five of the clock in the afternoon of the appointed day; but the Sheriff, if he thinks fit, may declare the election completed for any division in which no vote is tendered for any candidate during any period of thirty minutes after ten of the clock in the morning.

XIII. Every person qualified to vote in the election, and none other is qualified to be appointed or to be a candidate for election as a Commissioner.

XIV. Every candidate shall, ten days at least before the day of election, give notice thereof in writing to the Sheriff, naming the division for which he is a candidate, and shall at the same time produce to and leave with the Sheriff a certificate from the Secretary to the Commissioners that he is qualified to be a candidate.

XV. All expenses of the election of Commissioners, including the expense of advertising the time and place of election, shall be defrayed by the candidates; and every candidate shall, at the time when he produces to the Sheriff his certificate of qualification, deposit with the Sheriff the sum of two hundred rupees toward the expenses of the election, and in default thereof shall not be qualified to be elected.

XVI. If the whole amount so deposited shall not be spent by the Sheriff in such election, the residue shall be returned to the candidates in equal proportions; and, if the whole amount so deposited is not enough to defray the expense of such election, the Sheriff shall be entitled to receive from each candidate his proportionate share of the surplus expense, and in default of payment may sue for and recover the same as money spent on behalf of such candidate.

XVII. The Commissioners shall cause to be prepared, in each year, correct alphabetical lists of the persons qualified to vote in each division of the Town, which lists shall be open for inspection at the office of the said Commissioners, on or before the First day of December 1851 and all subsequent years, during all reasonable hours of the day until the day of election, when the said lists or copies thereof shall be taken to the place of election for the use of the Sheriff and his Deputies.

XVIII. The Secretary to the Commissioners, on the written application of any person qualified to vote as aforesaid, signed by himself, specifying the division, street and number or other description of every house in respect of which the claim is made, and delivered, at every election after the first, on some day when the office is open between the 25th day of November and 15th day of December, both inclusive, with the receipted assessment bills, shewing that the applicant has paid the rates or taxes required by this Act to qualify him to vote, shall give to such person a voting ticket according to his qualification. At the first election, such applications may be made at any time when the office is open before the day of election.

XIX. The voting tickets shall be signed by the Secretary to the Commissioners, and shall be in the form contained in the first Schedule annexed to this Act, or in such other form as shall be, from time to time, adopted by the Commissioners, with the approval of the Governor of the Presidency of Fort William in Bengal, and shall be conclusive evidence that the person named therein is entitled to vote at the next election of a Commissioner in the division for which the ticket is given according to the tenor thereof.

XX. At the time and place appointed for the election, the Sheriff or his Deputies shall attend with two closed boxes with openings in each box for the reception of voting tickets, and distinguished from each other, by having marked or painted legibly, in Roman and Bengallee characters, the word "northern" on one box, and the word "southern" on the other.

XXI. Every voter having obtained his voting ticket in each division in which he is qualified to vote, and having written thereon the name of the candidate for whom he wishes to vote, and having signed the same, shall personally attend at the place of election, and shall deliver his voting ticket to the Sheriff, or one of his Deputies presiding at the election for that division, who, on being satisfied of the identity of the person tendering the voting ticket with the person whose signature it bears, shall deposit such voting ticket in the box of the division.

XXII. The Secretary, Assessor, Collector and Collecting Sircars of the Commissioners, and if required by any candidate, an agent appointed by writing under his hand on his behalf, shall attend at the place of election during the continuance thereof, for the purpose of assisting in identifying the persons who shall tender voting tickets.

XXIII. The decision of the Sheriff, or his Deputy admitting or rejecting any disputed vote tendered at any election, shall be conclusive as to the reception of the vote.

XXIV. As soon as the election for any division is completed, the Sheriff or his Deputies, in the presence of the candidates, or such of them as choose to be present, or of scrutineers appointed in writing under their several hands, shall ascertain the number of votes given for each candidate in each division; and the Sheriff shall thereupon publicly declare the name of the candidate in each division for whom the greatest number of votes has been given in such division, and shall declare such candidate to be duly elected a Commissioner for the improvement of the Town of Calcutta.

XXV. If two or more candidates in one division of the Town shall have the same number of votes, the Governor of the Presidency of Fort William in Bengal shall appoint one of the candidates, having such equal number of votes, to be one of the elective Commissioners for the improvement of the Town of Calcutta.

XXVI. The result of every election shall be certified by the Sheriff to the Governor of the Presidency of Fort William in Bengal, who will cause notice thereof to be given in the Government Gazette.

XXVII. If any vacancy from any cause whatever happens before the month of December among the Commissioners, the Governor of the Presidency of Fort William in Bengal shall appoint a person qualified to be elected to fill such vacancy, and the Commissioner appointed to fill such vacancy shall be a Commissioner as if he had been elected at the then last general election of Commissioners.

XXVIII. The powers and duties which, by an Act passed in the thirty-third year of the reign of King George the Third, numbered as Chapter 52, were conferred and imposed on the Justices of the Peace within or for the Presidency of Fort William in Bengal, in regard to the assessment, collection and disbursement of the taxes thereby authorized to be assessed by them on the owners or occupiers of houses, buildings and grounds, shall be exercised and performed by the said Commissioners, instead of the said Justices of the Peace; and the powers and duties by any other Act conferred on or belonging to the Commissioners constituted under the said Act XVI. 1847, and their Officers, shall be transferred to and belong to the Commissioners constituted under this Act and their Officers respectively; and so much of the said Act of Parliament as gives power to the Justices to levy the said assessments by warrants of distress and sale is repealed.

XXIX. The owners of houses, buildings and grounds, within the said town, whether the same be or be not occupied, shall pay such sums of money as shall be assessed upon them according to the several rates set forth in the second Schedule annexed to this Act.

XXX. Of the two Commissioners yearly appointed by the Governor of Bengal, one shall be President of the Commissioners. In the absence of the President, such other Commissioner shall act as Chairman of the meetings of the Commissioners as shall be chosen by those present. On all questions on which the Commissioners present are equally divided in opinion, the President shall have a second or casting vote. Three Commissioners shall be necessary to constitute a meeting.

XXXI. The Commissioners shall severally receive such monthly salaries, to be paid out of the taxes levied under the said Act of Parliament and Act XVI. 1847, and this Act, as the Governor of the Presidency of Fort William in Bengal, with the approval of the Governor General of India in Council shall, from time to time, appoint, not exceeding two hundred and fifty rupees in any case.

XXXII. ACT No. —— OF 1851.

For constituting Commissioners for the Improvement of the Town of Calcutta.

Whereas Act XVI. 1847 for constituting Commissioners for the improvement of the Town of Calcutta has been found inconvenient and ineffectual for the intended purposes thereof, It is enacted as follows:

I. Act XVI. 1847 is repealed, except as to any thing done or forborne to be done under the said Act before the passing of this Act, but not so as to revive Act XX. 1840.

II. The several schemes of election agreed upon by the owners and occupiers of assessed houses, buildings and lands in each division of the Town, and the rules made by the Commissioners, severally approved by the Deputy Governor of Bengal and President of the Council of India in Council, in pursuance of the said Act, are rescinded and annulled.

III. For the purposes of this Act the Town of Calcutta shall be divided into two divisions; that is to say, a northern and southern division, by a line passing from the river Hooghly at the old Fort Ghaut along the centre of Fairlie Place, Clive Street, the street on the northern side of

Tank Square, Loll Bazaar, Bow Bazaar and Boitaconnah; or such other two divisions as the Governor of Bengal, from time to time, may appoint: and, whenever any such new division shall be made, the provisions of this Act, with respect to the divisions herein defined, shall be deemed to apply thenceforth to such new divisions.

IV. There shall be four Commissioners for executing the powers of this Act, who shall be styled the Commissioners for the improvement of the Town of Calcutta, of whom two shall be appointed by the Governor of Bengal, and two shall be elected as hereinafter provided, that is to say, one for each division of the said Town.

V. The Commissioners shall enter upon their office on the ( ) day of ( ) 1851, and on the First day of January in each succeeding year, and shall hold their office regularly for one year, or until their successors are duly constituted; and until the first constitution of Commissioners under this Act, the Commissioners now acting in the execution of the said Act XVI. 1847, shall exercise the powers of this Act, and shall be deemed Commissioners under this Act.

VI. Every person is entitled to vote in the yearly election of a Commissioner under this Act, who is rated in respect of any house, building or ground in either division of the said Town, not less than three rupees in the whole for a quarter of a year, and who has paid the taxes due from him in respect of at least one quarter of the previous twelve calendar months.

VII. Every person entitled to vote, whose quarterly rates are in the whole not less than twenty rupees, is entitled to two votes, and if not less than fifty rupees to three votes.

VIII. Each voter is entitled to vote in that division only, in which he is rated to the amount which constitutes his qualification: and the qualification of a voter to have one, two or three votes, must be complete in one division: but a person who is rated to the qualifying amount in each division may be entitled to vote in both.

IX. All elections under this Act shall be under the management of the Sheriff of Calcutta, who shall appoint a sufficient number of Deputies to help him in presiding thereat: and every Deputy, while so acting for the Sheriff, shall have the same powers and duties as the Sheriff with respect to the division for which he is acting.

X. The elective Commissioners shall be chosen for the year 1851 on the ( ) day of ( ) 1851, in the Town Hall of Calcutta, and for every following year on a day after the Twenty-fifth day of December and before the First day of January, to be appointed in each year by the Sheriff of Calcutta, of which day and also of the place of election, after the first, the Sheriff shall give notice by advertisement in the Calcutta Gazette thirty days at least before the day of election.

XI. The place of election for each division of the Town shall be the Town Hall of Calcutta, or such other place as the Sheriff, with the sanction of the Governor of Bengal, shall, from time to time, appoint.

XII. The voting shall begin at eight of the clock in the morning, and end at five of the clock in the afternoon of the appointed day; but the Sheriff, if he thinks fit, may declare the election completed for any division in which no vote is tendered for any candidate during any period of thirty minutes after ten of the clock in the morning.

XIII. Every person qualified to vote in the election, and none other is qualified to be appointed or to be a candidate for election as a Commissioner.

XIV. Every candidate shall, ten days at least before the day of election, give notice thereof in writing to the Sheriff, naming the division for which he is a candidate, and shall at the same time produce to and leave with the Sheriff a certificate from the Secretary to the Commissioners that he is qualified to be a candidate.

XV. All expenses of the election of Commissioners, including the expense of advertising the time and place of election, shall be defrayed by the candidates; and every candidate shall, at the time when he produces to the Sheriff his certificate of qualification, deposit with the Sheriff the sum of two hundred rupees toward the expenses of the election, and in default thereof shall not be qualified to be elected.

XVI. If the whole amount so deposited shall not be spent by the Sheriff in such election, the residue shall be returned to the candidates in equal proportions; and, if the whole amount so deposited is not enough to defray the expense of such election, the Sheriff shall be entitled to receive from each candidate his proportionate share of the surplus expense, and in default of payment may sue for and recover the same as money spent on behalf of such candidate.

XVII. The Commissioners shall cause to be prepared, in each year, correct alphabetical lists of the persons qualified to vote in each division of the Town, which lists shall be open for inspection at the office of the said Commissioners, on or before the First day of December 1851 and all subsequent years, during all reasonable hours of the day until the day of election, when the said lists or copies thereof shall be taken to the place of election for the use of the Sheriff and his Deputies.

XVIII. The Secretary to the Commissioners, on the written application of any person qualified to vote as aforesaid, signed by himself, specifying the division, street and number or other description of every house in respect of which the claim is made, and delivered, at every election after the first, on some day when the office is open between the 25th day of November and 15th day of December, both inclusive, with the receipted assessment bills, shewing that the applicant has paid the rates or taxes required by this Act to qualify him to vote, shall give to such person a voting ticket according to his qualification. At the first election, such applications may be made at any time when the office is open before the day of election.

XIX. The voting tickets shall be signed by the Secretary to the Commissioners, and shall be in the form contained in the first Schedule annexed to this Act, or in such other form as shall be, from time to time, adopted by the Commissioners, with the approval of the Governor of the Presidency of Fort William in Bengal, and shall be conclusive evidence that the person named therein is entitled to vote at the next election of a Commissioner in the division for which the ticket is given according to the tenor thereof.

XX. At the time and place appointed for the election, the Sheriff or his Deputies shall attend with two closed boxes with openings in each box for the reception of voting tickets, and distinguished from each other, by having marked or painted legibly, in Roman and Bengallee characters, the word "northern" on one box, and the word "southern" on the other.

XXI. Every voter having obtained his voting ticket in each division in which he is qualified to vote, and having written thereon the name of the candidate for whom he wishes to vote, and having signed the same, shall personally attend at the place of election, and shall deliver his voting ticket to the Sheriff, or one of his Deputies presiding at the election for that division, who, on being satisfied of the identity of the person tendering the voting ticket with the person whose signature it bears, shall deposit such voting ticket in the box of the division.

XXII. The Secretary, Assessor, Collector and Collecting Sircars of the Commissioners, and if required by any candidate, an agent appointed by writing under his hand on his behalf, shall attend at the place of election during the continuance thereof, for the purpose of assisting in identifying the persons who shall tender voting tickets.

XXIII. The decision of the Sheriff, or his Deputy admitting or rejecting any disputed vote tendered at any election, shall be conclusive as to the reception of the vote.

XXIV. As soon as the election for any division is completed, the Sheriff or his Deputies, in the presence of the candidates, or such of them as choose to be present, or of scrutineers appointed in writing under their several hands, shall ascertain the number of votes given for each candidate in each division; and the Sheriff shall thereupon publicly declare the name of the candidate in each division for whom the greatest number of votes has been given in such division, and shall declare such candidate to be duly elected a Commissioner for the improvement of the Town of Calcutta.

XXV. If two or more candidates in one division of the Town shall have the same number of votes, the Governor of the Presidency of Fort William in Bengal shall appoint one of the candidates, having such equal number of votes, to be one of the elective Commissioners for the improvement of the Town of Calcutta.

XXVI. The result of every election shall be certified by the Sheriff to the Governor of the Presidency of Fort William in Bengal, who will cause notice thereof to be given in the Government Gazette.

XXVII. If any vacancy from any cause whatever happens before the month of December among the Commissioners, the Governor of the Presidency of Fort William in Bengal shall appoint a person qualified to be elected to fill such vacancy, and the Commissioner appointed to fill such vacancy shall be a Commissioner as if he had been elected at the then last general election of Commissioners.

XXVIII. The powers and duties which, by an Act passed in the thirty-third year of the reign of King George the Third, numbered as Chapter 52, were conferred and imposed on the Justices of the Peace within or for the Presidency of Fort William in Bengal, in regard to the assessment, collection and disbursement of the taxes thereby authorized to be assessed by them on the owners or occupiers of houses, buildings and grounds, shall be exercised and performed by the said Commissioners, instead of the said Justices of the Peace; and the powers and duties by any other Act conferred on or belonging to the Commissioners constituted under the said Act XVI. 1847, and their Officers, shall be transferred to and belong to the Commissioners constituted under this Act and their Officers respectively; and so much of the said Act of Parliament as gives power to the Justices to levy the said assessments by warrants of distress and sale is repealed.

XXIX. The owners of houses, buildings and grounds, within the said town, whether the same be or be not occupied, shall pay such sums of money as shall be assessed upon them according to the several rates set forth in the second Schedule annexed to this Act.

XXX. Of the two Commissioners yearly appointed by the Governor of Bengal, one shall be President of the Commissioners. In the absence of the President, such other Commissioner shall act as Chairman of the meetings of the Commissioners as shall be chosen by those present. On all questions on which the Commissioners present are equally divided in opinion, the President shall have a second or casting vote. Three Commissioners shall be necessary to constitute a meeting.

XXXI. The Commissioners shall severally receive such monthly salaries, to be paid out of the taxes levied under the said Act of Parliament and Act XVI. 1847, and this Act, as the Governor of the Presidency of Fort William in Bengal, with the approval of the Governor General of India in Council shall, from time to time, appoint, not exceeding two hundred and fifty rupees in any case.

XXXII. The Commissioners shall appoint a Secretary, subject to the approval of the Governor of the Presidency of Fort William in Bengal, and shall also appoint a sufficient number of Assessors, Collectors, Inspectors, Appraisers, Bailiffs, and such other Officers as they may deem necessary for assessing, collecting or levying the taxes which may be imposed on the owners or occupiers of houses, buildings and grounds under the authority of the said Act of Parliament and of this Act, and also the taxes and penalties herein mentioned, and may appoint the same persons to act both as Assessors and Collectors, and may prescribe such rules, and take such security for the due execution of the duties of such Secretary and Officers as they deem expedient; and such Secretary and Officers of the Commissioners shall receive such salaries, to be paid out of the said taxes, as the Commissioners, from time to time, appoint, subject to the approval of the said Governor. The Secretary and every other Officer shall be removable by the Commissioners, subject in the case of the Secretary to the approval of the said Governor.

XXXIII. All taxes assessed and penalties imposed under the authority or colour of the said Act of Parliament and Act XVI. 1847, or of the rules made in pursuance thereof before the passing of this Act, may be demanded, and if not duly paid, may be levied by the Commissioners acting under the authority of this Act.

XXXIV. The first assessments to be made under this Act shall be made for the months of February, March and April 1851.

XXXV. The assessment of the taxes specified in this Act, and in the second Schedule hereunto annexed shall be made by the said Commissioners, or any of them, and confirmed by the Commissioners, or any Assessor or Assessors appointed by them; and the said Commissioners shall cause such assessments when made to be entered in books to be kept in their office, and the entries for such assessments in the said books authenticated by the signatures of the Commissioners or any three of them, shall be conclusive evidence of the several assessments therein specified.

XXXVI. The taxes specified in this Act and the second Schedule hereunto annexed, shall be due and payable from and after the end of the quarter of a year or other period for which they are made.

XXXVII. When the taxes specified in this Act and the second Schedule hereunto annexed shall be due and payable, or as soon after as convenient, the said Commissioners shall send, or cause to be sent to the persons severally liable to pay any of such taxes, a statement or bill in the form (A) contained in the third Schedule annexed to this Act of the sums due from such persons respectively in respect of the said taxes.

XXXVIII. When any person shall be in arrear of the payment of the said taxes specified in this Act, and the second Schedule hereunto annexed, the said Commissioners, or any one of them, or their Officer duly authorized on that behalf, may issue, or cause to be issued and served upon such person a Notice of Demand in the form (B) contained in the third Schedule annexed to this Act, and if he shall not within five days from the service of such Notice of Demand pay the arrear due from him, according to the tenor of such Notice of Demand, the said Commissioners, or any one of them, or their Officer duly authorized in that behalf, may issue and serve, or cause to be issued and served upon such person a summons to pay in the form (C) contained in the third Schedule annexed to this Act, requiring such person to appear before the said Commissioners, or any one or more of them, on a day and at an hour and place to be named in such summons.

XXXIX. On the appearance of the party summoned, the said Commissioners may make such further enquiry into the case as to them seems just, and may make such order for the payment of the whole or any part of the amount assessed, or may make such abatement for or in respect of any overcharge in the said assessment as to them seems just; and in case of the non-appearance of the party summoned, the said Commissioners, on proof of service of the said summons, and on making such further enquiry into the case as to them seems just, may decide the claim in like manner as if the said party were present, and may make such order for the payment of the whole or any part of the amount assessed, or may make such abatement for or in respect of any overcharge in the said assessment as to them seems just.

XL. Small Causes, and all such suits may be prosecuted by such Collector or other Officer in the name of the Commissioners.

XLVII. The said Commissioners shall, from time to time, subject to the approval of the Governor of the Presidency of Fort William in Bengal, make rules for regulating their proceedings under this Act, and for the regulation of the time and manner of assessing, demanding and collecting the taxes specified in this Act and the Schedules hereunto annexed, and for altering any of the forms set forth in the said Schedules.

LII., Section 158, Act XVI. 1847, or this Act, shall be liable to be distrained anywhere (except goods and chattels concealed as hereinafter mentioned) for deficiency in the payment of rates; and it shall not be necessary in any assessment, rate or tax, or warrant of distress under the said Statute, Act XVI. 1847, or this Act, to specify the names of the owners or occupiers of houses, buildings or grounds, but it shall be sufficient if every property rated or taxed be identified, and in the case of houses numbered in any street that the name of the street and the number of the house be specified.

XLIX. All goods and chattels, which shall be found upon any premises rated, shall be liable to be distrained for any penalties or any arrears of rates or taxes; and, if the said goods and chattels belong to the tenant of such premises, such tenant may deduct the amount of the levy made upon his goods and chattels from the next and following payments of his rent.

L. When there is reason to believe that goods and chattels, liable to distress under the said Statute, Act XVI. 1847, or this Act, are concealed in any zenana, the officer charged with the execution of the warrant shall make a special report to the Commissioner granting the same, who shall thereupon follow as closely as may be the rules for the seizure of goods and chattels in like cases adopted by Her Majesty's Supreme Court of Judicature.

LI. All candidates will be expected to possess a knowledge of the Hindustani Language, adequate to enable them to read and write it in the Persian or Devanagri character.

2nd. All Interpreters of Regiments and Battalions will be requested, through the Military Departments, not to grant certificates of qualification to any candidate under the age of fifteen and above that of twenty years; and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with certificates, who were found, on examination, quite unqualified for admission; and it is with a view to prevent the recurrence of this, that the above measure has been adopted.

3rd. Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper descriptive roll may be prepared for transmission to the Examiners of the College of Fort William.

4th. The preference in selection, attainments being equal, will be given to those who have already been attached to, or served in Civil or Regimental Hospitals.

5th. No candidate will be allowed to present himself for examination, who cannot produce a written testimonial of his conduct and character, or afford satisfactory evidence as to who and what he is. A few individuals of decidedly bad character have, upon recent occasions, managed to obtain admittance, it is supposed, by producing false papers; the strictest care and scrutiny will therefore be exercised in examining the credentials of all future candidates, who will, in addition, require to be furnished with regular muster rolls, in order that they may be identified.

6th. All pupils must, as a condition of their appointment, reside within the College premises at all times, and never be absent from morning and evening muster without special leave.

7th. All students in the Military class are amenable to the Articles of War, and regularly enlisted as Soldiers.

8th. No candidate will be admitted to the school, who is physically unfit for the duties of a Soldier.

(By order,)
Fred. J. Mouat, M. D.,
Secretary.

Notice to the Pottahdars of Punchanogram.

SEVERAL complaints having been made to the Collector of Holdings in Punchanogram having been sold for arrears which have never been demanded from their occupants, the attention of the Pottahdars in general is called to the following notification:

I. The Pottahdaree Tenure under the Government Construction of the Law brings the Holder under the Class of Dependant Talookdars, who are bound under the Provisions of Clause 8, Section 15, Regulation VII. 1799, to register in the Cutcherry of the 24-Pergunnahs Collectorate all transfers of their Holdings, or of portions of them, by sale, gift or otherwise.

II. Inattention to this rule on the part of the Pottahdars has caused the retention on the Collector's registers of the names of former Holders, in whose names indeed in some cases the Holdings have been sold for arrears.

III. All Holdings in arrear are liable to sale at the close of the year under Section 2, Regulation VIII. of 1835, and Section 25, Regulation VII. of 1799, on a 10 days' notice by advertisement at the Cutcherry of the Zillah Court and that of the Collector. *No local advertisement is necessary.*

IV. The Tehsildar and Etmamdars of Punchanogram have received strict orders to return their Ground Rent Bills to the Collector after one presentation, the date of the presentation and its result being certified on the back.

The Collector publishes this notification with a view to showing absent and non-resident Pottahdars the risks attending disregard on their part to the registration law and neglect on that of their tenants to the discharge of their ground rents.

SEVERAL complaints having been made to the Collector of Holdings in Punchanogram having been sold for arrears which have never been demanded from their occupants, the attention of the Pottahdars in general is called to the following notification:

I. The Pottahdaree Tenure under the Government Construction of the Law brings the Holder under the Class of Dependant Talookdars, who are bound under the Provisions of Clause 8, Section 15, Regulation VII. 1799, to register in the Cutcherry of the 24-Pergunnahs Collectorate all transfers of their Holdings, or of portions of them, by sale, gift or otherwise.

II. Inattention to this rule on the part of the Pottahdars has caused the retention on the Collector's registers of the names of former Holders, in whose names indeed in some cases the Holdings have been sold for arrears.

III. All Holdings in arrear are liable to sale at the close of the year under Section 2, Regulation VIII. of 1835, and Section 25, Regulation VII. of 1799, on a 10 days' notice by advertisement at the Cutcherry of the Zillah Court and that of the Collector. *No local advertisement is necessary.*

IV. The Tehsildar and Etmamdars of Punchanogram have received strict orders to return their Ground Rent Bills to the Collector after one presentation, the date of the presentation and its result being certified on the back.

The Collector publishes this notification with a view to showing absent and non-resident Pottahdars the risks attending disregard on their part to the registration law and neglect on that of their tenants to the discharge of their ground rents.

SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

SATURDAY, FEBRUARY 22, 1851.

The Hon'ble the Deputy Governor of Bengal has been pleased to sanction the following Rules for the guidance of the Superintendent of Stationery, and of all Public Officers who are authorized to indent upon the Government Stationery Office; and to direct that they be published for general information, as superseding all existing orders relating to that Department.

Rules for the Superintendent's Office.

I. The Superintendent of Stationery, under the general supervision of the Board of Revenue for the Lower Provinces, has the entire charge and management of the Stationery Office.

II. The Superintendent prepares, and submits, through the Board to Government, the Annual Indents for Stationery required from England. All articles, which it may be necessary to procure in this country, are purchased by the Superintendent at his own discretion, and he is responsible for the quality of such articles.

III. To enable the Superintendent to make purchases, he is supplied from time to time, on application through the Board, with Treasury Orders. He submits Monthly, for the Board's Audit, a Statement of his expenditure, together with the Bills of purchases.

IV. The Superintendent is responsible for the due care and preservation of the Stationery Stores. He is allowed a Storekeeper, and Deputy Storekeeper, or Packer, from whom he may require Security, for his own protection, to the extent of Rupees 6,000 from the former, and Rupees 2,000 from the latter.

V. The Superintendent corresponds directly with all Officers who receive supplies from the Stationery Office. But Circular Letters, containing general instructions, are submitted for the Board's approval, previous to issue. All differences, which may arise between the Superintendent and Indenting Officers, are referred for the decision of the Board.

VI. The Indents, from Public Officers upon the Stationery Office, are to be drawn out by Indenting Officers, and supplied by the Superintendent, according to the scale approved by Government, and in conformity with the following Rules.

Note.—Post Masters, Secretaries to Local Committees of Education, and all Public Officers not authorized to indent on the Government Stationery Office, may be supplied with Stationery, by the Superintendent at a charge of 5 per cent. above the prime cost of the articles supplied.

VIII. The Board of Revenue for the Lower Provinces are authorized to amend the above list at any time, and to admit or reject the application of any Officer not included in it, to indent for Stationery upon the Government Stores.

Form of Indents; and Directions for forwarding them.

IX. A scale has been drawn out (A) for regulating the supply of Stationery for all Public Offices; in accordance with which Indents must be framed and submitted in the form prescribed (B); the certificate at the foot of the latter being duly signed.

No other than printed forms of Indent, which can be obtained from the Superintendent's Office, should be used; nor should a transmitting letter be sent with the Indent, except when explanation is required to be given, which cannot be written on the Indent.

X. The abovementioned scale is intended to apply to Public Offices of all Departments, except the Hospital Department, for which a separate scale (C) is sanctioned.

XI. In cases where the full quantity and superior description of Stationery allowed by the scale is not necessary, it will be the duty of the Indenting Officer to modify his Indent accordingly.

XII. Mofussil Officers indenting will be careful not to omit to fill up accurately the label on the form of Indent, designating the address to be attached to the cases. When this is omitted, the responsibility of non-receipt, or delay in the arrival of the stores, will rest with the Indenting Officer.

XIII. As a general rule, all Indents will be annual—and all the columns in the form must be duly filled up. In emergent Indents, for which the same form is to be used, the 3rd, 5th and 6th columns only need be filled up. But emergent Indents should be resorted to as seldom as possible, and the explanation of their necessity be full. Where the explanation is not satisfactory, the Superintendent of Stationery is authorized to disallow the Indent.

3rd. Balance in hand.
5th Quantity now indented for.
6th Number of Assistants, &c.

XIV. The Annual Indents from all Offices above Allahabad, should be despatched so as to reach the Superintendent's Office on or before the 1st of May of the year preceding that for which the supply is required. From all other Offices they should be sent so as to reach him by the 1st of October.

XV. Indents are to be forwarded direct to the Superintendent by all Officers except those named below, who on account of the expensive and professional nature of the articles required by them, and because the scale is no guide to the proper supply, must submit theirs through their official Superiors; who will examine, countersign, and forward them to the Stationery* Office; that is to say,

Officers of the Departments of Public Works, through the Superintending Engineer of the Division.

Officers attached to the Grand Trigonometrical Survey, through the Surveyor General.

Officers of the Revenue Survey, through the Deputy Surveyor General.

Officers of the Canal and Roorkee College Departments, through the Local Head of those Departments.

* Note.—Indents for Mathematical Instruments, not being common Compasses and Parallel Rulers, are to be forwarded to the Superintendent of the Mathematical Instrument Department.

XVI. The Superintendents of the Government Lithographic and Military Orphan Presses will obtain paper from the Stationery Office for all forms required from them, for the Public Service. Public Officers therefore indenting for forms, should not apply through the Stationery Office, nor should they forward to the Press paper for the forms which they may require from it.

XVII. Should the Superintendent of either Press consider that the documents indented for can be supplied upon paper of a smaller size, or less expensive description, than that specified in the Indent, it will be his duty to submit a proposition to that effect to the Head, at the Presidency, of the Department to which the Indenting Officer belongs, who will decide upon the point in question.

XVIII. The Superintendents of these Presses, in making their Indents, are required to give timely notice to the Stationery Office, sending at the same time musters of what they require, signed by themselves. They are also to sign, as approved or otherwise, the musters sent from the Stationery Office for their approval, before the quantity indented for is supplied.

Instructions to be attended to in receiving supplies of Stationery.

XIX. The Superintendent of Stationery will advise the Indenting Officer when and how his supply of Stationery is despatched, noting particularly the address (which will be copied from the label on the Indent) to which it is consigned. Should there be any error in the address so notified, or should the despatch not reach its destination in due course, the Indenting Officer must take such steps as may be necessary for the correction of the error in the address, and for securing the receipt of the supply despatched; communicating at the same time with the Superintendent of Stationery, if he considers it necessary.

XX. On the arrival of the supply, the Indenting Officer should have the packages placed in a dry and properly protected place, prior to their being opened and counted out as soon as can conveniently be done.

XXI. The packages must be carefully opened and their contents counted out in the presence of the Head of the Indenting Office, who is required to watch the process, certifying the same at the foot of the receipt. The receipt must then be signed, and immediately transmitted to the Superintendent, with a detail of such articles as ought to be in the case, according to the list received from the Superintendent, but which are not found in it. The transmission of the receipt must not be delayed pending the reference to the Stationery Office regarding such short receipts, which will form the subject of a separate correspondence.

XXII. Officers who have Covenanted Assistants may employ those Assistants to supervise the unpacking and counting of the supply; and in the Government Secretariats, Boards and Sudder Courts, this duty may be performed by the Registers. In all other Offices, in case of the absence on duty of the Head of the Office, or other sufficient cause, the packages may be opened by the Head Clerk or Principal Uncovenanted Assistant. In all these cases the certificate must be signed by the person who opens the packages, and countersigned by the Head of the Office.

Adjustment of short receipts.

XXIII. The liabilities for short receipts will be adjusted as follows:

The Superintendent of Stationery will submit to the Board periodically a statement of short receipts classed under three heads A, B and C.

The value of trifling deficiencies contingent upon excusable accident will be included in A, and passed by the Board to be written off to profit and loss in the accounts of the Superintendent.

The liability for short receipts, where the supplies are certified to have been opened and duly examined, in the presence of the Head of the Office, will come under head B, and rest with the Superintendent of Stationery and his employés.

For the value of short receipts, where the provisions of these rules shall not have been strictly observed, which will be shewn under head C, the Receiving Officer will be held responsible.

XXIV. The above statements, with the Board's orders on them, will then be sent to the Accountant's Office for adjustment.

In cases where the Stationery Office is held responsible, the amount will stand at the personal debit of the Superintendent, until recovered by him from the party responsible to him.

When the Indenting Officer is held liable, as under head C, an extract from the statement will be sent to the Civil Auditors, Military Auditor General, or Accountant's Offices, as the case may be, with a view to the necessary steps being taken for the recovery of the amount, under the general rules in force in those Offices, for the recovery of other dues to Government.

XXV. Whenever the Receiving Officer may have reason to consider that the packing, or transport of the cases has been improperly or carelessly performed, he is required to intimate the same, whether actual injury has resulted or not, to the Superintendent of Stationery, mentioning the reasons for his opinion, with suggestions for future prevention. The Superintendent will take steps to obviate a recurrence of the neglect pointed out.

XXVI. On receiving an Indent from an Office at the Presidency, the Superintendent will fix a time for the delivery of the Stationery. At the time fixed, an Assistant from the Indenting Office will attend at the Stationery Office to take charge of the supplies, and see them put into the Stationery Cart. The Keys of the Cart will then be put in a sealed envelope and sent to the address of the Indenting Officer. Objections must be made before the supplies leave the Office, and bottles, baskets, &c., belonging to the Stationery Office, must be returned.

Complaints.

XXVII. Complaints as to the quality of supplies received, should be accompanied by an average sample of the article complained of, duly attested by the complaining Officer, as being part of the supply furnished by the Stationery Office on such a date, and the marks on the articles or covering of the packages should be carefully ascertained and reported. To prevent fraudulent sub-

stitution of other than the Government supplies, these complaints can only be admitted when preferred within seven days of the opening of the cases. Complaints of good articles being damaged in transit should be accompanied by the Officer's opinion, and the grounds of it, as to whether the damage was caused by bad soldering, careless packing, or from maltreatment of the package in the Post Office, Steamer, or other mode of conveyance.

Contingent Bills.

XXVIII. In consequence of the arrangements now made for the timely Indent for, and supply of, Stationery from the Government Office to Public Offices in all parts of the country, the necessity for purchasing supplies on the spot will rarely occur. Such purchases may occasionally be indispensable, but will only be admitted where the case is shewn to be one of great emergency, and the declaration upon honor at the foot of the bill is duly signed. Public Officers are desired to borrow from other Offices pending the arrival of their own supplies, rather than resort to local purchase: giving early advice to the Superintendent.

XXIX. The fixed sum hitherto allowed for Country Paper and other articles of Stationery will cease in all Offices from the 1st of May next. The actual expenditure on account of such articles as are not supplied on Indent* by the Superintendent of Stationery, will be included monthly in a Contingent Bill, (form of which will be supplied), and forwarded to the Superintendent of Stationery, whose countersignature will be sufficient authority for the expenditure being charged in the Cash Account of the Office transmitting it. The Accountants to the Governments of Bengal and the North-Western Provinces, being furnished by the Superintendent with a Statement, passed by the Board of Revenue, Lower Provinces, of such bills in aggregate, will be enabled to check and pass the several charges as they come before them, in the Cash Accounts of the Treasuries from which they are paid. The Contingent Stationery Bill of any Office which has no Treasury of its own, will be payable, when countersigned by the Superintendent, at the Treasury from which the salaries of the Office are disbursed. The above rule is intended to apply only to Officers located at Sudder Stations, and not to Moonsiffs, Darogahs of Police, of Salt Chokies, and similar Mofussil Officers.†

* NOTE.—Serampore Paper can always be supplied, and should be indented for, in the Annual Indents.

† NOTE.—It applies to *all* Joint Magistrates as well as to Sub-Deputy Opium Agents.

XXX. In cases where the Superintendent of Stationery finds that he can supply any article of Stationery at a lower rate than that charged in the Contingent Bill of any Office, he will intimate the same to the Head of that Office, who will then abstain from making local purchases, and indent upon the Stationery Office for the articles indicated by the Superintendent.

The Superintendent can supply Country Paper, of good quality, at 2 rupees 8 annas per Ream.

XXXI. In the Stationery Bill, above described, will be included all charges for Vinegar, Glue, Cloth, Oil, Paste, Country Ink, Ditto Pens, Needles, Twine, Binding Records, all charges in short coming under the designation of Stationery Contingencies.

Prevention of abuses.

XXXII. Care must be taken by the Head of every Office to prevent the use of the Government Stationery in any other than the Public Service. The stores of Stationery should be placed in charge (under lock and key) of a responsible Writer or Assistant in the Office, whose name should be communicated to the Superintendent of Stationery, and be attached, in addition to that of the Indenting Officer, to all Indents. A book, (which is to be sent, when required for inspection, to the Superintendent) is to be kept by him of all issues of Stationery, and such issues are to be acknowledged in it by the signature (in initials) of the Officer or Assistant who takes the articles. Any abuse apparent to the Assistant in charge of the Stationery is to be brought to the immediate notice of the Head of the Office.

XXXIII. All cases of fraud or wilful waste are to be reported to the Superintendent; who, with the sanction of the Board, will direct a criminal prosecution of the offender, or such other measure as may be deemed proper. Paper supplied from the Government Office being now stamped with distinguishing marks, the detection of such fraud or waste is much facilitated, and all public Officers are invited to co-operate in checking abuses, which entail in the aggregate a serious loss upon Government.

XXXIV. Packing Cases received from the Stationery Office are to be sold, and the proceeds credited to the Superintendent of Stationery in the Cash Accounts of the Office. The amount so credited being communicated to the Superintendent at the close of the year of account.

By Order of the Hon'ble the Deputy Governor of Bengal,

J. P. GRANT,

Secy. to Govt. of Bengal.

Captain Cunningham will assume charge of the above appointment on the completion of the duty on which he is at present employed.

Camp Jubbee, 10th February, 1851.

The Most Noble the Governor General is pleased to publish the following paragraphs of a Military Despatch from the Hon'ble the Court of Directors, No. 130, dated 27th November 1850:

Para. 10. "The Commander-in-Chief has referred to the additional number of Officers withdrawn from Regiments consequent on the annexation of the Punjab, and has observed, that

under such circumstances it does not appear possible to confine the withdrawal of Officers from their Regiments for Staff employ to the limit laid down by us."

11. "We have already admitted that, under present circumstances, the number of Officers on detached employment at your Presidency necessarily exceeds the limit of five per Regiment, but we do not consider that it is necessary to exceed the limit as regards Officers of the rank of Captain. That limit was first fixed at two per Regiment, since which we have added one Captain to each Regiment of Cavalry and Infantry, for the express purpose of meeting the additional drain for the Staff. The limit may now, therefore, be considered to be three Captains per Regiment, and we expect that it will not be exceeded without an absolute necessity, the particulars of which are to be specially communicated to us."

The Governor General is pleased to direct that, hereafter, the number of Officers permitted to be withdrawn for Staff and detached employment shall be considered to be three Captains and three Subalterns, per Regiment of the Line.

Notice to the Pottahdars of Punchanogram.

SEVERAL complaints having been made to the Collector of Holdings in Punchanogram having been sold for arrears which have never been demanded from their occupants, the attention of the Pottahdars in general is called to the following notification:

I. The Pottahdaree Tenure under the Government Construction of the Law brings the Holder under the Class of Dependant Talookdars, who are bound under the Provisions of Clause 8, Section 15, Regulation VII. 1799, to register in the Cutcherry of the 24-Pergunnahs Collectorate all transfers of their Holdings, or of portions of them, by sale, gift or otherwise.

II. Inattention to this rule on the part of the Pottahdars has caused the retention on the Collector's registers of the names of former Holders, in whose names indeed in some cases the Holdings have been sold for arrears.

III. All Holdings in arrear are liable to sale at the close of the year under Section 2, Regulation VIII. of 1835, and Section 25, Regulation VII. of 1799, on a 10 days' notice by advertisement at the Cutcherry of the Zillah Court and that of the Collector. *No local advertisement is necessary.*

IV. The Tehsildar and Etmamdars of Punchanogram have received strict orders to return their Ground Rent Bills to the Collector after one presentation, the date of the presentation and its result being certified on the back.

The Collector publishes this notification with a view to showing absent and non-resident Pottahdars the risks attending disregard on their part to the registration law and neglect on that of their tenants to the discharge of their ground rents.

Notice to the Pottahdars of Punchanogram.

SEVERAL complaints having been made to the Collector of Holdings in Punchanogram having been sold for arrears which have never been demanded from their occupants, the attention of the Pottahdars in general is called to the following notification:

I. The Pottahdaree Tenure under the Government Construction of the Law brings the Holder under the Class of Dependant Talookdars, who are bound under the Provisions of Clause 8, Section 15, Regulation VII. 1799, to register in the Cutcherry of the 24-Pergunnahs Collectorate all transfers of their Holdings, or of portions of them, by sale, gift or otherwise.

II. Inattention to this rule on the part of the Pottahdars has caused the retention on the Collector's registers of the names of former Holders, in whose names indeed in some cases the Holdings have been sold for arrears.

III. All Holdings in arrear are liable to sale at the close of the year under Section 2, Regulation VIII. of 1835, and Section 25, Regulation VII. of 1799, on a 10 days' notice by advertisement at the Cutcherry of the Zillah Court and that of the Collector. *No local advertisement is necessary.*

IV. The Tehsildar and Etmamdars of Punchanogram have received strict orders to return their Ground Rent Bills to the Collector after one presentation, the date of the presentation and its result being certified on the back.

The Collector publishes this notification with a view to showing absent and non-resident Pottahdars the risks attending disregard on their part to the registration law and neglect on that of their tenants to the discharge of their ground rents.

Officiating Collector.

Notice to the Pottahdars of Punchanogram.

SEVERAL complaints having been made to the Collector of Holdings in Punchanogram having been sold for arrears which have never been demanded from their occupants, the attention of the Pottahdars in general is called to the following notification:

I. The Pottahdaree Tenure under the Government Construction of the Law brings the Holder under the Class of Dependant Talookdars, who are bound under the Provisions of Clause 8, Section 15, Regulation VII. 1799, to register in the Cutcherry of the 24-Pergunnahs Collectorate all transfers of their Holdings, or of portions of them, by sale, gift or otherwise.

II. Inattention to this rule on the part of the Pottahdars has caused the retention on the Collector's registers of the names of former Holders, in whose names indeed in some cases the Holdings have been sold for arrears.

III. All Holdings in arrear are liable to sale at the close of the year under Section 2, Regulation VIII. of 1835, and Section 25, Regulation VII. of 1799, on a 10 days' notice by advertisement at the Cutcherry of the Zillah Court and that of the Collector. *No local advertisement is necessary.*

IV. The Tehsildar and Etmamdars of Punchanogram have received strict orders to return their Ground Rent Bills to the Collector after one presentation, the date of the presentation and its result being certified on the back.

The Collector publishes this notification with a view to showing absent and non-resident Pottahdars the risks attending disregard on their part to the registration law and neglect on that of their tenants to the discharge of their ground rents.

Notice to the Pottahdars of Punchanogram.

SEVERAL complaints having been made to the Collector of Holdings in Punchanogram having been sold for arrears which have never been demanded from their occupants, the attention of the Pottahdars in general is called to the following notification:

I. The Pottahdaree Tenure under the Government Construction of the Law brings the Holder under the Class of Dependant Talookdars, who are bound under the Provisions of Clause 8, Section 15, Regulation VII. 1799, to register in the Cutcherry of the 24-Pergunnahs Collectorate all transfers of their Holdings, or of portions of them, by sale, gift or otherwise.

II. Inattention to this rule on the part of the Pottahdars has caused the retention on the Collector's registers of the names of former Holders, in whose names indeed in some cases the Holdings have been sold for arrears.

III. All Holdings in arrear are liable to sale at the close of the year under Section 2, Regulation VIII. of 1835, and Section 25, Regulation VII. of 1799, on a 10 days' notice by advertisement at the Cutcherry of the Zillah Court and that of the Collector. *No local advertisement is necessary.*

IV. The Tehsildar and Etmaundars of Punchanogram have received strict orders to return their Ground Rent Bills to the Collector after one presentation, the date of the presentation and its result being certified on the back.

The Collector publishes this notification with a view to showing absent and non-resident Pottahdars the risks attending disregard on their part to the registration law and neglect on that of their tenants to the discharge of their ground rents.

Officiating Collector.

Fort William, Home Department, Legislative, The 21st February, 1851.

The following Draft of a proposed Act was read in Council for the first time on the 21st of February 1851.

ACT No. —— OF 1851.

An Act for securing the Land Revenue at Madras.

Whereas it is expedient that the land revenue accruing due to the East India Company within the limits of the jurisdiction of the supreme court of judicature at Madras, be ascertained and collected in a summary manner as in other parts of the territories under the Government of the East India Company, It is declared and enacted as follows :—

I. All assessable land, not the property of the East India Company, within the town of Madras, and within so much of the surrounding country as is situated within the limits of the jurisdiction of the supreme court of judicature of which the rate of assessment is not known, or which has not heretofore been assessed, shall be assessed at the rates which are now in force for similar lands.

II. The assessment upon such lands shall be fixed by the collector of Madras after due consideration of the assessment borne by other lands of similar quality or situation. The collector shall be empowered to enter upon such lands, in person, or by means of such officer or officers of his establishment as he may depute, for the purpose of determining the assessment to be imposed upon the lands. In the event of the proprietor of the land disputing the fairness of the assessment so fixed by the collector, he shall be at liberty at any time, within six months after the time of the fixing of such assessment, to appeal to the Board of Revenue, and their decision upon the point shall be final.

III. Lakiraj tenures of land in Madras, of which uninterrupted possession has been held under alleged grants, exempt from assessment for sixty years shall be valid; no other lakiraj tenures of land in Madras shall be deemed valid unless the same are or shall be held under an unexpired grant from the British Government.

IV. If any owner of land, or any person holding land in a grant or certificate from the East India Company shall, upon the written demand of the Collector, refuse or neglect to pay any sum at which the land is assessed, or for which he is liable under his grant or certificate, the Collector may levy the same by distress and sale of the goods and chattels wherever found of such owner or lessee; or, after written demand upon the tenant or occupier, and his refusal or neglect to pay the sum lawfully demanded, by distress and sale of any goods and chattels found upon the land.

V. In the case of payment by any tenant or occupier not holding immediately under the East India Company, or the seizure and sale of his property, he may deduct the amount of the payment or levy from the next payment of rent to his landlord.

VI. The claim of the East India Company for land revenue or rent has priority over all other claims upon the land, or to which property distrained upon the land may be liable.

VII. If the Collector's claim for arrears of rent is disputed, the process of distraint and sale shall not be stayed unless the amount claimed be lodged with the Collector.

VIII. Arrears of rent or revenue due to the East India Company are recoverable within six years next after the same are due, or next after an acknowledgment of the same in writing has been given by the person by whom the same is payable or his Agent, and not afterwards.

IX. When a claim to hold land lakiraj, or free of assessment, shall be set up under this Act, the Collector shall inquire into the claim; taking such evidence as the claimant may offer, or the public records supply; and shall report his proceedings in the case for the consideration of the Board of Revenue. If the Board of Revenue are satisfied of the validity of the claim, they shall make an order accordingly, and such order shall be final. If they are not satisfied of the validity of the claim, they shall direct the Collector to assess the land, leaving the claimant to contest the Collector's demand in the Civil Courts as herein provided.

X. Any person obstructing or molesting the Collector or any of his subordinate officers in the execution of their duty shall, on conviction before a magistrate of the town of Madras, be liable to a fine not exceeding five hundred rupees, and in default of payment to imprisonment in the common gaol for a term not exceeding six months, or until the fine is sooner paid.

XI. The Collector may punish any contempt committed in his presence in open cutcherry or office, by fine not exceeding two hundred rupees, and in default of payment by imprisonment in the common gaol for a term not exceeding one month. From every such order of fine or imprisonment an appeal shall lie to the Board of Revenue, whose decision shall be final.

XII. The Collector shall act in the execution of this Act, under the usual control of the superior revenue authorities.

XIII. The ground rents payable to the East India Company from lands in Madras are revenue within the meaning of the Act of Parliament, 21 Geo. III. Cap. 70; and the supreme court of judicature established by royal charter at Madras has not any civil jurisdiction concerning the said ground rents, or concerning any thing ordered or done in the assessment or collection thereof.

XIV. All actions c[illegible]ing any trespass or injury committed by r[illegible]venue officer, acting under colour of this A[illegible]oncerning any claim in respect of any good[illegible] by or any monies paid to any revenue [illegible] under this Act, or

concerning any claim of rent or revenue on the part of the East India Company under this Act, shall be tried and determined in the civil courts established by the East India Company, in the zillah of Chingleput, notwithstanding that the cause of action in respect of which such action is brought, arose or the defendant therein reside within the limits of the town of Madras, and every such action shall be brought within six months after the cause of action arose and not afterwards.

XV. The term "collector of Madras" wherever it occurs in this Act shall be understood to mean the officer who may at any time be charged by the Governor of Fort St. George in Council, with the superintendence and collection of the public revenue within the town of Madras, although such officer may not be officially designated "collector of Madras."

Ordered, that the draft now read be published for general information.

Ordered, that the said draft be re-considered at the first Meeting of the Legislative Council of India after the 21st day of May next.

FRED. JAS. HALLIDAY,
Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 7th March, 1851.

The following Draft of a proposed Act was read in Council for the first time on the 7th March 1851.

ACT No. —— OF 1851.

An Act for the prevention of Gambling in Bombay.

Whereas the vice of Gambling has of late years much increased, and many gaming houses have been established within the Town and Island of Bombay, for suppression of which the laws now in force are inadequate, It is enacted as follows:

I. So much of Article II. of Title Fifth of a Rule, Ordinance and Regulation passed by the Governor of Bombay in Council on the 11th day of April 1827, and registered in the Supreme Court of Bombay on the 22nd day of June 1827, as provides that the Court of Petty Sessions shall exercise jurisdiction over common gamblers who shall not give a satisfactory account of any other means of livelihood, shall be repealed.

II. Every person who within the Town and Island of Bombay shall keep a common gaming house, or any room, or other place used for the purposes of a common gaming house, or who shall have the care or management thereof, or shall in any manner conduct the business of any such common gaming house either as Banker, Shroff, Croupier or otherwise, shall, on conviction before the Court of Petty Sessions, be punishable by fine not exceeding One Thousand Rupees, or in the discretion of the said Court, may be imprisoned with or without hard labor for any period not exceeding six Calendar months.

III. And whereas it may be doubted whether or not certain houses or rooms alleged or reputed to be opened for the use of the subscribers only, or not open to all persons desirous of using the same are to be deemed common gaming houses, it is declared and enacted that in default of other evidence proving any house, room, or place to be used as a common gaming house, it shall be enough in support of the allegation in any information or indictment that any house, room, or place is a common gaming house to prove that such house, room, or place is kept or used for playing therein at cards, dice, or any unlawful game, and that a bank is kept there by one or more of the players exclusively of the others, or that the chances of any game played therein are not alike favorable to all the players, including, among the players, the banker or other person by whom the game is managed, or against whom the other players stake play or bet; and every such house, room, or place shall be deemed a common gaming house.

IV. Every person who shall be found in any such common gaming house playing or gaming with cards, dice, counters, money, or other instruments of gaming, or who shall be found there present during such playing or gaming, or for the purpose of gaming, or who shall be found gaming with cards, dice, counters, money, or other instruments of gaming in any public street or thoroughfare within the said town and island whether playing for any money, wager, stake, or otherwise, shall be punishable, on conviction before the Court of Petty Sessions, by fine not exceeding Five Hundred Rupees; or in the discretion of the said Court, may be imprisoned with or without hard labor for any period not exceeding three Calendar months.

V. Any Magistrate of Police upon information laid before him on oath that there is reason to suspect any house, room, or place within the said town and island to be used as a common gaming house may, by his warrant, give authority to any Constable of Police in the town and island of Bombay to enter, with such assistance as may be found necessary by night or by day, and by force if necessary, any such house, room, or other place, and to take into custody all persons whom he finds therein, whether or not then actually gaming; and to seize all instruments of gaming, and all monies and securities for money found therein, and to search all parts of the house, room, or place which he shall have so entered, when he has reason to believe that any instruments of gaming are concealed; and to search also the persons of those whom he so takes into custody, and to seize and take possession of all cards, dice, counters, and other instruments of gaming which he shall find upon such search.

VI. When any cards, dice, gaming table or cloth, or other instruments of gaming are found in any house, room, or place of which information has been given on oath to a Magistrate of Police that it is suspected of being used as a common gaming house, or about the person of any of those who are found therein, it shall be evidence, until the contrary is made to appear, that such house, room, or place is used as a common gaming house, and that the persons found therein were there present for the purpose of gaming, although no play was actually seen by the Constable or any of his Assistants.

VII. On conviction of any person for keeping or being present for the purpose of gaming in any common gaming house, all the instruments of gaming found therein shall be destroyed by order of the Court of Petty Sessions, which shall also order all or any of the securities for money and other articles seized, not being instruments of gaming to be sold and converted into money, and the proceeds thereof

with all monies seized therein to be forfeited, or in its discretion may order any part thereof to be returned to the parties appearing to have been severally thereunto entitled.

VIII. Any Officer of Police may arrest without warrant all persons whom he may see in the act of gaming in any street or public thoroughfare in the said town or island and seize all cards, dice, counters, and instruments of gaming which he finds in their possession, which on conviction of any of the parties shall be destroyed by order of the Court.

IX. It shall not be necessary in order to convict any person of keeping a common gaming house, or of being concerned in the management of any common gaming house or gaming table, to prove that any person found playing at any game was playing for any money, wager, or stake.

X. Any person who shall have been concerned in any unlawful gaming and who shall be examined as a witness before the said Court of Petty Sessions, on the trial of any person or persons for a breach of any of the provisions of this Act, and who upon such examination shall make true and faithful discovery to the best of his or her knowledge of all things as to which he or she shall be so examined, and who shall thereupon receive from the said Court a certificate in writing to that effect, shall be freed from all prosecutions under this Act for any thing done before that time in respect of such unlawful gaming.

XI. Nothing in the foregoing provisions of this Act contained shall be held to apply to Billiards, Bagatelle, or games of the like kind played at Hotels or Taverns licensed by the Collector of Land Revenue; and the Senior Magistrate of Police under Act XVIII. 1840, or in any place of public resort licensed by the Court of Petty Sessions under Act XIV. 1842.

XII. Every person who shall by any fraud or unlawful device or ill practice in playing at or with cards, dice, or other game, or in bearing a part in the stakes, wagers or adventures, or in betting on the sides or hands, of them that do play, or in wagering on the event of any game, sport, pastime, or exercise, win from any other person for himself, or any other or others any sum of money or valuable thing shall be deemed guilty of obtaining such money or valuable thing from such other person by a false pretence, with intent to cheat or defraud such person of the same, and being convicted thereof shall be punished accordingly.

XIII. No conviction or other proceeding before the said Court of Petty Sessions under this Act shall be quashed, or set aside or adjudged void or insufficient for want of form, or be removed by Certiorari into Her Majesty's Supreme Court.

XIV. All fines imposed under this Act shall be recovered under Act II. 1839.

XV. The Court of Petty Sessions shall on conviction have power to direct any portion not exceeding one-fourth of any fine which shall be levied under the provisions of this Act, or any part of the monies or proceeds of articles seized in any common gaming house and ordered to be forfeited to be paid to an informer, and the balance of such fines and monies or the whole hereof, as the case may be, shall be applied to the use of the Municipal Fund under Act XI. 1845.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 7th day of June next.

Fort William, Home Department, Legislative, The 21st February, 1851.

The following Draft of a proposed Act was read in Council for the first time on the 21st of February 1851.

Act No. —— of 1851.

An Act for securing the Land Revenue at Madras.

Whereas it is expedient that the land revenue accruing due to the East India Company within the limits of the jurisdiction of the Supreme Court of Judicature at Madras, be ascertained and collected in a summary manner as in other parts of the territories under the Government of the East India Company, It is declared and enacted as follows :—

I. All assessable land, not the property of the East India Company, within the Town of Madras, and within so much of the surrounding country as is situated within the limits of the jurisdiction of the Supreme Court of Judicature of which the rate of assessment is not known, or which has not heretofore been assessed, shall be assessed at the rates which are now in force for similar lands.

II. The assessment upon such lands shall be fixed by the Collector of Madras after due consideration of the assessment borne by other lands of similar quality or situation. The Collector shall be empowered to enter upon such lands, in person, or by means of such officer or officers of his establishment as he may depute, for the purpose of determining the assessment to be imposed upon the lands. In the event of the proprietor of the land disputing the fairness of the assessment so fixed by the Collector, he shall be at liberty at any time, within six months after the time of the fixing of such assessment, to appeal to the Board of Revenue, and their decision upon the point shall be final.

III. Lakiraj tenures of land in Madras, of which uninterrupted possession has been held under alleged grants, exempt from assessment for sixty years shall be valid; no other lakiraj tenures of land in Madras shall be deemed valid unless the same are or shall be held under an unexpired grant from the British Government.

IV. If any owner of land, or any person holding land in a grant or certificate from the East India Company shall, upon the written demand of the Collector, refuse or neglect to pay any sum at which the land is assessed, or for which he is liable under his grant or certificate, the Collector may levy the same by distress and sale of the goods and chattels wherever found of such owner or lessee; or, after written demand upon the tenant or occupier, and his refusal or neglect to pay the sum lawfully demanded, by distress and sale of any goods and chattels found upon the land.

V. In the case of payment by any tenant or occupier not holding immediately under the East India Company, or the seizure and sale of his property, he may deduct the amount of the payment or levy from the next payment of rent to his landlord.

VI. The claim of the East India Company for land revenue or rent has priority over all other claims upon the land, or to which property distrained upon the land may be liable.

VII. If the Collector's claim for arrears of rent is disputed, the process of distraint and sale shall not be stayed unless the amount claimed be lodged with the Collector.

VIII. Arrears of rent or revenue due to the East India Company are recoverable within six years next after the same are due, or next after an acknowledgment of the same in writing has been given by the person by whom the same is payable or his Agent, and not afterwards.

IX. When a claim to hold land lakiraj, or free of assessment, shall be set up under this Act, the Collector shall inquire into the claim; taking such evidence as the claimant may offer, or the public records supply; and shall report his proceedings in the case for the consideration of the Board of Revenue. If the Board of Revenue are satisfied of the validity of the claim, they shall make an order accordingly, and such order shall be final. If they are not satisfied of the validity of the claim, they shall direct the Collector to assess the land, leaving the claimant to contest the Collector's demand in the Civil Courts as herein provided.

X. Any person obstructing or molesting the Collector or any of his subordinate officers in the execution of their duty shall, on conviction before a Magistrate of the Town of Madras, be liable to a fine not exceeding five hundred rupees, and in default of payment to imprisonment in the common gaol for a term not exceeding six months, or until the fine is sooner paid.

XI. The Collector may punish any contempt committed in his presence in open cutcherry or office, by fine not exceeding two hundred rupees, and in default of payment by imprisonment in the common gaol for a term not exceeding one month. From every such order of fine or imprisonment an appeal shall lie to the Board of Revenue, whose decision shall be final.

XII. The Collector shall act in the execution of this Act, under the usual control of the superior revenue authorities.

XIII. The ground rents payable to the East India Company from lands in Madras are revenue within the meaning of the Act of Parliament, 21 Geo. III. Cap. 70; and the Supreme Court of Judicature established by Royal Charter at Madras has not any civil jurisdiction concerning the said ground rents, or concerning any thing ordered or done in the assessment or collection thereof.

XIV. All actions concerning any trespass or injury committed by any revenue officer, acting under colour of this Act, or concerning any claim in respect of any goods taken by or any monies paid to any revenue officer under this Act, or

concerning any claim of rent or revenue on the part of the East India Company under this Act, shall be tried and determined in the Civil Courts established by the East India Company, in the Zillah of Chingleput, notwithstanding that the cause of action in respect of which such action is brought, arose or the defendant therein reside within the limits of the Town of Madras, and every such action shall be brought within six months after the cause of action arose and not afterwards.

XV. The term "Collector of Madras" wherever it occurs in this Act shall be understood to mean the officer who may at any time be charged by the Governor of Fort St. George in Council, with the superintendence and collection of the public revenue within the Town of Madras, although such officer may not be officially designated "Collector of Madras."

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 21st day of May next.

FRED. JAS. HALLIDAY,
Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 7th March, 1851.

The following Draft of a proposed Act was read in Council for the first time on the 7th March 1851.

ACT No. —— OF 1851.

An Act for the prevention of Gambling in Bombay.

Whereas the vice of Gambling has of late years much increased, and many gaming houses have been established within the Town and Island of Bombay, for suppression of which the laws now in force are inadequate, It is enacted as follows:

I. So much of Article II. of Title Fifth of a Rule, Ordinance and Regulation passed by the Governor of Bombay in Council on the 11th day of April 1827, and registered in the Supreme Court of Bombay on the 22nd day of June 1827, as provides that the Court of Petty Sessions shall exercise jurisdiction over common gamblers who shall not give a satisfactory account of any other means of livelihood, shall be repealed.

II. Every person who within the Town and Island of Bombay shall keep a common gaming house, or any room, or other place used for the purposes of a common gaming house, or who shall have the care or management thereof, or shall in any manner conduct the business of any such common gaming house either as Banker, Shroff, Croupier or otherwise, shall, on conviction before the Court of Petty Sessions, be punishable by fine not exceeding One Thousand Rupees, or in the discretion of the said Court, may be imprisoned with or without hard labor for any period not exceeding six Calendar months.

III. And whereas it may be doubted whether or not certain houses or rooms alleged or reputed to be opened for the use of the subscribers only, or not open to all persons desirous of using the same are to be deemed common gaming houses, it is declared and enacted that in default of other evidence proving any house, room, or place to be used as a common gaming house, it shall be enough in support of the allegation in any information or indictment that any house, room, or place is a common gaming house to prove that such house, room, or place is kept or used for playing therein at cards, dice, or any unlawful game, and that a bank is kept there by one or more of the players exclusively of the others, or that the chances of any game played therein are not alike favorable to all the players, including, among the players, the banker or other person by whom the game is managed, or against whom the other players stake play or bet; and every such house, room, or place shall be deemed a common gaming house.

IV. Every person who shall be found in any such common gaming house playing or gaming with cards, dice, counters, money, or other instruments of gaming, or who shall be found there present during such playing or gaming, or for the purpose of gaming, or who shall be found gaming with cards, dice, counters, money, or other instruments of gaming in any public street or thoroughfare within the said town and island whether playing for any money, wager, stake, or otherwise, shall be punishable, on conviction before the Court of Petty Sessions, by fine not exceeding Five Hundred Rupees; or in the discretion of the said Court, may be imprisoned with or without hard labor for any period not exceeding three Calendar months.

V. Any Magistrate of Police upon information laid before him on oath that there is reason to suspect any house, room, or place within the said town and island to be used as a common gaming house may, by his warrant, give authority to any Constable of Police in the town and island of Bombay to enter, with such assistance as may be found necessary by night or by day, and by force if necessary, any such house, room, or other place, and to take into custody all persons whom he finds therein, whether or not then actually gaming; and to seize all instruments of gaming, and all monies and securities for money found therein, and to search all parts of the house, room, or place which he shall have so entered, when he has reason to believe that any instruments of gaming are concealed; and to search also the persons of those whom he so takes into custody, and to seize and take possession of all cards, dice, counters, and other instruments of gaming which he shall find upon such search.

VI. When any cards, dice, gaming table or cloth, or other instruments of gaming are found in any house, room, or place of which information has been given on oath to a Magistrate of Police that it is suspected of being used as a common gaming house, or about the person of any of those who are found therein, it shall be evidence, until the contrary is made to appear, that such house, room, or place is used as a common gaming house, and that the persons found therein were there present for the purpose of gaming, although no play was actually seen by the Constable or any of his Assistants.

VII. On conviction of any person for keeping or being present for the purpose of gaming in any common gaming house, all the instruments of gaming found therein shall be destroyed by order of the Court of Petty Sessions, which shall also order all or any of the securities for money and other articles seized,

not being instruments of gaming to be sold and converted into money, and the proceeds thereof with all monies seized therein to be forfeited, or in its discretion may order any part thereof to be returned to the parties appearing to have been severally thereunto entitled.

VIII. Any Officer of Police may arrest without warrant all persons whom he may see in the act of gaming in any street or public thoroughfare in the said town or island and seize all cards, dice, counters, and instruments of gaming which he finds in their possession, which on conviction of any of the parties shall be destroyed by order of the Court.

IX. It shall not be necessary in order to convict any person of keeping a common gaming house, or of being concerned in the management of any common gaming house or gaming table, to prove that any person found playing at any game was playing for any money, wager, or stake.

X. Any person who shall have been concerned in any unlawful gaming and who shall be examined as a witness before the said Court of Petty Sessions, on the trial of any person or persons for a breach of any of the provisions of this Act, and who upon such examination shall make true and faithful discovery to the best of his or her knowledge of all things as to which he or she shall be so examined, and who shall thereupon receive from the said Court a certificate in writing to that effect, shall be freed from all prosecutions under this Act for any thing done before that time in respect of such unlawful gaming.

XI. Nothing in the foregoing provisions of this Act contained shall be held to apply to Billiards, Bagatelle, or games of the like kind played at Hotels or Taverns licensed by the Collector of Land Revenue, and the Senior Magistrate of Police under Act XVIII. 1840, or in any place of public resort licensed by the Court of Petty Sessions under Act XIV. 1842.

XII. Every person who shall by any fraud or unlawful device or ill practice in playing at or with cards, dice, or other game, or in bearing a part in the stakes, wagers or adventures, or in betting on the sides or hands, of them that do play, or in wagering on the event of any game, sport, pastime, or exercise, win from any other person for himself, or any other or others any sum of money or valuable thing shall be deemed guilty of obtaining such money or valuable thing from such other person by a false pretence, with intent to cheat or defraud such person of the same, and being convicted thereof shall be punished accordingly.

XIII. No conviction or other proceeding before the said Court of Petty Sessions under this Act shall be quashed, or set aside or adjudged void or insufficient for want of form, or be removed by Certiorari into Her Majesty's Supreme Court.

XIV. All fines imposed under this Act shall be recovered under Act II. 1839.

XV. The Court of Petty Sessions shall on conviction have power to direct any portion not exceeding one-fourth of any fine which shall be levied under the provisions of this Act, or any part of the monies or proceeds of articles seized in any common gaming house and ordered to be forfeited to be paid to an informer, and the balance of such fines and monies or the whole hereof, as the case may be, shall be applied to the use of the Municipal Fund under Act XI. 1845.

Fort William, Home Department, Legislative, The 21st February, 1851.

The following Draft of a proposed Act was read in Council for the first time on the 21st of February 1851.

ACT No. —— OF 1851.

An Act for securing the Land Revenue at Madras.

Whereas it is expedient that the land revenue accruing due to the East India Company within the limits of the jurisdiction of the Supreme Court of Judicature at Madras, be ascertained and collected in a summary manner as in other parts of the territories under the Government of the East India Company, It is declared and enacted as follows:—

I. All assessable land, not the property of the East India Company, within the Town of Madras, and within so much of the surrounding country as is situated within the limits of the jurisdiction of the Supreme Court of Judicature of which the rate of assessment is not known, or which has not heretofore been assessed, shall be assessed at the rates which are now in force for similar lands.

II. The assessment upon such lands shall be fixed by the Collector of Madras after due consideration of the assessment borne by other lands of similar quality or situation. The Collector shall be empowered to enter upon such lands, in person, or by means of such officer or officers of his establishment as he may depute, for the purpose of determining the assessment to be imposed upon the lands. In the event of the proprietor of the land disputing the fairness of the assessment so fixed by the Collector, he shall be at liberty at any time, within six months after the time of the fixing of such assessment, to appeal to the Board of Revenue, and their decision upon the point shall be final.

III. Lakiraj tenures of land in Madras, of which uninterrupted possession has been held under alleged grants, exempt from assessment for sixty years shall be valid; no other lakiraj tenures of land in Madras shall be deemed valid unless the same are or shall be held under an unexpired grant from the British Government.

IV. If any owner of land, or any person holding land in a grant or certificate from the East India Company shall, upon the written demand of the Collector, refuse or neglect to pay any sum at which the land is assessed, or for which he is liable under his grant or certificate, the Collector may levy the same by distress and sale of the goods and chattels wherever found of such owner or lessee; or, after written demand upon the tenant or occupier, and his refusal or neglect to pay the sum lawfully demanded, by distress and sale of any goods and chattels found upon the land.

V. In the case of payment by any tenant or occupier not holding immediately under the East India Company, or the seizure and sale of his property, he may deduct the amount of the payment or levy from the next payment of rent to his landlord.

VI. The claim of the East India Company for land revenue or rent has priority over all other claims upon the land, or to which property distrained upon the land may be liable.

VII. If the Collector's claim for arrears of rent is disputed, the process of distraint and sale shall not be stayed unless the amount claimed be lodged with the Collector.

VIII. Arrears of rent or revenue due to the East India Company are recoverable within six years next after the same are due, or next after an acknowledgment of the same in writing has been given by the person by whom the same is payable or his Agent, and not afterwards.

IX. When a claim to hold land lakiraj, or free of assessment, shall be set up under this Act, the Collector shall inquire into the claim; taking such evidence as the claimant may offer, or the public records supply; and shall report his proceedings in the case for the consideration of the Board of Revenue. If the Board of Revenue are satisfied of the validity of the claim, they shall make an order accordingly, and such order shall be final. If they are not satisfied of the validity of the claim, they shall direct the Collector to assess the land, leaving the claimant to contest the Collector's demand in the Civil Courts as herein provided.

X. Any person obstructing or molesting the Collector or any of his subordinate officers in the execution of their duty shall, on conviction before a Magistrate of the Town of Madras, be liable to a fine not exceeding five hundred rupees, and in default of payment to imprisonment in the common gaol for a term not exceeding six months, or until the fine is sooner paid.

XI. The Collector may punish any contempt committed in his presence in open cutcherry or office, by fine not exceeding two hundred rupees, and in default of payment by imprisonment in the common gaol for a term not exceeding one month. From every such order of fine or imprisonment an appeal shall lie to the Board of Revenue, whose decision shall be final.

XII. The Collector shall act in the execution of this Act, under the usual control of the superior revenue authorities.

XIII. The ground rents payable to the East India Company from lands in Madras are revenue within the meaning of the Act of Parliament, 21 Geo. III. Cap. 70; and the Supreme Court of Judicature established by Royal Charter

at Madras has not any civil jurisdiction concerning the said ground rents, or concerning any thing ordered or done in the assessment or collection thereof.

XIV. All actions concerning any trespass or injury committed by any revenue officer, acting under colour of this Act, or concerning any claim in respect of any goods taken by or any monies paid to any revenue officer under this Act, or concerning any claim of rent or revenue on the part of the East India Company under this Act, shall be tried and determined in the Civil Courts established by the East India Company, in the Zillah of Chingleput, notwithstanding that the cause of action in respect of which such action is brought, arose or the defendant therein reside within the limits of the Town of Madras, and every such action shall be brought within six months after the cause of action arose and not afterwards.

XV. The term "Collector of Madras" wherever it occurs in this Act shall be understood to mean the officer who may at any time be charged by the Governor of Fort St. George in Council, with the superintendence and collection of the public revenue within the Town of Madras, although such officer may not be officially designated "Collector of Madras."

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 21st day of May next.

FRED. JAS. HALLIDAY,
Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 7th March, 1851.

The following Draft of a proposed Act was read in Council for the first time on the 7th March 1851.

ACT No. —— OF 1851.

An Act for the prevention of Gambling in Bombay.

Whereas the vice of Gambling has of late years much increased, and many gaming houses have been established within the Town and Island of Bombay, for suppression of which the laws now in force are inadequate, It is enacted as follows:

I. So much of Article II. of Title Fifth of a Rule, Ordinance and Regulation passed by the Governor of Bombay in Council on the 11th day of April 1827, and registered in the Supreme Court of Bombay on the 22nd day of June 1827, as provides that the Court of Petty Sessions shall exercise jurisdiction over common gamblers who shall not give a satisfactory account of any other means of livelihood, shall be repealed.

II. Every person who within the Town and Island of Bombay shall keep a common gaming house, or any room, or other place used for the purposes of a common gaming house, or who shall have the care or management thereof, or shall in any manner conduct the business of any such common gaming house either as Banker, Shroff, Croupier or otherwise, shall, on conviction before the Court of Petty Sessions, be punishable by fine not exceeding One Thousand Rupees, or in the discretion of the said Court, may be imprisoned with or without hard labor for any period not exceeding six Calendar months.

III. And whereas it may be doubted whether or not certain houses or rooms alleged or reputed to be opened for the use of the subscribers only, or not open to all persons desirous of using the same are to be deemed common gaming houses, it is declared and enacted that in default of other evidence proving any house, room, or place to be used as a common gaming house, it shall be enough in support of the allegation in any information or indictment that any house, room, or place is a common gaming house to prove that such house, room, or place is kept or used for playing therein at cards, dice, or any unlawful game, and that a bank is kept there by one or more of the players exclusively of the others, or that the chances of any game played therein are not alike favorable to all the players, including, among the players, the banker or other person by whom the game is managed, or against whom the other players stake play or bet; and every such house, room, or place shall be deemed a common gaming house.

IV. Every person who shall be found in any such common gaming house playing or gaming with cards, dice, counters, money, or other instruments of gaming, or who shall be found there present during such playing or gaming, or for the purpose of gaming, or who shall be found gaming with cards, dice, counters, money, or other instruments of gaming in any public street or thoroughfare within the said town and island whether playing for any money, wager, stake, or otherwise, shall be punishable, on conviction before the Court of Petty Sessions, by fine not exceeding Five Hundred Rupees; or in the discretion of the said Court, may be imprisoned with or without hard labor for any period not exceeding three Calendar months.

V. Any Magistrate of Police upon information laid before him on oath that there is reason to suspect any house, room, or place within the said town and island to be used as a common gaming house may, by his warrant, give authority to any Constable of Police in the town and island of Bombay to enter, with such assistance as may be found necessary by night or by day, and by force if necessary, any such house, room, or other place, and to take into custody all persons whom he finds therein, whether or not then actually gaming; and to seize all instruments of gaming, and all monies and securities for money found therein, and to search all parts of the house, room, or place which he shall have so entered, when he has reason to believe that any instruments of gaming are concealed; and to search also the persons of those whom he so takes into custody, and to seize and take possession of all cards, dice, counters, and other instruments of gaming which he shall find upon such search.

VI. When any cards, dice, gaming table or cloth, or other instruments of gaming are found in any house, room, or place of which information has been given on oath to a Magistrate of Police that it is suspected of being used as a common gaming house, or about the person of any of those who are found therein, it shall be evidence, until the contrary is made to appear, that such house, room, or place is used as a common gaming house, and that the persons found therein were

there present for the purpose of gaming, although no play was actually seen by the Constable or any of his Assistants.

VII. On conviction of any person for keeping or being present for the purpose of gaming in any common gaming house, all the instruments of gaming found therein shall be destroyed by order of the Court of Petty Sessions, which shall also order all or any of the securities for money and other articles seized, not being instruments of gaming to be sold and converted into money, and the proceeds thereof with all monies seized therein to be forfeited, or in its discretion may order any part thereof to be returned to the parties appearing to have been severally thereunto entitled.

VIII. Any Officer of Police may arrest without warrant all persons whom he may see in the act of gaming in any street or public thoroughfare in the said town or island and seize all cards, dice, counters, and instruments of gaming which he finds in their possession, which on conviction of any of the parties shall be destroyed by order of the Court.

IX. It shall not be necessary in order to convict any person of keeping a common gaming house, or of being concerned in the management of any common gaming house or gaming table, to prove that any person found playing at any game was playing for any money, wager, or stake.

X. Any person who shall have been concerned in any unlawful gaming and who shall be examined as a witness before the said Court of Petty Sessions, on the trial of any person or persons for a breach of any of the provisions of this Act, and who upon such examination shall make true and faithful discovery to the best of his or her knowledge of all things as to which he or she shall be so examined, and who shall thereupon receive from the said Court a certificate in writing to that effect, shall be freed from all prosecutions under this Act for any thing done before that time in respect of such unlawful gaming.

XI. Nothing in the foregoing provisions of this Act contained shall be held to apply to Billiards, Bagatelle, or games of the like kind played at Hotels or Taverns licensed by the Collector of Land Revenue, and the Senior Magistrate of Police under Act XVIII. 1840, or in any place of public resort licensed by the Court of Petty Sessions under Act XIV. 1842.

XII. Every person who shall by any fraud or unlawful device or ill practice in playing at or with cards, dice, or other game, or in bearing a part in the stakes, wagers or adventures, or in betting on the sides or hands, of them that do play, or in wagering on the event of any game, sport, pastime, or exercise, win from any other person for himself, or any other or others any sum of money or valuable thing shall be deemed guilty of obtaining such money or valuable thing from such other person by a false pretence, with intent to cheat or defraud such person of the same, and being convicted thereof shall be punished accordingly.

XIII. No conviction or other proceeding before the said Court of Petty Sessions under this Act shall be quashed, or set aside or adjudged void or insufficient for want of form, or be removed by Certiorari into Her Majesty's Supreme Court.

XIV. All fines imposed under this Act shall be recovered under Act II. 1839.

XV. The Court of Petty Sessions shall on conviction have power to direct any portion not exceeding one-fourth of any fine which shall be levied under the provisions of this Act, or any part of the monies or proceeds of articles seized in any common gaming house and ordered to be forfeited to be paid to an informer, and the balance of such fines and monies or the whole hereof, as the case may be, shall be applied to the use of the Municipal Fund under Act XI. 1845.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 7th day of June next.

Madras, Marine Board Office, 15th February, 1851.

Notice is hereby given, that a fixed light, visible about 12 miles off, will be exhibited on and after the 1st May next, from a column erected about 2 miles E. N. E. of the low sandy extremity of Point Divi.

The following notice is taken from Lieutenant Fell's Sailing Directions for the Coromandel Coast: the spit therein alluded to having 1½ fathoms on its South-eastern edge.

"Point Divi in Lat. 15° 57′ 40″ N. Long. 81° "15′ 00″ E. bears from Masulipatam Flag Staff "South 6° East, distant 11½ miles. This point "is very low with a narrow sandy spit, extending "from it about 2½ miles in a S. E. direction. "In rounding this point with a fair wind during "the day, vessels ought not to come under 6 fa"thoms till to the Northward of it. Between "Point Divi and False Point Divi, the coast "ought to be approached during the night with "great caution, as the bank of soundings ex"tends but a few miles to seaward, having sound"ings of 100 fathoms 7 miles to seaward of a "line of 6 and 7 fathoms.

"From Point Divi to Masulipatam the coast "runs nearly North, and is safe to approach to "4½ and 5 fathoms."

After the above date the light at Masulipatam will be discontinued.

By order of the Marine Board,

Fort William, Civil Auditor's Office, The 11th March, 1851.

NOTIFICATION.

To the Officers of the Judicial, Revenue, Customs, Salt, Opium, Abkaree and other Branches of the Service.

The Civil Auditor requests that Disbursing Officers will submit for audit, a detailed Pay Abstract of their Office Establishments respectively, for the month of April 1851, stating therein the names, dates of appointment and the dates of the authority of Government, &c., sanctioning the same, or any alteration in the salaries of Christian Assistants and Native Omlahs that may have been made agreeably to the Financial Rules of 8th December 1843. The Thannah Establishments under the control of the Magistrates and Joint Magistrates to be specified in detail, distinguishing the sums drawn under each particular head, and the total of the Police Force shewn at one view in the outer column in the above Abstract. The Orders notified in the Calcutta Gazette, of the 6th January 1849, Page 11, should be strictly attended to with respect to vacant situations. At the foot of the Abstract a Memorandum must be given shewing the amount which may have been drawn purely as batta on account of salaries of old Incumbents, and the reduction that may have been effected in consequence of vacancies and subsequently carried to the credit of Government.

W. P. PALMER,
Civil Auditor.

COMMISSARIAT NOTICE.—Sealed Tenders will be received at the Commissariat Office up to 4 P. M. of the 31st March, for the supply for one year, from 1st May 1851, of the undermentioned required by the Commissariat Department:

Boats for the transport of Troops and Military Stores to the Upper Provinces, Dacca, Chittagong, &c., ...	Deposit Rs. 500
Saul Wood Puncheons, Hogsheads and Ghee Casks, of *European Manufacture*, ...	„ 200

Tenders to be made out agreeably to Forms to be seen at the Commissariat Office, and they will be opened and read at noon precisely on the 1st April, in presence of parties interested who may be in attendance.

The sums noted opposite each item will be required as a deposit with corresponding Tender.

J. C. SCOTT, *Captain,*
Asst. Commy. General.

Fort William, Comt. Office, the 22nd February, 1851.

NOTIFICATION.—An examination will be held early in April 1851, in the College of Fort William, for the purpose of filling up existing Vacancies in the Military class of the Medical College. All candidates will be expected to possess a knowledge of the Hindustani Language, adequate to enable them to read and write it in the Persian or Devanagri character.

2nd. All Interpreters of Regiments and Battalions will be requested, through the Military Departments, not to grant certificates of qualification to any candidate under the age of fifteen and

above that of twenty years; and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with certificates, who were found, on examination, quite unqualified for admission; and it is with a view to prevent the recurrence of this, that the above measure has been adopted.

3rd. Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper descriptive roll may be prepared for transmission to the Examiners of the College of Fort William.

4th. The preference in selection, attainments being equal, will be given to those who have already been attached to, or served in Civil or Regimental Hospitals.

5th. No candidate will be allowed to present himself for examination, who cannot produce a written testimonial of his conduct and character, or afford satisfactory evidence as to who and what he is. A few individuals of decidedly bad character have, upon recent occasions, managed to obtain admittance, it is supposed, by producing false papers; the strictest care and scrutiny will therefore be exercised in examining the credentials of all future candidates, who will, in addition, require to be furnished with regular muster rolls, in order that they may be identified.

6th. All pupils must, as a condition of their appointment, reside within the College premises at all times, and never be absent from morning and evening muster without special leave.

7th. All students in the Military class are amenable to the Articles of War, and regularly enlisted as Soldiers.

8th. No candidate will be admitted to the school, who is physically unfit for the duties of a Soldier.

(By order,)

FRED. J. MOUAT, M. D.,
Secretary.

Camp Peshawur, the 15th March, 1851.

The strength of the Rum and Spirits supplied from Canteens varying at the several Presidencies, and that issued in Bengal, which is only 10 per Cent. under London Proof, being found to be injurious to the health of the Soldier, the Most Noble the Governor General of India, in order to insure uniformity, and in continuation of G. O. G. G. of the 25th of June last, is pleased to direct, that all Rum or Spirits issued from Canteens at the three Presidencies, shall hereafter, in

conformity with the practice in Bombay, be 24 per Cent. under London Proof.

The Spirits will be kept in the Commissariat Stores at its present strength. When required by Canteens a responsible person is to be deputed, in whose presence its strength is to be tested, with both the Commissariat and Regimental Hydrometers, and a sufficient quantity of water is to be added, to reduce it to 24 per Cent. under London Proof.

It is not intended that the Retail price shall be altered, or that the Soldier shall have less pure Spirit for that price, than at present. Enlarged measures adapted to contain the same quantity of pure Spirit as at present, with the necessary proportion of water to dilute it to the extent mentioned, have been prepared at the Calcutta Mint, and will be issued, through the Military Board, to Corps and Detachments.

ACT No. —— OF 1851.

An Act for the consolidation and amendment of the Laws relating to the Customs under the Presidency of Bombay.

Whereas it is expedient to consolidate into one Act the laws now in force, relating to the customs under the Presidency of Bombay, and also to amend the rules for the collection and management of the same, It is enacted as follows:

I. The following Regulations and parts of Regulations of the Bombay Code, and the following Acts and parts of Acts of the Government of India, are repealed, that is to say, Sections I., II. and III.; Regulation VI. 1799; Clause 2nd, Section VII., Regulation IX. 1800; Sections XIV., XVII., XX., XXI. and XXV., Regulation I. 1805; Section IV. Regulation II. 1810; Regulation VI. 1814; Chapters III., V. and VII. Regulation XX. 1827; Regulation I. 1833; Act I. 1838, except in so far as it repeals any Regulation of the Bombay Code, or Act of the Government of India; Act IX. 1845, so far as it relates to the Bombay Presidency, except so far as it repeals any other Act; Act II. 1846; and all other Acts and parts of Acts, and all other Regulations and parts of Regulations of the Bombay Code, so far as such Acts or Regulations prescribe the levy within the Bombay Presidency of any customs duties, as well on transit by land as on import and export by sea, or which relate in any way to such duties, or which require the payment of any fee leviable by Customs Authorities on account of any vessel which may enter any port in the territories subject to the Presidency of Bombay.

II. Nothing hereinbefore contained shall be construed to prevent the levy of any anchorage or harbour dues now leviable at the port of Bombay, or the levy of any special duties on opium, tobacco, gunja, spirits or salt which are, or may be, established by any Law, or the levy of any town duty, or of any Municipal Tax, or of any toll on any bridge, road, canal or causeway, or for repair and maintenance of light-houses, or the levy of any rent or fee leviable under Act XXV. 1836, on the warehousing of goods.

III. The Governor of Bombay in Council may appoint one or more persons, to be commissioners of customs for the collection and management of the customs throughout the whole of the Presidency of Bombay with such salary or salaries as the said Governor in Council may deem reasonable; the persons so appointed shall hold their offices during the pleasure of the said Governor in Council, and shall, in all matters relating to the execution of their duties, be subject to the authority, direction and control of, and obey such orders and instructions as shall, from time to time, be issued to them, by the said Governor in Council.

IV. The Governor of Bombay in Council may appoint such persons as he may deem fit for the control and supervision of the collection and management of the customs in the Bombay Presidency under this Act, as collectors of customs, or under such other designation as the said Governor in Council shall determine; the persons so appointed shall be subject to the authority and control of the commissioner or commissioners (if any such officer shall have been appointed) in such manner and to such extent as the said Governor in Council, from time to time, may direct.

V. The Governor of Bombay in Council may appoint all other proper persons to execute the duties of the several subordinate officers necessary to the due management and collection of the customs, and may require from such persons such securities for their good conduct therein as the said Governor in Council may deem necessary; and may, from time to time, transfer any part of the duties and powers of any officer of customs under this Act to any other officer in such cases and under such restrictions as the said Governor in Council may deem fit; and every officer of customs appointed or employed on any duty relating to the said customs shall hold his office during the pleasure of the Governor of Bombay in Council: all persons holding any office or employment in the said customs, at the time of the passing of this Act, shall continue to be so employed therein under this Act until duly removed therefrom.

VI. The Governor of Bombay in Council may delegate the whole or any portion of the powers with which he is invested by the preceding section to any commissioner or collector or other officer of customs regularly appointed under the provisions of this Act, and all subordinate officers of customs, who may be appointed by such commissioner or collector, or other officer of customs, by virtue of such delegated power shall be liable to be dismissed, suspended or fined to an extent not exceeding two months' pay by the authority by which they were respectively appointed, subject to the control of Government or of superior authority in the customs department.

VII. Whoever intentionally obstructs any officer, in the exercise of any powers given by this Act to such officer, shall be punished with

imprisonment for a term not exceeding six months, or a fine not exceeding one thousand rupees, or both.

VIII. Any person, who shall offer a bribe to any custom house officer in order to induce such officer to act in a manner inconsistent with his duty, shall be punished for every such offence by a fine not exceeding one thousand rupees, or imprisonment not exceeding six months, or both.

IX. No action shall lie in the Supreme Court for any act or thing done under this Act; but every action for any wrong or trespass, if committed within the local limits of the Island of Bombay, shall be tried and determined before the Revenue Judge of Bombay, and if committed in any part of the Presidency of Bombay without those limits, then before the proper Zillah Judge within whose jurisdiction the same shall have been committed; and such Revenue Judge of Bombay, or Zillah Judge respectively, shall award such damages to the party aggrieved for the injury done as shall be just and equitable. Provided, that it shall appear that there was reasonable and probable cause for the act complained of, the plaintiff shall not be entitled, beyond the restoration of any article unlawfully seized, or the value thereof, to more than two annas damages without costs.

X. Whoever, being an officer appointed under the authority of this Act, shall be guilty of a wilful breach of the rules prescribed in this Act, or any other rules that shall be passed by the Governor of Bombay in Council under the authority of it, or shall accept, or obtain or attempt to obtain from any person any property, gratuity or benefit as a consideration for doing or forbearing to do any official act, shall be punished with imprisonment for a term not exceeding two years or fine, or both.

XI. Whoever, being an officer appointed under the authority of this Act, practices or attempts to practice any fraud for the purpose of injuring the customs revenue, or abets or connives at any such fraud, or at any attempt to practice any such fraud shall be punished with imprisonment for a term not exceeding two years, or fine or both.

XII. In all cases in which under this Act goods are liable to confiscation, and in all cases in which under this Act, any person in charge or owning a vessel or landing or shipping goods or passing them through the custom house, is liable to a penalty: a commissioner or collector of customs may adjudicate such confiscation or such penalty; or the same may be adjudged by a deputy or by an assistant collector of customs being a Justice of the Peace: provided, that the power to adjudicate confiscation shall not extend as regards a deputy collector to goods beyond the value of rupees one thousand, nor as regards an assistant collector to goods beyond the value of rupees one hundred, nor shall any deputy collector impose any fine beyond the amount of rupees fifty, nor any assistant collector beyond the amount of rupees ten; and all cases adjudicated by a deputy or assistant collector shall be liable to revision by a collector of customs on appeal.

XIII. In case any goods, ship, vessel, boat, cart, vehicle, or other article shall be seized as forfeited, or detained as under-valued under this Act, the adjudicating officer may order the same to be restored in such manner and on such terms and conditions as he thinks fit to direct; and if the proprietor of the same accepts such terms and conditions, he shall not have or maintain any action for recompense or damage on account of such seizure or detention, and the adjudicating officer shall not proceed to condemnation.

XIV. Any collector of customs or other officer, who is authorized to adjudicate customs cases, if he shall decide that a seizure of goods made under the authority of this Act was vexatious and unnecessary, may adjudge damages to be paid to the proprietor by the customs officer, who made such a vexatious seizure, beside ordering the immediate release of the goods; and if the proprietor accepts such damages no action shall thereafter lie against the officer of customs, in any court of justice, on account of such seizure; and if such adjudicating officer shall decide that the seizure was warranted, but shall deem that the penalty of confiscation is unduly severe, he may mitigate the same by levying on the goods so seized as aforesaid, any portion of the market value of such goods not less than one-tenth of such value; and if the said officer adjudges confiscation or any penalty in mitigation of confiscation, he may order further that from the sale of the goods, or from the proceeds of any penalty inflicted in mitigation of confiscation, a proportion not exceeding, in all cases of seizure but of salt or tobacco, one-half of the sum remaining after payment of all Government demands shall be distributed in rewards amongst such officers as he deems entitled thereto, and in such proportion as he directs to each respectively: but in awarding rewards for the seizure of confiscated salt or tobacco he may award one-half of the proceeds of sale without making any deduction on account of Government demands.

XV. All penalties under this Act except those specified in any judicial award of the collector or other adjudicating officer, as provided for in Section XIII. of this Act, shall be adjudged and determined by the officiating magistrate of the place where the offence shall have been committed; and any collector being a justice of peace, or deputy or assistant collector authorized in such behalf by his superior and being a justice of peace, may take informations and depositions by the oath or solemn affirmation or declaration touching any matters involving a breach of shall of the provisions of this Act, and if of taken in the presence of the party or parties in charged with such breach the same shall be received in evidence by such magistrate in the like manner and to the same extent as if taken before him, and shall be deemed sufficient for him to adjudicate thereon: but nothing herein shall prevent such magistrate from taking any information or deposition afresh or from taking other and further depositions in the matter, if he think fit.

XVI. If any person in charge of, or owning a vessel shall have become liable to any fine on account of any act or omission relating to the customs, the collector of customs, subject to the orders of the Governor of Bombay in Council, may refuse port clearance to such vessel until the fine is discharged; and in like manner if any person passing goods through the custom house, shall have become liable to any fine the collector of customs may detain such goods until the fine is discharged.

XVII. No person shall act as an agent for transacting business in the custom house in the port of Bombay which shall relate to the en-

trance or clearance of any ship, goods, or baggage, unless authorized so to do by licence of the collector of customs who may require a bond to be given by every person to whom such licence shall be granted with sufficient securities, in any sum not exceeding the sum of five thousand rupees for the faithful and incorrupt behaviour of such person as regards the custom house regulations and its officers; and every person who shall act as such agent not being so licensed shall, for every such offence, be liable to a fine not exceeding the sum of five hundred rupees. Provided always that nothing herein contained shall extend to forbid the clerk or servant, or known accredited agent of any person, or of any mercantile firm, from transacting business at the custom house on account of such person or firm without licence.

XVIII. Duties of customs shall be levied on goods imported by sea from any port not subject to the Government of the East India Company, or from Aden, or any port in the Straits of Malacca, the Tenasserim Provinces, or the Province of Arracan, into any place in the territories subordinate to the Government of the Presidency of Bombay according to the rates specified in Schedule A. annexed to this Act, and with the exceptions specified therein; and the said Schedule shall be taken to be a part of this Act.

XX. Whenever any vessel arrives at any port subordinate to the Bombay Presidency, (Surat port of Bombay excepted, an anchorage toll shall be levied at such port on each such arrival, according to the burthen, on all country craft, above the burthen of one hundred Indian maunds at the rates specified in the Schedule C. annexed to this Act; and the said Schedule shall be taken to be part of this Act.

XXI. No goods entered in either of the Schedules of this Act, as liable to duty, shall be exempted from the payment of such duty or of any part thereof except under special order from the Governor of Bombay in Council, and the collector of customs shall detain all goods subject to duty under this Act until such duty shall have been duly paid according to the rules herein provided. Provided always that the collector of customs, or other officer in charge of a custom house, may at his discretion pass free of duty any passenger's personal baggage in actual use, and if any person shall apply to have goods passed as such baggage, the collector, acting under the orders of Government, shall determine whether they be passenger's personal baggage in actual use, or goods subject to duty under the provisions of this Act.

XXII. On application by the exporter of any salt that has paid the excise duty, as established by law, a certificate shall be granted by the collector of customs at the place of export, under authority of which certificate the quantity of salt specified therein may be landed at any other port of the said Presidency of Bombay, and passed from such port into the interior of the country without the levy of any further duty either of excise or of customs.

XXIII. The Governor of Bombay in Council, from time to time by notice in the official gazette of that Presidency, may fix a value for any article, or number of articles, liable to duty upon their value, and the value so fixed for such articles shall, till altered by a similar notice, be taken to be the value of such articles for the purpose of levying duty on the same.

XXIV. When goods liable to duty for which a value has been fixed by such notice or for which a fixed duty has been declared by the Schedules annexed to this Act, are brought to any custom house in the Bombay Presidency in a damaged state, and such damage is declared previous to the assessment of customs on such goods, the collector of customs may make an abatement of customs in proportion to the damage received; and, in estimating such damage, he shall be guided by such rules as the Governor of Bombay in Council may from time to time determine and notify; but if the value of the goods be not deteriorated more than one-fifth part thereof no abatement of customs shall be allowed.

XXV. When goods liable to duty, for which a value has not been fixed by such a notice as it above directed, or for which a fixed duty has not been declared by the Schedules annexed to this Act, are brought to any custom house in the Presidency of Bombay for the purpose of being passed for importation or exportation, the duty leviable on such goods shall be levied according to the market value of such goods at the place and time of importation or exportation as the case may be.

XXVI. No goods shall be allowed to be passed through the custom house until a written application, according to a form to be prescribed by the collector of customs, shall have been made by the owner, consignee, exporter, importer or the agent for any of these respectively for permission to pass such goods through the custom house; and such application shall contain a true description of such goods, with the marks, numbers and description of the packages containing the same, and a declaration of their value, and shall set forth the name of the ship in which the goods have been imported, or are to be exported, the name of the master of the said ship, the colors under which the said ship sails, and the country in which the goods were produced. If any goods shall be passed through the custom house, or attempted to be removed therefrom without such an application in writing as is above described, they shall be liable to be seized and confiscated.

XXVII. The market value for assessment of duties on the goods indicated in Section XXV. shall be that declared in the application to be made, as aforesaid. Provided always that the value so declared be admitted by the collector or by the officer appointed to appraise goods at the custom house; but if the value of the whole or any part of the goods entered in the declaration aforesaid shall seem to the collector to be understated in such declaration he shall have power to

ake the goods, or any part thereof as purchased or the Government at the price so declared; and whenever the collector of customs shall so take goods for the Government payment thereof shall be made to the consignee, importer or exporter within one month from the date of the declaration; if the goods be imported goods, the amount of import duty leviable thereon shall be first deducted, and if the goods be intended for exportation, the entire value as declared, shall be paid without deduction on account of customs duty: and the collector shall sell the goods so taken on account of Government; and, if they shall realize on sale a sum exceeding all charges incurred on them by Government, a proportion not more than one-half of the excess shall, at the discretion of the collector, be payable to the officer who reported the undervaluation of the goods, who shall in like manner be liable to pay one-half of the net loss that may accrue on the sale of the said goods.

XXVIII. And whereas under Section XXIII. of this Act, it may be found expedient to fix the dutiable value of certain goods at the rates shewn by their invoice, when it shall appear to the officer of customs appointed to appraise goods at the custom house that any goods are undervalued in an invoice presented for the purpose of assessing customs he shall report the same to the collector of customs, who may at his discretion take such goods for Government at an advance of one-tenth part of the amount of the invoice value and charges, and dispose of them in the same manner as he is empowered by Section XXVII. to take goods at the value declared, and to dispose of the same.

XXIX. The collector of customs may restore any goods so taken for Government to the importer on good and sufficient cause for undervaluation being shewn, and on payment of the customs on the value at which the goods may be appraised by the customs officers.

XXX. Upon any goods liable to duty that may be passed through the custom house for shipment the application for which shall be presented after port clearance shall have been taken out, double of the prescribed duty shall, in all cases, be levied, and if the goods (always excepting treasure and opium) be free, or have already paid import duty, or have been imported free under certificate, five per cent. upon the market value shall be levied thereon, or if the same be imported goods entitled to drawback, the drawback shall be forfeited, but no separate duty shall be levied on drawback goods.

XXXI. When a vessel having cleared out for any port, shall put back from stress of weather, or it shall from any damage, or from other cause be necessary that the cargo of a vessel that has cleared out shall be unshipped or relanded, a customs officer shall be sent to watch the vessel, and take charge of the cargo during such relanding or removal from on board; and the goods on board such vessel shall not be allowed to be transhipped or re-exported free of duty by reason of the previous settlement of duty at the time of first export unless the goods shall be lodged in such place as shall be allowed by the collector of customs, and shall remain while on land or while on board of any other vessel under special charge of the officers of customs until the time of re-export, and all charges attending such custody shall be borne by the exporter. XXXII. When goods shall be relanded before the lading of any vessel is complete, and before port clearance has been granted, the duty levied upon such goods shall be returned to the exporter, but no refund shall be made of duty paid on the export of any goods after port clearance shall have been granted for the vessel on which the goods are exported, unless the vessel shall have put back for stress of weather or for damage, and the goods shall have been relanded under the rule contained in Section XXXII.

XXXIII. Goods exported in the same vessel on which they were imported, if manifested for re-export, shall not be subject to import or export duty; and, if any goods brought to any port in any vessel be transhipped in such port, they shall in all cases be subject to the same duty as if they had been landed and passed through the custom house for re-exportation in the vessel into which they may be transhipped.

XXXVI. Every person who shall counterfeit or falsify, or wilfully use when counterfeited or falsified any invoice, entry, cocket, or other document for the purpose of clearing, or having customs duties assessed on any goods, shall be liable to a fine not exceeding one thousand rupees.

XXXVII. If any certificate, manifest, bill, or other custom house documents be lost by any person to whom they may have been issued by the custom house authorities, the collector of customs, on being satisfied that no fraud has been committed, or was intended, may grant a duplicate of such lost document upon payment of a fee of not less than one rupee, nor exceeding ten rupees; and further the collector may authorize any amendment to be made in any import or export application; but, if such amendment be required after such application is entered and recorded in the custom

house books, then upon payment of a like fee for any document so entered.

XXXIX. On the arrival of any ship, boat, or other vessel at the port of Bombay the master or commander thereof shall, within twelve hours after he shall have anchored, report to the collector of customs the quantity of gunpowder which he has on board, and all such gunpowder in excess of five seers, unless a greater quantity shall be authorized by Government to be retained on board any vessel, shall be delivered by him in charge of such person as shall be named in an order to be furnished to him for such purpose by a proper officer of Government, and on his failure to make such report or deliver such excess, he shall be liable to a fine not exceeding five hundred rupees.

XL. When any vessel shall arrive in any port of the Presidency of Bombay, the master shall deliver a certificate of registry of such vessel if registered as a British vessel under Act of Parliament, or if registered under Acts of the Government of India No. X. 1841, or No. XI. 1850 a certificate of registry as required by such Acts, or if not registered under either of the said Acts then the pass or sea letter under which the vessel may have sailed to the first person duly empowered to receive such certificate of registry or pass, who comes on board; and if no such person comes on board before the anchor is dropped, then such certificate or pass shall be forwarded to the collector of customs or other principal officer of customs on the spot by the first boat that leaves the vessel after dropping anchor; and, if the port be up a river, or at a distance from the land first made, inward bound vessel, except such country craft as are described in Section LIX. of this Act, shall pass beyond such place in such river or adjoining such port as shall be from time to time appointed by the Governor of Bombay in Council, by an order published in the Government Gazette of the Presidency, until the master shall have forwarded in such manner as may be so ordered by the said Governor, a certificate of registry or pass, and the master of such vessel arriving as aforesaid, shall deliver in duplicate, at the same time and in like manner as he is hereinbefore directed to deliver a certificate of the registry of the vessel, a true manifest of the cargo on board; and if there be no cargo, then a blank manifest made out according to such form as may be prescribed by the collector of customs; and the wilful breach or neglect of any of the provisions of this Section shall subject the master to a fine not exceeding one thousand rupees.

XLI. If the manifest so delivered by the master shall not contain a full and true specification of all the goods imported in the vessel the said master shall be liable to a fine not exceeding rupees one thousand, and any goods or packages that may be found on board of any vessel in excess of the manifest so delivered, or differing in quality or kind, or in marks and numbers, from the specification contained therein, shall be liable to be seized by any officer of customs and confiscated, or to be charged with such increased duties not exceeding the value of such goods or packages as may be determined by the collector of customs.

XLII. If any inward bound vessel shall remain outside or below the place that may be fixed by the Governor in Council for the first delivery of manifests the master shall deliver a manifest as herein before prescribed, to the first person duly empowered to receive such manifest who comes on board, and the master of any vessel entering a port for which there is a custom house established, and being at anchor therein for twenty-four hours, who shall refuse or neglect to deliver the said manifest within that time in the manner above prescribed, shall, for such refusal or neglect, be liable to a fine not exceeding rupees one thousand; and no entry or port clearance shall be given for such vessel until the fine is paid.

XLIII. No vessel shall be entitled to inward entry, or be allowed to break bulk until a manifest in duplicate, as required by this Act, shall have been received by the collector of customs, nor until orders have been given by the said collector for the discharge of the cargo; and the said collector may further refuse to give such order if he shall see fit, until any port clearance, cocket or other papers known to be granted at the places from which the vessel is stated to have come, shall likewise be delivered to him.

XLIV. No vessel shall be entitled to entry outwards, or to take on board any part of her export cargo, until a written application shall have been made by the master of such vessel to the collector of customs, nor until an order shall have been given by the said collector for shipping export cargo, and in the written application to be made as aforesaid, the name, tonnage, and nation of the vessel shall be described, as also the name of the master, and the name or names of the place or places for which she is bound.

XLV. If in the application prescribed by the preceding Section of this Act, a vessel be described to be bound to any port or ports within the territories of the East India Company, then the collector of customs or, in his absence, his deputy or assistant may refuse a port clearance to such vessel until the master or commander thereof shall have given a joint bond together with the owner or the consignee of the said vessel, or some other party approved by the collector of customs, or in his absence by his deputy or assistant by which such parties or one of them, shall be bound to produce to the collector of customs a certificate from the officer in charge of the port to which such vessel is said to be bound, of her arrival at such port within a fair and reasonable time to be prescribed by the collector in each case, and in failure of producing such certificate, or shewing sufficient reason for its non-production, the parties to the bond aforesaid shall be jointly and severally bound to pay a penal sum equal to

double the amount of customs which would have been chargeable on the export cargo of the said vessel had she been declared bound to a port beyond the territories of the East India Company.

XLVI. No goods shall be allowed to leave any vessel or to be put on board thereof, until entry of the vessel shall have been duly made in the custom house of the port, and until order shall have been given for discharge or shipment of the cargo thereof as above provided, and it shall be the duty of every customs officer to seize as contraband any goods which have been removed from or put on board of any vessel in contravention of the above provision; and the master of any vessel who shall permit or neglect to take measures for preventing the landing or shipping of any goods in contravention of the above provisions, shall be liable to a fine not exceeding five hundred rupees.

XLVII. After entry of the vessel at the custom house in due form as above prescribed, such part of the cargo as may not be declared for re-exportation in the same vessel, shall be landed, and export cargo shall be laden on board according to the forms and rules that may be prescribed for the port by this Act, or by order of the Governor of Bombay in Council; and if an attempt be made to land or put on board goods or merchandise in contravention of the forms and rules so prescribed, the goods shall be liable to seizure and confiscation.

XLVIII. If goods entered in the manifest of a vessel shall not be found on board that vessel, or if the quantity found be short, and the deficiency be not duly accounted for, or if goods sent out of the vessel be not landed at the custom house, or at such other place as the collector of customs shall have prescribed, the master shall be liable to a penalty not exceeding five hundred rupees for every missing or deficient package of unknown value, and to a penalty equal to twice the amount of duty chargeable on the goods deficient and unaccounted for, if the duty can be ascertained, and if they be not subject to duty, then to a penal y equal to five per cent. on the value of such deficient goods. Provided however that nothing herein contained shall be construed to prevent the collector of customs from permitting, at his discretion, the master of any vessel to amend obvious and unintentional errors, or to supply omissions from accident or inadvertence by furnishing an amended or supplemental manifest.

XLIX. Every master of a vessel who shall remove from such vessel or put on board thereof any goods, or cause or suffer any goods to be removed from thence, or put on board thereof between sunset and sunrise, or on any day when the custom house is closed for business without leave in writing obtained from the collector of customs, shall be punished by fine not exceeding five hundred rupees.

L. When goods shall be sent from on board of any vessel for the purpose of being landed and passed for importation, there shall be sent with each boat load, or other separate despatch, a boat note specifying the number of packages and the marks and numbers, or other description thereof, and such boat note shall be signed by an officer of the vessel; and if the vessel have a customs officer on board, the boat note must be signed by such officer as well as by an officer of the vessel; and, if any imported goods be found in a boat proceeding to land from such a vessel without a boat note as above provided, or if being accompanied by such boat note they be found out of the proper track between the ship and the proper place of landing, the boat containing such goods may be detained by any officer of customs duly authorized by the collector; and, unless the cause of deviation be explained to the satisfaction of the collector of customs, the goods shall be liable to seizure and confiscation.

LI. Except in special cases, sanctioned by the collector of customs twenty days, exclusive of Sundays and holidays, shall be allowed for the discharge of the import cargo of vessels not exceeding six hundred tons' burthen, and thirty days for vessels exceeding that burthen; and the said periods shall be calculated from the date on which the vessel was admitted to entry inward; and if any goods remain on board after the periods above fixed, the collector may order the same to be landed and warehoused, for the security of the duties chargeable thereon, and of any freight and primage and other demands that may be due thereon, giving his receipt to the master for the goods so warehoused; but collector or other officer in charge of the custom house, with the consent of the master of the vessel, may cause any packages to be brought on shore and to be deposited in the Government warehouses, although the periods above fixed have not expired.

LII. No vessel shall depart from any port of the Presidency of Bombay without a port clearance being granted by the collector of customs or other proper officer duly authorized by the Governor of Bombay in Council to grant the same, and application shall be made for such port clearance, at least twenty-four hours before the intended departure of the vessel; and no such port clearance shall be granted to any square-rigged vessel sailing from the port of Bombay until the following documents shall have been produced to the collector of customs or other officer:

1st. The certificate of registry of the vessel if registered a British vessel under Act of Parliament, or if registered under the Acts of the Government of India No. X. 1841, or XI. 1850, a certificate of registry as required by such Acts, or if not registered under either of the aforesaid Acts then the pass or sea letter under which the vessel shall be sailing.

2nd. A certificate from the senior magistrate of Police that there is no objection in his department to a port clearance being granted to the vessel.

3rd. A like certificate from the Indian naval storekeeper of all demands as regards his office on the vessel having been satisfied.

4th. A like certificate from the marine pay-master.

5th. A like certificate from the registrar of shipping.

6th. A list of the crew and (if any) of the passengers; but if none, then a declaration of the master to such effect.

Provided always that it shall be lawful for the Governor of Bombay in Council in any cases of necessity or special emergency, to authorize the granting of such port clearance without the production of any one or more of the documents herein before enumerated, and on such terms and conditions as he may think fit.

LIII. The master of every vessel leaving any port in the Bombay Presidency shall at the time of applying as above prescribed for a port clearance deliver to the collector of customs or other principal customs officer of such port in duplicate a true manifest of the cargo on board, and if there be no cargo then a blank manifest made out according to such form as may be prescribed by the collector of customs; and if such manifest so delivered shall not contain a full and true specification of all goods to be exported in the vessel the said master shall be liable to a fine not exceeding one thousand rupees; and any goods or packages found on board in excess of the manifest so delivered, or differing in quantity, or in kind, or in marks, or in numbers, from the specification contained therein, shall be liable to be seized by any customs officer and confiscated, or charged with such increased duties not exceeding the value of such goods or packages as may be determined by the collector of customs.

LIV. If any goods shall be taken on board of any vessel after port clearance, it shall be incumbent on the master of such vessel to amend the export manifest of such vessel in presence of the collector of customs, unless a special permission be granted by that officer; and the master of any vessel who may contravene the provisions of this Section, shall be liable to a fine not exceeding one thousand rupees.

LV. If any vessel shall depart or attempt to depart without a port clearance as directed by this Act, the master shall be liable to a penalty not exceeding one thousand rupees, which may be recovered from the master, or any owner or agent of the vessel.

LVI. No transhipment shall be made of any goods except under special order in writing from the collector of customs of the port; and an officer of customs shall in all cases be deputed to superintend the removal of the goods from vessel to vessel; and, if any goods are transhipped or any attempt be made to tranship any goods without a special order as aforesaid, such goods shall be liable to confiscation.

LVII. The Governor of Bombay in Council may declare by public notice in the official Gazette of that Presidency what places within the same shall be ports for the landing and shipment of merchandise, and any goods landed or attempted to be landed at any other port than such as shall be so declared, shall be seized and confiscated.

LVIII. There shall be in every port of the Bombay Presidency one or more places for the landing and shipment of goods, and goods shall not be landed or embarked at any other place without the special order in writing of the collector of customs for the port; and, if any goods be landed or embarked, or an attempt be made to land or embark any goods at any other than the said authorized places, without such order, they shall be seized and confiscated.

LIX. The Governor of Bombay in Council may establish rules for the anchorage of the coasting and country craft of the British territories, for the delivery of manifests of the cargo of such vessels, and for the landing of goods therefrom, and shipping and transhipping of goods therein; and whoever, being in charge of any such craft or being owner of the vessel or of any part of her cargo, shall knowingly contravene any such rule shall be liable to a fine not exceeding one hundred rupees for each offence.

LX. Goods which shall be brought to be passed through the custom house either for importation or exportation by sea shall be liable to confiscation if the packages in which the same may be contained shall be found not to correspond with the description of them given in the application for passing them through the custom house, or if the contents thereof be found not to have been correctly described in regard to sort quality or quantity, or if any goods not stated in the application be found concealed in or mixed up with the specified articles with the packages in which they are contained.

LXI. Any exported goods which shall be found in the harbour or any imported goods which shall be found on the wharf of any port under the Bombay Presidency, shall be liable to confiscation, unless the owner, consignee or other parties interested in the said goods, shall prove in the case of exported goods that they have been duly passed through the custom house, or, in the case of imported goods, that they have been landed according to the rules prescribed by this Act, preparatory to their being so passed.

LXII. The Governor of Bombay in Council, by an order in Council, may fix and from time to time alter rates of rent to be charged on goods placed in the Government warehouses, or which may be beyond such period as may be determined by the Governor in Council lying on the custom house wharf or other authorized landing places.

LXIII. The unshipping, carrying, shipping and landing of all goods, and the bringing of the same to the proper place for examination or for weighment, and the putting the same into and out of the scales shall be performed by or at the expense of the importer or exporter of such goods.

LXIV. The collector of customs, whenever he shall see fit, may require that goods brought by sea, and stowed in bulk, shall be weighed or measured on board ship before being sent to land and may levy duty according to the result of such weighing or measurement.

LXV. The Governor of Bombay in Council, from time to time, may issue such rules as appear to him expedient for landing or shipping passenger's baggage, and passing the same through the custom house, and also for landing, shipping and clearing parcels forwarded by Her Majesty's or the East India Company's mails, or by other regular packets and passenger vessels; and when any baggage or parcels are made over to the custom house officer, for the purpose of being landed, a fee of such amount as the Governor of Bombay in Council may from time to time direct shall be chargeable thereon, as compensation for the expense and trouble incurred in landing and depositing the same in the custom house.

LXVI. If any person, after goods have been landed and before they have been passed through the custom house, removes or attempts to remove them with the intention of defrauding the revenue, the goods shall be liable to confiscation, unless it shall be proved to the satisfaction of the collector of customs that the removal was not sanctioned by the owner or by any person having an interest in or power over the goods; on such proof, the goods shall not be liable to confiscation, but the party

or parties so removing or attempting to remove the goods, shall be liable to a fine not exceeding the value of the said goods.

LXVII. In case of any goods landed from any vessel not being claimed and cleared from the custom house within three months from the date of entry of the ship in which such goods were imported, the collector after publication of a description of the same in the Government Gazette may sell the same on account of the duties and other charges due thereon; and the balance remaining after deducting the said duties and charges shall be held in deposit and paid to the owner on application; provided that such application be made within two years of the sale of the goods, or good reason be shewn why such application has not been so made.

LXVIII. If the Governor of Bombay in Council shall see fit for the security of customs at any port to maintain special establishments of boats for landing and shipping merchandise, or to license and register the cargo boats plying in any ports, then after due notification thereof no person shall convey goods to or from any vessel in such port otherwise than in the boats so authorized and prescribed, except under special permit from the collector of customs at the port: and any goods found on board of other boats than those so authorized for the port shall be liable to be seized by any officer of customs and shall be liable to confiscation; and the tindal or owner of any such boat shall be liable to a fine not exceeding fifty rupees for each offence.

LXIX. When the Governor of Bombay in Council shall see fit to maintain at any port an establishment of officers to be sent on board of vessels to watch their unlading and lading, then after due notification shall have been given that such establishment is so maintained at any port, the collector of customs at that port shall have power at his discretion to send one or more officers of such establishment to remain on board of any vessel in such port by night and by day until the vessel shall leave the port, or it shall be otherwise ordered by the collector.

LXX. Any master of such vessel at such port, who shall refuse to receive an officer so deputed with one servant on board or who shall not afford such officer and servant suitable shelter and accommodation while on board, and likewise furnish them with a due allowance of fresh water if necessary, and with the means of cooking on board, shall be liable to a fine not exceeding one hundred rupees for each day during which such officer and servant continue on board, and shall not be received and provided with suitable shelter and accommodation.

LXXI. If application be made to the collector for an extension of the period allowed in Section XLIX. of this Act for the discharge of the import cargo of any vessel on board of which a custom house officer shall have been placed, and the collector may see fit to grant any such extension the master of such vessel shall be charged with the wages of such officer and other expenses for such period as such officer may be detained on board beyond the period fixed by Section XLIX. of this Act.

LXXII. If any officer shall be placed on board for the purpose of superintending the lading of any vessel, and the unlading and lading of such vessel be continuous, then a period of twenty days shall be allowed for taking in export cargo; and the said period shall be calculated from the termination of the period allowed for discharging cargo by Section LI. of this Act; and the master thereof shall be charged for the wages and expenses of the customs officer on board after the expiration of such additional period. But, if the unlading and lading of any vessel be not continuous, and a customs officer is appointed to superintending the lading thereof, then the period of thirty days shall be allowed from the date of entry of the vessel outwards, and the master of the vessel shall be charged for the wages and expenses of the customs officer on board after the expiration of that period.

LXXIII. When the unlading and lading of any vessel is not continuous, the customs officer shall be removed from on board such vessel so soon as the import cargo has been fully discharged, and shall be replaced on board such vessel on the entry outwards of such vessel; and the master of any such vessel who, before a customs officer have again been placed in such vessel, shall put on board of such vessel, or cause or suffer to be put on board of such vessel, any goods whatever, shall be punished with a fine not exceeding one thousand rupees, and the goods shall be liable to be relanded for examination at the expense of the shippers, upon requisition to that effect from the collector of customs,

LXXIV. Whenever a collector of customs shall see cause to direct that any vessel shall be searched he shall issue his warrant or written order for such search, addressed to any officer under his authority; and upon production of such order the officer bearing it may require any cabins, lockers, or bulk heads to be opened in his presence, and if they be not opened upon his requisition, may break the same open; and any goods found concealed and not duly accounted for to the satisfaction of the collector of customs shall be liable to seizure and confiscation; and any master or person in charge of a vessel who shall resist such officer, or refuse to allow the vessel to be searched when so ordered by the collector of customs, shall be liable for every such offence to a fine not exceeding one thousand rupees.

LXXV. If any officer of customs shall see cause to search any person on board, or who shall have landed from any vessel, or any person passing or having passed through the custom house or any custom station such person, before being searched, may require such officer to take him before the collector or a justice of peace, who shall determine whether there is reasonable ground to suppose that such person has any uncustomed or prohibited goods on his person; and if such collector or justice shall think there is reasonable ground, for such supposition then he shall direct such person to be searched in such manner as he shall think fit, otherwise he shall forthwith discharge such person; but no female shall be searched otherwise than privately, or by any other person than a female duly authorized by such collector or justice; and any officer who shall not take such person with reasonable despatch before such collector or justice when so required, or who shall require any person to be searched without having reasonable ground to suppose that he has uncustomed or prohibited goods on his person or who shall cause any female to be unlawfully searched shall be liable to forfeit and pay a sum not exceeding one hundred rupees; and if any per-

son suspected of having any uncustomed or prohibited goods on his person, or in his possession, shall on being questioned by any officer of customs in regard thereto deny the same, and any such goods shall after such denial be found on his person, or in his possession, such goods shall be seized and confiscated and such person shall forfeit double the value of such goods in addition to the goods confiscated.

LXXVI. Any officer of customs acting under the warrant of any commissioner or collector of customs, may take a constable and a sufficient number of peons (who shall, on the requisition of the collector for such purpose be furnished by the superintendent of police in Bombay or the proper police authority in any zillah) and between sunrise and sunset may enter into and search any house, shop, cellar, warehouse, room, or other place, and in case of resistance may break open doors, chests, trunks and other packages and may seize and bring thence any uncustomed or prohibited goods, and put and secure the same in the custom house warehouse in the port next to the place whence such goods shall be so taken as aforesaid; and such goods shall be liable to confiscation; provided always that no commissioner or collector of customs shall issue any such search warrant except upon information on oath or solemn declaration formally laid before him.

LXXVII. No cargo boat laden with goods intended for exportation by sea shall make fast to, or lie alongside of any vessel on board of which there shall be a customs officer stationed, unless there shall be on board the boat or have been received by the said customs officer a custom house permit or order for the shipment of the goods and the goods on board of any boat that may so be alongside or be made fast to a vessel and not covered by a custom house pass accompanying them or previously received by the customs officers on board the said vessel, shall be liable to seizure and confiscation.

LXXVIII. All fines, for the recovery of which no special provision is herein before made, may be recovered on conviction of the offender before a magistrate or other person competent to adjudicate on the offences and payment thereof may be enforced under Act II. 1839.

Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 21st March, 1851.

The following Draft of a proposed Act was read in Council for the first time on the 21st of March 1851.

Act No. —— of 1851.

An Act for the collection of Land Customs on certain Foreign Frontiers of the Presidency of Bombay.

Whereas it is expedient to provide for the collection of Land Customs on certain Foreign Frontiers, It is enacted as follows:

I. Duties of Customs shall be levied on Goods passing by land into or out of Foreign European Settlements, situated on the line of Coast within the limits of the Presidency of Bombay, at the rates prescribed in the Schedules of Act 1851, at the ports of that Presidency.

II. The Governor of the Presidency of Bombay in Council may declare by notice to be published in the official Gazette of that Presidency, that the Territory of any Native Chief not subject to the jurisdiction of the Courts and Civil Authorities of that Presidency shall be deemed to be Foreign Territory, and may declare Goods passing into or out of such territory liable either to the duty fixed by the Schedules of Act 1851 for Goods imported or exported at the ports of that Presidency, or to double the said duties as the Governor of Bombay in Council may think fit.

III. For the levy of duties of Customs as above provided on Goods exported by land to, or imported by land from, such Foreign Territories, Customs Stations may be established at such places as may be determined by the said Governor of Bombay in Council; and every Officer at every such Stations shall have power to detain Goods passing into or out of any such Foreign Territory, and to examine and ascertain the quantities and kinds thereof; and such Goods shall not be allowed to pass across the Frontier line out of or into the Territory of the East India Company, until the owner or person in charge thereof shall produce and deliver a certificate shewing that the Customs duty leviable thereupon has been paid.

IV. Any Officer of Sea Customs may receive money on account of Customs and grant certificates of the payment thereof; and such a certificate being delivered to any Station Officer shall entitle the Goods to cross the Frontier into or out of the East India Company's Territories, provided that the goods correspond with the specification thereof contained in such certificates, and that the certificates shew the entire amount of duty leviable on those Goods to have been duly paid; and if upon examination the Goods brought to any Station be found not to correspond with the specification entered in the certificate presented with the same, the difference shall be noted on the face of the certificate; and if the payment of duty certified therein shall not cover the entire amount of duty leviable on the Goods, as ascertained at such examination, the Goods shall be detained until further certificate for the difference shall be produced.

V. The said Governor of Bombay in Council shall appoint proper Officers to receive Customs duties on Goods crossing the land Frontier of the said Foreign Territories; and the Officers so appointed shall, on the receipt of money tendered as Customs duty, be bound to give any merchant or other person applying for the same a certificate of payment, and to enter therein the specification of Goods with the values and description thereof according to the statement furnished by the person so applying; provided only that the proper duty leviable thereupon according to the descriptions and values stated be covered by the payment made.

VI. No certificate shall be received at any Station that shall bear date more than thirty days before the date when the Goods arrived at such Station; but any person, who has taken out a certificate from any authorized Receiver of Customs duties, shall be entitled, at any time within the said period of thirty days, on satisfying such Receiver that such certificate has not been used, and on delivering up the original, to receive a renewed certificate with a fresh date without further payment of duty.

VII. The said Governor of Bombay in Council may prescribe by public notice in the official Gazette of the Presidency of Bombay, by what ways Goods shall be allowed to pass into or out of any such Foreign Territory, as is described in Sections I and II of this Act; and after such notice Goods which may be brought to any Station established on other roads or passes than those so prescribed, shall, if provided with a certificate, be sent back; and if not provided with a certificate shall be detained, and shall be liable to confiscation by the Collector of Customs, unless the person in charge thereof shall be able to satisfy the said Collector, that his carrying them by that road or pass was from ignorance or accident.

VIII. Goods unlawfully passed, or attempted to be passed unlawfully across any Frontier guarded by Stations, between sunset and sunrise, shall be seized and confiscated.

IX. Any Station Officer who shall permit Goods to pass across the Frontier, when not covered by a sufficient certificate, or who shall permit Goods to pass by any road or pass other than the prescribed ways shall be liable on conviction before a Magistrate, to imprisonment for a term not exceeding six months, and to a fine not exceeding five hundred Rupees, commutable, if not paid, to imprisonment for a further period of six months.

X. Any Station Officer who shall needlessly and vexatiously injure Goods under the pretence of examination, or in the course of his examination, or who shall wrongfully detain Goods for which there be produced a sufficient certificate, shall, on conviction before any Magistrate, be liable to imprisonment for a term not exceeding six months, and to a fine not exceeding five hundred Rupees, commutable, if not paid, to imprisonment for a further period of six months.

XI. All confiscations and penalties under this Act may be adjudicated by Officers competent to adjudicate like confiscations and penalties under Act 1851, and such Officers shall be subject to the same liabilities and rules in adjudicating such penalties and confiscations as they are subject to when adjudicating the like confiscations and penalties under the provisions of the aforesaid Act.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council after the 21st day of June next.

FRED. JAS. HALLIDAY,
Secy. to the Govt. of India.

The present organization of the Corps of Sappers and Pioneers having been under the consideration of Government, the Most Noble the Governor General, with the sanction of the Hon'ble the Court of Directors, is pleased to direct, that the Corps shall hereafter be designated the "Corps of Bengal Sappers and Miners."

II. Nothing hereinbefore contained shall be construed to prevent the levy of any anchorage or harbour dues now leviable at the port of Bombay, or the levy of any special duties on opium, tobacco, gunja, spirits or salt which are, or may be, established by any Law, or the levy of any town duty, or of any Municipal Tax, or of any toll on any bridge, road, canal or causeway, or for repair and maintenance of lighthouses, or the levy of any rent or fee leviable under Act XXV. 1836, on the warehousing of goods.

VI. The Governor of Bombay in Council may delegate the whole or any portion of the powers with which he is invested by the preceding section to any commissioner or collector

or other officer of customs regularly appointed under the provisions of this Act, and all subordinate officers of customs, who may be appointed by such commissioner or collector, or other officer of customs, by virtue of such delegated power shall be liable to be dismissed, suspended or fined to an extent not exceeding two months' pay by the authority by which they were respectively appointed, subject to the control of Government or of superior authority in the customs department.

VII. Whoever intentionally obstructs any officer, in the exercise of any powers given by this Act to such officer, shall be punished with imprisonment for a term not exceeding six months, or a fine not exceeding one thousand rupees, or both.

VIII. Any person, who shall offer a bribe to any custom house officer in order to induce such officer to act in a manner inconsistent with his duty, shall be punished for every such offence by a fine not exceeding one thousand rupees, or imprisonment not exceeding six months, or both.

IX. No action shall lie in the Supreme Court for any act or thing done under this Act; but every action for any wrong or trespass, if committed within the local limits of the Island of Bombay, shall be tried and determined before the Revenue Judge of Bombay, and if committed in any part of the Presidency of Bombay without those limits, then before the proper Zillah Judge within whose jurisdiction the same shall have been committed; and such Revenue Judge of Bombay, or Zillah Judge respectively, shall award such damages to the party aggrieved for the injury done as shall be just and equitable. Provided, that it shall appear that there was reasonable and probable cause for the act complained of, the plaintiff shall not be entitled, beyond the restoration of any article unlawfully seized, or the value thereof, to more than two annas damages without costs.

X. Whoever, being an officer appointed under the authority of this Act, shall be guilty of a wilful breach of the rules prescribed in this Act, or any other rules that shall be passed by the Governor of Bombay in Council under the authority of it, or shall accept, or obtain or attempt to obtain from any person any property, gratuity or benefit as a consideration for doing or forbearing to do any official act, shall be punished with imprisonment for a term not exceeding two years or fine, or both.

XI. Whoever, being an officer appointed under the authority of this Act, practices or attempts to practice any fraud for the purpose of injuring the customs revenue, or abets or connives at any such fraud, or at any attempt to practice any such fraud shall be punished with imprisonment for a term not exceeding two years, or fine or both.

XII. In all cases in which under this Act, goods are liable to confiscation, and in all cases in which under this Act, any person in charge of, or owning a vessel or landing or shipping goods, or passing them through the custom house, is liable to a penalty: a commissioner or collector of customs may adjudicate such confiscation or such penalty; or the same may be adjudged by a deputy or by an assistant collector of customs being a Justice of the Peace: provided, that the power to adjudicate confiscation shall not extend as regards a deputy collector to goods beyond the value of rupees one thousand, nor as regards an assistant collector to goods beyond the value of rupees one hundred, nor shall any deputy collector impose any fine beyond the amount of rupees fifty, nor any assistant collector beyond the amount of rupees ten; and all cases adjudicated by a deputy or assistant collector shall be liable to revision by a collector of customs on appeal.

XIII. In case any goods, ship, vessel, boat, cart, vehicle, or other article shall be seized as forfeited, or detained as under-valued under this Act, the adjudicating officer may order the same to be restored in such manner and on such terms and conditions as he thinks fit to direct; and if the proprietor of the same accepts such terms and conditions, he shall not have or maintain any action for recompense or damage on account of such seizure or detention, and the adjudicating officer shall not proceed to condemnation.

XIV. Any collector of customs or other officer, who is authorized to adjudicate customs cases, if he shall decide that a seizure of goods made under the authority of this Act was vexatious and unnecessary, may adjudge damages to be paid to the proprietor by the customs officer, who made such a vexatious seizure, beside ordering the immediate release of the goods; and if the proprietor accepts such damages no action shall thereafter lie against the officer of customs, in any court of justice, on account of such seizure; and if such adjudicating officer shall decide that the seizure was warranted, but shall deem that the penalty of confiscation is unduly severe, he may mitigate the same by levying on the goods so seized as aforesaid, any portion of the market value of such goods not less than one-tenth of such value; and if the said officer adjudges confiscation or any penalty in mitigation of confiscation, he may order further that from the sale of the goods, or from the proceeds of any penalty inflicted in mitigation of confiscation, a proportion not exceeding, in all cases of seizure but of salt or tobacco, one-half of the sum remaining after payment of all Government demands shall be distributed in rewards amongst such officers as he deems entitled thereto, and in such proportion as he directs to each respectively; but in awarding rewards for the seizure of confiscated salt or tobacco he may award one-half of the proceeds of sale without making any deduction on account of Government demands.

XV. All penalties under this Act except those specified in any judicial award of the collector or other adjudicating officer, as provided for in Section XIII. of this Act, shall be adjudged and determined by the officiating magistrate of the place where the offence shall have been committed; and any collector being a justice of peace, or deputy or assistant collector authorized in such behalf by his superior and being a justice of peace, may take informations and depositions on oath or solemn affirmation or declaration touching any matters involving a breach of any of the provisions of this Act, and if taken in the presence of the party or parties charged with such breach the same shall be received in evidence by such magistrate in the like manner and to the same extent as if taken before him, and shall be deemed sufficient for him to adjudicate thereon: but nothing herein shall prevent such magistrate from taking any information or deposition afresh or from taking other and further depositions in the matter, if he think fit.

XVI. If any person in charge of, or owning a vessel shall have become liable to any fine on account of any act or omission relating to the customs, the collector of customs, subject to the orders of the Governor of Bombay in Council, may refuse port clearance to such vessel until the fine is discharged; and in like manner if any person passing goods through the custom house, shall have become liable to any fine the collector of customs may detain such goods until the fine is discharged.

XVII. No person shall act as an agent for transacting business in the custom house in the port of Bombay which shall relate to the entrance or clearance of any ship, goods, or baggage, unless authorized so to do by licence of the collector of customs who may require a bond to be given by every person to whom such licence shall be granted with sufficient securities, in any sum not exceeding the sum of five thousand rupees for the faithful and incorrupt behaviour of such person as regards the custom house regulations and its officers; and every person who shall act as such agent not being so licensed shall, for every such offence, be liable to a fine not exceeding the sum of five hundred rupees. Provided always that nothing herein contained shall extend to forbid the clerk or servant, or known accredited agent of any person, or of any mercantile firm, from transacting business at the custom house on account of such person or firm without licence.

XVIII. Duties of customs shall be levied on goods imported by sea from any port not subject to the Government of the East India Company, or from Aden, or any port in the Straits of Malacca, the Tenasserim Provinces, or the Province of Arracan, into any place in the territories subordinate to the Government of the Presidency of Bombay according to the rates specified in Schedule A. annexed to this Act, and with the exceptions specified therein; and the said Schedule shall be taken to be a part of this Act.

XIX. XX. Whenever any vessel arrives at any port subordinate to the Bombay Presidency, the port of Bombay excepted, an anchorage toll shall be levied at such port on each such arrival, according to the burthen, on all country craft above the burthen of one hundred Indian maunds at the rates specified in the Schedule C. annexed to this Act: and the said Schedule shall be taken to be part of this Act.

XXI. No goods entered in either of the Schedules of this Act, as liable to duty, shall be exempted from the payment of such duty or of any part thereof except under special order from the Governor of Bombay in Council, and the collector of customs shall detain all goods subject to duty under this Act until such duty shall have been duly paid according to the rules herein provided. Provided always that the collector of customs, or other officer in charge of a custom house, may at his discretion pass free of duty any passenger's personal baggage in actual use, and if any person shall apply to have goods passed as such baggage, the collector, acting under the orders of Government, shall determine whether they be passenger's personal baggage in actual use, or goods subject to duty under the provisions of this Act.

XXII. On application by the exporter of any salt that has paid the excise duty, as established by law, a certificate shall be granted by the collector of customs at the place of export, under authority of which certificate the quantity of salt specified therein may be landed at any other port of the said Presidency of Bombay, and passed from such port into the interior of the country without the levy of any further duty either of excise or of customs.

XXIII. The Governor of Bombay in Council, from time to time by notice in the official Gazette of that Presidency, may fix a value for any article, or number of articles, liable to duty upon their value, and the value so fixed for such articles shall, till altered by a similar notice, be taken to be the value of such articles for the purpose of levying duty on the same.

XXIV. When goods liable to duty for which a value has been fixed by such notice or for which a fixed duty has been declared by the Schedules annexed to this Act, are brought to any custom house in the Bombay Presidency in a damaged state, and such damage is declared previous to the assessment of customs on such goods, the collector of customs may make an abatement of customs in proportion to the damage received; and, in estimating such damage, he shall be guided by such rules as the Governor of Bombay in Council may from time to time determine and notify; but if the value of the goods be not deteriorated more than one-fifth part thereof no abatement of customs shall be allowed.

XXV. When goods liable to duty, for which a value has not been fixed by such a notice as it above directed, or for which a fixed duty has not been declared by the Schedules annexed to this Act, are brought to any custom house in the Presidency of Bombay for the purpose of being passed for importation or exportation, the duty leviable on such goods shall be levied according to the market value of such goods at the place and time of importation or exportation as the case may be.

XXVI. No goods shall be allowed to be passed through the custom house until a written application, according to a form to be prescribed by the collector of customs, shall have been made by the owner, consignee, exporter, importer or the agent for any of these respectively for permission to pass such goods through the custom house; and such application shall contain a true description of such goods, with the marks, numbers and description of the packages containing the same, and a declaration of their value, and shall set forth the name of the ship in which the goods have been imported, or are to be exported, the name of the master of the said ship, the colors under which the said ship sails, and the country in which the goods

were produced. If any goods shall be passed through the custom house, or attempted to be removed therefrom without such an application in writing as is above described, they shall be liable to be seized and confiscated.

XXVII. The market value for assessment of duties on the goods indicated in Section XXV. shall be that declared in the application to be made, as aforesaid. Provided always that the value so declared be admitted by the collector or by the officer appointed to appraise goods at the custom house; but if the value of the whole or any part of the goods entered in the declaration aforesaid shall seem to the collector to be understated in such declaration he shall have power to take the goods, or any part thereof as purchased for the Government at the price so declared; and whenever the collector of customs shall so take goods for the Government payment thereof shall be made to the consignee, importer or exporter within one month from the date of the declaration; if the goods be imported goods, the amount of import duty leviable thereon shall be first deducted, and if the goods be intended for exportation, the entire value as declared, shall be paid without deduction on account of customs duty: and the collector shall sell the goods so taken on account of Government; and, if they shall realize on sale a sum exceeding all charges incurred on them by Government, a proportion not more than one-half of the excess shall, at the discretion of the collector, be payable to the officer who reported the undervaluation of the goods, who shall in like manner be liable to pay one-half of the net loss that may accrue on the sale of the said goods.

XXVIII. And whereas under Section XXIII. of this Act, it may be found expedient to fix the dutiable value of certain goods at the rates shewn by their invoice, when it shall appear to the officer of customs appointed to appraise goods at the custom house that any goods are undervalued in an invoice presented for the purpose of assessing customs he shall report the same to the collector of customs, who may at his discretion take such goods for Government at an advance of one-tenth part of the amount of the invoice value and charges, and dispose of them in the same manner as he is empowered by Section XXVII. to take goods at the value declared, and to dispose of the same.

XXIX. The collector of customs may restore any goods so taken for Government to the importer on good and sufficient cause for undervaluation being shewn, and on payment of the customs on the value at which the goods may be appraised by the customs officers.

XXX. Upon any goods liable to duty that may be passed through the custom house for shipment the application for which shall be presented after port clearance shall have been taken out, double of the prescribed duty shall, in all cases, be levied, and if the goods (always excepting treasure and opium) be free, or have already paid import duty, or have been imported free under certificate, five per cent. upon the market value shall be levied thereon, or if the same be imported goods entitled to drawback, the drawback shall be forfeited, but no separate duty shall be levied on drawback goods.

XXXI. When a vessel having cleared out for any port, shall put back from stress of weather, or it shall from any damage, or from other cause be necessary that the cargo of a vessel that has cleared out shall be unshipped or relanded, a customs officer shall be sent to watch the vessel, and take charge of the cargo during such relanding or removal from on board; and the goods on board such vessel shall not be allowed to be transhipped or re-exported free of duty by reason of the previous settlement of duty at the time of first export unless the goods shall be lodged in such place as shall be allowed by the collector of customs, and shall remain while on land or while on board of any other vessel under special charge of the officers of customs until the time of re-export, and all charges attending such custody shall be borne by the exporter. Provided however, that in all cases of return to port after port clearance on account of damage or for stress of weather, the owner or master may enter the vessel and land the cargo under the rules for the importation of goods, and the export duty shall in that case be refunded, and the amount paid in drawback be reclaimed; and if goods on account of which drawback has been paid, be not found on board the vessel, the Master shall be liable to a fine not exceeding the entire value thereof, unless he accounts for them to the satisfaction of the collector of customs.

XXXII. When goods shall be relanded before the lading of any vessel is complete, and before port clearance has been granted, the duty levied upon such goods shall be returned to the exporter, but no refund shall be made of duty paid on the export of any goods after port clearance shall have been granted for the vessel on which the goods are exported, unless the vessel shall have put back for stress of weather or for damage, and the goods shall have been relanded under the rule contained in Section XXXII.

XXXIII. Goods exported in the same vessel on which they were imported, if manifested for re-export, shall not be subject to import or export duty; and, if any goods brought to any port in any vessel be transhipped in such port, they shall in all cases be subject to the same duty as if they had been landed and passed through the custom house for re-exportation in the vessel into which they may be transhipped.

XXXIV. No duty of customs which shall have been charged and paid, and of which repayment is claimed in consequence of the same having been charged or paid under an erroneous construction of law or from other error, shall be returned unless such claim is made within two years from the date of such payment.

XXXV. With the sanction of the Governor of Bombay in Council seven-eighths of the customs levied on imports, may be repaid as drawback upon the re-export by sea of goods which can be identified to the satisfaction of the collector of customs as having previously paid customs duties on import at the same port; provided that such re-export be made within two years of the date of import by the custom house register, and the drawback claimed at the time of re-export; but no drawback shall be claimable under this Act on any re-export of opium or salt, or of goods destined for any port in the territories subject to the Government of the East India Company, except Aden, and ports in the Straits of Malacca, the Tenasserim Provinces and the Province of Arracan.

XXXVI. Every person who shall counterfeit or falsify, or wilfully use when counterfeited or falsified any invoice, entry, cocket, or other document for the purpose of clearing, or having customs duties assessed on any goods, shall be liable to a fine not exceeding one thousand rupees.

XXXVII. If any certificate, manifest, bill, or other custom house documents be lost by any person to whom they may have been issued by the custom house authorities, the collector of customs, on being satisfied that no fraud has been committed, or was intended, may grant a duplicate of such lost document upon payment of a fee of not less than one rupee, nor exceeding ten rupees; and further the collector may authorize any amendment to be made in any import or export application; but, if such amendment be required after such application is entered and recorded in the custom house books, then upon payment of a like fee for any document so entered.

XLI. If the manifest so delivered by the master shall not contain a full and true specification of all the goods imported in the vessel the said master shall be liable to a fine not exceeding rupees one thousand, and any goods or packages that may be found on board of any vessel in excess of the manifest so delivered, or differing in quality or kind, or in marks and numbers, from the specification contained therein, shall be liable to be seized by any officer of customs and confiscated, or to be charged with such increased duties not exceeding the value of such goods or packages as may be determined by the collector of customs.

XLII. If any inward bound vessel shall remain outside or below the place that may be fixed by the Governor in Council for the first delivery of manifests the master shall deliver a manifest as herein before prescribed, to the first person duly empowered to receive such manifest who comes on board, and the master of any vessel entering a port for which there is a custom house established, and being at anchor therein for twenty-four hours, who shall refuse or neglect to deliver the said manifest within that time in the manner above prescribed, shall, for such refusal or neglect, be liable to a fine not exceeding rupees one thousand; and no entry or port clearance shall be given for such vessel until the fine is paid.

XLIII. No vessel shall be entitled to inward entry, or be allowed to break bulk until a manifest in duplicate, as required by this Act, shall have been received by the collector of customs, nor until orders have been given by the said collector for the discharge of the cargo; and the said collector may further refuse to give such order if he shall see fit, until any port clearance, cocket or other papers known to be granted at the places from which the vessel is stated to have come, shall likewise be delivered to him.

XLIV. No vessel shall be entitled to entry outwards, or to take on board any part of her export cargo, until a written application shall have been made by the master of such vessel to the collector of customs, nor until an order shall have been given by the said collector for shipping export cargo, and in the written application to be made as aforesaid, the name, tonnage, and nation of the vessel shall be described, as also the name of the master, and the name or names of the place or places for which she is bound.

XLV. If in the application prescribed by the preceding Section of this Act, a vessel be described to be bound to any port or ports within the territories of the East India Company, then the collector of customs or, in his absence, his deputy or assistant may refuse a port clearance to such vessel until the master or commander thereof shall have given a joint bond together with the owner or the consignee of the said vessel, or some other party approved by the collector of customs, or in

his absence by his deputy or assistant by which such parties or one of them, shall be bound to produce to the collector of customs a certificate from the officer in charge of the port to which such vessel is said to be bound, of her arrival at such port within a fair and reasonable time to be prescribed by the collector in each case, and in failure of producing such certificate, or shewing sufficient reason for its non-production, the parties to the bond aforesaid shall be jointly and severally bound to pay a penal sum equal to double the amount of customs which would have been chargeable on the export cargo of the said vessel had she been declared bound to a port beyond the territories of the East India Company.

XLVI. No goods shall be allowed to leave any vessel or to be put on board thereof, until entry of the vessel shall have been duly made in the custom house of the port, and until order shall have been given for discharge or shipment of the cargo thereof as above provided, and it shall be the duty of every customs officer to seize as contraband any goods which have been removed from or put on board of any vessel in contravention of the above provision; and the master of any vessel who shall permit or neglect to take measures for preventing the landing or shipping of any goods in contravention of the above provisions, shall be liable to a fine not exceeding five hundred rupees.

XLVII. After entry of the vessel at the custom house in due form as above prescribed, such part of the cargo as may not be declared for re-exportation in the same vessel, shall be landed, and export cargo shall be laden on board according to the forms and rules that may be prescribed for the port by this Act, or by order of the Governor of Bombay in Council; and if an attempt be made to land or put on board goods or merchandise in contravention of the forms and rules so prescribed, the goods shall be liable to seizure and confiscation.

XLVIII. If goods entered in the manifest of a vessel shall not be found on board that vessel, or if the quantity found be short, and the deficiency be not duly accounted for, or if goods sent out of the vessel be not landed at the custom house, or at such other place as the collector of customs shall have prescribed, the master shall be liable to a penalty not exceeding five hundred rupees for every missing or deficient package of unknown value, and to a penalty equal to twice the amount of duty chargeable on the goods deficient and unaccounted for, if the duty can be ascertained, and if they be not subject to duty, then to a penalty equal to five per cent. on the value of such deficient goods. Provided however that nothing herein contained shall be construed to prevent the collector of customs from permitting, at his discretion, the master of any vessel to amend obvious and unintentional errors, or to supply omissions from accident or inadvertence by furnishing an amended or supplemental manifest.

XLIX. Every master of a vessel who shall remove from such vessel or put on board thereof any goods, or cause or suffer any goods to be removed from thence, or put on board thereof between sunset and sunrise, or on any day when the custom house is closed for business without leave in writing obtained from the collector of customs, shall be punished by fine not exceeding five hundred rupees.

L. When goods shall be sent from on board of any vessel for the purpose of being landed and passed for importation, there shall be sent with each boat load, or other separate despatch, a boat note specifying the number of packages and the marks and numbers, or other description thereof, and such boat note shall be signed by an officer of the vessel; and if the vessel have a customs officer on board, the boat note must be signed by such officer as well as by an officer of the vessel; and, if any imported goods be found in a boat proceeding to land from such a vessel without a boat note as above provided, or if being accompanied by such boat note they be found out of the proper track between the ship and the proper place of landing, the boat containing such goods may be detained by any officer of customs duly authorized by the collector; and, unless the cause of deviation be explained to the satisfaction of the collector of customs, the goods shall be liable to seizure and confiscation.

LI. Except in special cases, sanctioned by the collector of customs twenty days, exclusive of Sundays and holidays, shall be allowed for the discharge of the import cargo of vessels not exceeding six hundred tons' burthen, and thirty days for vessels exceeding that burthen; and the said periods shall be calculated from the date on which the vessel was admitted to entry inward; and if any goods remain on board after the periods above fixed, the collector may order the same to be landed and warehoused, for the security of the duties chargeable thereon, and of any freight and primage and other demands that may be due thereon, giving his receipt to the master for the goods so warehoused; but collector or other officer in charge of the custom house, with the consent of the master of the vessel, may cause any packages to be brought on shore and to be deposited in the Government warehouses, although the periods above fixed have not expired.

LII. No vessel shall depart from any port of the Presidency of Bombay without a port clearance being granted by the collector of customs or other proper officer duly authorized by the Governor of Bombay in Council to grant the same, and application shall be made for such port clearance, at least twenty-four hours before the intended departure of the vessel; and no such port clearance shall be granted to any square-rigged vessel sailing from the port of Bombay until the following documents shall have been produced to the collector of customs or other officer:

2nd. A certificate from the senior magistrate of Police that there is no objection in his department to a port clearance being granted to the vessel.

3rd. A like certificate from the Indian naval storekeeper of all demands as regards his office on the vessel having been satisfied.

4th. A like certificate from the marine paymaster.

5th. A like certificate from the registrar of shipping.

6th. A list of the crew and (if any) of the passengers; but if none, then a declaration of the master to such effect.

Provided always that it shall be lawful for the Governor of Bombay in Council in any cases of necessity or special emergency, to authorize the granting of such port clearance without the production of any one or more of the documents herein before enumerated, and on such terms and conditions as he may think fit.

LIII. LVI. No transhipment shall be made of any goods except under special order in writing from the collector of customs of the port; and an officer of customs shall in all cases be deputed to superintend the removal of the goods from vessel to vessel; and, if any goods are transhipped or any attempt be made to tranship any goods without a special order as aforesaid, such goods shall be liable to confiscation.

LIX. The Governor of Bombay in Council may establish rules for the anchorage of the coasting and country craft of the British territories, for the delivery of manifests of the cargo of such vessels, and for the landing of goods therefrom, and shipping and transhipping of goods therein; and whoever, being in charge of any such craft or being owner of the vessel or of any part of her cargo, shall knowingly contravene any such rule shall be liable to a fine not exceeding one hundred rupees for each offence.

LX. LXI. Any exported goods which shall be found in the harbour or any imported goods which shall be found on the wharf of any port under the Bombay Presidency, shall be liable to confiscation, unless the owner, consignee or other parties interested in the said goods, shall prove in the case of exported goods that they have been duly passed through the custom house, or, in the case of imported goods, that they have been landed according to the rules prescribed by this Act, preparatory to their being so passed.

LXII. The Governor of Bombay in Council, by an order in Council, may fix and from time to time alter rates of rent to be charged on goods placed in the Government warehouses, or which may be beyond such period as may be determined by the Governor in Council lying on the custom house wharf or other authorized landing places.

LXIII. The unshipping, carrying, shipping and landing of all goods, and the bringing of the same to the proper place for examination or for weighment, and the putting the same into and out of the scales shall be performed by or at the expense of the importer or exporter of such goods.

LXIV. The collector of customs, whenever he shall see fit, may require that goods brought by sea, and stowed in bulk, shall be weighed or measured on board ship before being sent to land and may levy duty according to the result of such weighing or measurement.

LXV. The Governor of Bombay in Council, from time to time, may issue such rules as appear to him expedient for landing or shipping passenger's baggage, and passing the same through the custom house, and also for landing, shipping and clearing parcels forwarded by Her Majesty's or the East India Company's mails, or by other regular packets and passenger vessels; and when any baggage or parcels are made over to the custom house officer, for the purpose of being landed, a fee of such amount as the Governor of Bombay in Council may from time to time direct shall be chargeable thereon, as compensation for the expense and trouble incurred in landing and depositing the same in the custom house.

LXVI. If any person, after goods have been landed and before they have been passed through the custom house, removes or attempts to remove

them with the intention of defrauding the revenue, the goods shall be liable to confiscation, unless it shall be proved to the satisfaction of the collector of customs that the removal was not sanctioned by the owner or by any person having an interest in or power over the goods; on such proof, the goods shall not be liable to confiscation, but the party or parties so removing or attempting to remove the goods, shall be liable to a fine not exceeding the value of the said goods.

LXVII. In case of any goods landed from any vessel not being claimed and cleared from the custom house within three months from the date of entry of the ship in which such goods were imported, the collector after publication of a description of the same in the Government Gazette may sell the same on account of the duties and other charges due thereon; and the balance remaining after deducting the said duties and charges shall be held in deposit and paid to the owner on application; provided that such application be made within two years of the sale of the goods, or good reason be shewn why such application has not been so made.

LXVIII. If the Governor of Bombay in Council shall see fit for the security of customs at any port to maintain special establishments of boats for landing and shipping merchandise, or to license and register the cargo boats plying in any ports, then after due notification thereof no person shall convey goods to or from any vessel in such port otherwise than in the boats so authorized and prescribed, except under special permit from the collector of customs at the port: and any goods found on board of other boats than those so authorized for the port shall be liable to be seized by any officer of customs and shall be liable to confiscation; and the tindal or owner of any such boat shall be liable to a fine not exceeding fifty rupees for each offence.

LXIX. When the Governor of Bombay in Council shall see fit to maintain at any port an establishment of officers to be sent on board of vessels to watch their unlading and lading, then after due notification shall have been given that such establishment is so maintained at any port, the collector of customs at that port shall have power at his discretion to send one or more officers of such establishment to remain on board of any vessel in such port by night and by day until the vessel shall leave the port, or it shall be otherwise ordered by the collector.

LXX. Any master of such vessel at such port, who shall refuse to receive an officer so deputed with one servant on board, or who shall not afford such officer and servant suitable shelter and accommodation while on board, and likewise furnish them with a due allowance of fresh water if necessary, and with the means of cooking on board, shall be liable to a fine not exceeding one hundred rupees for each day during which such officer and servant continue on board, and shall not be received and provided with suitable shelter and accommodation.

LXXI. If application be made to the collector for an extension of the period allowed in Section XLIX. of this Act for the discharge of the import cargo of any vessel on board of which a custom house officer shall have been placed, and the collector may see fit to grant any such extension the master of such vessel shall be charged with the wages of such officer and other expenses for such period as such officer may be detained on board beyond the period fixed by Section XLIX. of this Act.

LXXII. If any officer shall be placed on board for the purpose of superintending the lading of any vessel, and the unlading and lading of such vessel be continuous, then a period of twenty days shall be allowed for taking in export cargo; and the said period shall be calculated from the termination of the period allowed for discharging cargo by Section LI. of this Act; and the master thereof shall be charged for the wages and expenses of the customs officer on board after the expiration of such additional period. But, if the unlading and lading of any vessel be not continuous, and a customs officer is appointed to superintend the lading thereof, then the period of thirty days shall be allowed from the date of entry of the vessel outwards, and the master of the vessel shall be charged for the wages and expenses of the customs officer on board after the expiration of that period.

LXXIII. When the unlading and lading of any vessel is not continuous, the customs officer shall be removed from on board such vessel so soon as the import cargo has been fully discharged, and shall be replaced on board such vessel on the entry outwards of such vessel; and the master of any such vessel who, before a customs officer have again been placed in such vessel, shall put on board of such vessel, or cause or suffer to be put on board of such vessel, any goods whatever, shall be punished with a fine not exceeding one thousand rupees, and the goods shall be liable to be relanded for examination at the expense of the shippers, upon requisition to that effect from the collector of customs.

LXXIV. Whenever a collector of customs shall see cause to direct that any vessel shall be searched he shall issue his warrant or written order for such search, addressed to any officer under his authority; and upon production of such order the officer bearing it may require any cabins, lockers, or bulk heads to be opened in his presence, and if they be not opened upon his requisition, may break the same open; and any goods found concealed and not duly accounted for to the satisfaction of the collector of customs shall be liable to seizure and confiscation; and any master or person in charge of a vessel who shall resist such officer, or refuse to allow the vessel to be searched when so ordered by the collector of customs, shall be liable for every such offence to a fine not exceeding one thousand rupees.

LXXV. If any officer of customs shall see cause to search any person on board, or who shall have landed from any vessel, or any person passing or having passed through the custom house or any custom station, such person, before being searched, may require such officer to take him before the collector or a justice of peace, who shall determine whether there is reasonable ground to suppose that such person has any uncustomed or prohibited goods on his person; and if such collector or justice shall think there is reasonable ground for such supposition, then he shall direct such person to be searched in such manner as he shall think fit, otherwise he shall forthwith discharge such person; but no female shall be searched otherwise than privately, or by any other person than a female duly authorized by such collector or justice; and any officer who shall not take such person with reasonable despatch before

such collector or justice when so required, or who shall require any person to be searched without having reasonable ground to suppose that he has uncustomed or prohibited goods on his person, or who shall cause any female to be unlawfully searched shall be liable to forfeit and pay a sum not exceeding one hundred rupees; and if any person suspected of having any uncustomed or prohibited goods on his person, or in his possession, shall on being questioned by any officer of customs in regard thereto deny the same, and any such goods shall after such denial be found on his person, or in his possession, such goods shall be seized and confiscated, and such person shall forfeit double the value of such goods in addition to the goods confiscated.

LXXVI. Any officer of customs acting under the warrant of any commissioner or collector of customs, may take a constable and a sufficient number of peons (who shall, on the requisition of the collector for such purpose be furnished by the superintendent of police in Bombay or the proper police authority in any zillah) and between sunrise and sunset may enter into and search any house, shop, cellar, warehouse, room, or other place, and in case of resistance may break open doors, chests, trunks and other packages, and may seize and bring thence any uncustomed or prohibited goods, and put and secure the same in the custom house warehouse in the port next to the place whence such goods shall be so taken as aforesaid; and such goods shall be liable to confiscation; provided always that no commissioner or collector of customs shall issue any such search warrant except upon information on oath or solemn declaration formally laid before him.

LXXVII. No cargo boat laden with goods intended for exportation by sea shall make fast to, or lie alongside of any vessel on board of which there shall be a customs officer stationed, unless there shall be on board the boat or have been received by the said customs officer a custom house permit or order for the shipment of the goods and the goods on board of any boat that may so be alongside or be made fast to a vessel and not covered by a custom house pass accompanying them or previously received by the customs officers on board the said vessel, shall be liable to seizure and confiscation.

LXXVIII. All fines, for the recovery of which no special provision is herein before made, may be recovered on conviction of the offender before a magistrate or other person competent to adjudicate on the offences and payment thereof may be enforced under Act II. 1839.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 21st day of June next.

Fred. Jas. Halliday,
Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 21st March, 1851.

The following Draft of a proposed Act was read in Council for the first time on the 21st of March 1851.

Act No. —— of 1851.

An Act for the collection of Land Customs on certain Foreign Frontiers of the Presidency of Bombay.

Whereas it is expedient to provide for the collection of Land Customs on certain Foreign Frontiers, It is enacted as follows:

I. Duties of Customs shall be levied on Goods passing by land into or out of Foreign European Settlements, situated on the line of Coast within the limits of the Presidency of Bombay, at the rates prescribed in the Schedules of Act 1851, at the ports of that Presidency.

II. The Governor of the Presidency of Bombay in Council may declare by notice to be published in the official Gazette of that Presidency, that the Territory of any Native Chief not subject to the jurisdiction of the Courts and Civil Authorities of that Presidency shall be deemed to be Foreign Territory, and may declare Goods passing into or out of such territory liable either to the duty fixed by the Schedules of Act 1851 for Goods imported or exported at the ports of that Presidency, or to double the said duties as the Governor of Bombay in Council may think fit.

III. For the levy of duties of Customs as above provided on Goods exported by land to, or imported by land from, such Foreign Territories, Customs Stations may be established at such places as may be determined by the said Governor of Bombay in Council; and every Officer at every such Stations shall have power to detain Goods passing into or out of any such Foreign Territory, and to examine and ascertain the quantities and kinds thereof; and such Goods shall not be allowed to pass across the Frontier line out of or into the Territory of the East India Company, until the owner or person in charge thereof shall produce and deliver a certificate shewing that the Customs duty leviable thereupon has been paid.

IV. Any Officer of Sea Customs may receive money on account of Customs and grant certificates of the payment thereof; and such a certificate being delivered to any Station Officer shall entitle the Goods to cross the Frontier into or out of the East India Company's Territories, provided that the goods correspond with the specification thereof contained in such certificates, and that the certificates shew the entire amount of duty leviable on those Goods to have been duly paid; and if upon examination the Goods brought to any Station be found not to correspond with the specification entered in the certificate presented with the same, the difference shall be noted on the face of the certificate; and if the payment of duty certified therein shall not cover the entire amount of duty leviable on the Goods, as ascertained at such examination, the Goods shall be detained until further certificate for the difference shall be produced.

V. The said Governor of Bombay in Council shall appoint proper Officers to receive Customs duties on Goods crossing the land Frontier of the said Foreign Territories; and the Officers so appointed shall, on the receipt of money tendered as Customs duty, be bound to give any merchant or other person applying for the same a certificate of payment, and to enter therein the specification of Goods with the values and description thereof according to the statement furnished by the person so applying; provided only that the

proper duty leviable thereupon according to the descriptions and values stated be covered by the payment made.

VI. No certificate shall be received at any Station that shall bear date more than thirty days before the date when the Goods arrived at such Station; but any person, who has taken out a certificate from any authorized Receiver of Customs duties, shall be entitled, at any time within the said period of thirty days, on satisfying such Receiver that such certificate has not been used, and on delivering up the original, to receive a renewed certificate with a fresh date without further payment of duty.

VII. The said Governor of Bombay in Council may prescribe by public notice in the official Gazette of the Presidency of Bombay, by what ways Goods shall be allowed to pass into or out of any such Foreign Territory, as is described in Sections I and II of this Act; and after such notice Goods which may be brought to any Station established on other roads or passes than those so prescribed, shall, if provided with a certificate, be sent back; and if not provided with a certificate shall be detained, and shall be liable to confiscation by the Collector of Customs, unless the person in charge thereof shall be able to satisfy the said Collector, that his carrying them by that road or pass was from ignorance or accident.

VIII. Goods unlawfully passed, or attempted to be passed unlawfully across any Frontier guarded by Stations, between sunset and sunrise, shall be seized and confiscated.

IX. Any Station Officer who shall permit Goods to pass across the Frontier, when not covered by a sufficient certificate, or who shall permit Goods to pass by any road or pass other than the prescribed ways shall be liable on conviction before a Magistrate, to imprisonment for a term not exceeding six months, and to a fine not exceeding five hundred Rupees, commutable, if not paid, to imprisonment for a further period of six months.

X. Any Station Officer who shall needlessly and vexatiously injure Goods under the pretence of examination, or in the course of his examination, or who shall wrongfully detain Goods for which there be produced a sufficient certificate, shall, on conviction before any Magistrate, be liable to imprisonment for a term not exceeding six months, and to a fine not exceeding five hundred Rupees, commutable, if not paid, to imprisonment for a further period of six months.

XI. All confiscations and penalties under this Act may be adjudicated by Officers competent to adjudicate like confiscations and penalties under Act 1851, and such Officers shall be subject to the same liabilities and rules in adjudicating such penalties and confiscations as they are subject to when adjudicating the like confiscations and penalties under the provisions of the aforesaid Act.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council after the 21st day of June next.

The following Draft of a proposed Act was read in Council for the first time on the 21st March 1851.

ACT No. —— OF 1851.

An Act for the consolidation and amendment of the Laws relating to the Customs under the Presidency of Bombay.

Whereas it is expedient to consolidate into one Act the laws now in force, relating to the customs under the Presidency of Bombay, and also to amend the rules for the collection and management of the same, It is enacted as follows:

I. The following Regulations and parts of Regulations of the Bombay Code, and the follow-

ing Acts and parts of Acts of the Government of India, are repealed, that is to say, Sections I., II. and III., Regulation VI. 1799; Clause 2nd, Section VII., Regulation IX. 1800; Sections XIV., XVII., XX., XXI. and XXV., Regulation I. 1805; Section IV. Regulation II. 1810; Regulation VI. 1814; Chapters III., V. and VII. Regulation XX. 1827; Regulation I. 1833; Act I. 1838, except in so far as it repeals any Regulation of the Bombay Code, or Act of the Government of India; Act IX. 1845, so far as it relates to the Bombay Presidency, except so far as it repeals any other Act; Act II. 1846; and all other Acts and parts of Acts, and all other Regulations and parts of Regulations of the Bombay Code, so far as such Acts or Regulations prescribe the levy within the Bombay Presidency of any customs duties, as well on transit by land as on import and export by sea, or which relate in any way to such duties, or which require the payment of any fee leviable by Customs Authorities on account of any vessel which may enter any port in the territories subject to the Presidency of Bombay.

II. Nothing hereinbefore contained shall be construed to prevent the levy of any anchorage or harbour dues now leviable at the port of Bombay, or the levy of any special duties on opium, tobacco, gunja, spirits or salt which are, or may be, established by any Law, or the levy of any town duty, or of any Municipal Tax, or of any toll on any bridge, road, canal or causeway, or for repair and maintenance of light-houses, or the levy of any rent or fee leviable under Act XXV. 1836, on the warehousing of goods.

III. The Governor of Bombay in Council may appoint one or more persons, to be commissioners of customs for the collection and management of the customs throughout the whole of the Presidency of Bombay with such salary or salaries as the said Governor in Council may deem reasonable; the persons so appointed shall hold their offices during the pleasure of the said Governor in Council, and shall, in all matters relating to the execution of their duties, be subject to the authority, direction and control of, and obey such orders and instructions as shall, from time to time, be issued to them, by the said Governor in Council.

IV. The Governor of Bombay in Council may appoint such persons as he may deem fit for the control and supervision of the collection and management of the customs in the Bombay Presidency under this Act, as collectors of customs, or under such other designation as the said Governor in Council shall determine; the persons so appointed shall be subject to the authority and control of the commissioner or commissioners (if any such officer shall have been appointed) in such manner and to such extent as the said Governor in Council, from time to time, may direct.

V. The Governor of Bombay in Council may appoint all other proper persons to execute the duties of the several subordinate officers necessary to the due management and collection of the customs, and may require from such persons such securities for their good conduct therein as the said Governor in Council may deem necessary; and may, from time to time, transfer any part of the duties and powers of any officer of customs under this Act to any other officer in such cases and under such restrictions as the said Governor in Council may deem fit; and every officer of customs appointed or employed on any duty relating to the said customs shall hold his office during the pleasure of the Governor of Bombay in Council: all persons holding any office or employment in the said customs, at the time of the passing of this Act, shall continue to be so employed therein under this Act until duly removed therefrom.

VI. The Governor of Bombay in Council may delegate the whole or any portion of the powers with which he is invested by the preceding section to any commissioner or collector or other officer of customs regularly appointed under the provisions of this Act, and all subordinate officers of customs, who may be appointed by such commissioner or collector, or other officer of customs, by virtue of such delegated power shall be liable to be dismissed, suspended or fined to an extent not exceeding two months' pay by the authority by which they were respectively appointed, subject to the control of Government or of superior authority in the customs department.

VII. Whoever intentionally obstructs any officer, in the exercise of any powers given by this Act to such officer, shall be punished with imprisonment for a term not exceeding six months, or a fine not exceeding one thousand rupees, or both.

VIII. Any person, who shall offer a bribe to any custom house officer in order to induce such officer to act in a manner inconsistent with his duty, shall be punished for every such offence by a fine not exceeding one thousand rupees, or imprisonment not exceeding six months, or both.

IX. No action shall lie in the Supreme Court for any act or thing done under this Act; but every action for any wrong or trespass, if committed within the local limits of the Island of Bombay, shall be tried and determined before the Revenue Judge of Bombay, and if committed in any part of the Presidency of Bombay without those limits, then before the proper Zillah Judge within whose jurisdiction the same shall have been committed; and such Revenue Judge of Bombay, or Zillah Judge respectively, shall award such damages to the party aggrieved for the injury done as shall be just and equitable. Provided, that it shall appear that there was reasonable and probable cause for the act complained of, the plaintiff shall not be entitled, beyond the restoration of any article unlawfully seized, or the value thereof, to more than two annas damages without costs.

X. Whoever, being an officer appointed under the authority of this Act, shall be guilty of a wilful breach of the rules prescribed in this Act, or any other rules that shall be passed by the Governor of Bombay in Council under the authority of it, or shall accept, or obtain or attempt to obtain from any person any property, gratuity or benefit as a consideration for doing or forbearing to do any official act, shall be punished with imprisonment for a term not exceeding two years or fine, or both.

XI. Whoever, being an officer appointed under the authority of this Act, practices or attempts to practice any fraud for the purpose of injuring the customs revenue, or abets or connives at any such fraud, or at any attempt to practice any such fraud shall be punished with imprisonment for a term not exceeding two years, or fine or both.

XII. In all cases in which under this Act, goods are liable to confiscation, and in all cases in which under this Act, any person in charge of, or owning a vessel or landing or shipping goods, or passing them through the custom house, is liable to a penalty: a commissioner or collector of customs may adjudicate such confiscation or such penalty; or the same may be adjudged by a deputy or by an assistant collector of customs being a Justice of the Peace: provided, that the power to adjudicate confiscation shall not extend as regards a deputy collector to goods beyond the value of rupees one thousand, nor as regards an assistant collector to goods beyond the value of rupees one hundred, nor shall any deputy collector impose any fine beyond the amount of rupees fifty, nor any assistant collector beyond the amount of rupees ten; and all cases adjudicated by a deputy or assistant collector shall be liable to revision by a collector of customs on appeal.

XIII. In case any goods, ship, vessel, boat, cart, vehicle, or other article shall be seized as forfeited, or detained as under-valued under this Act, the adjudicating officer may order the same to be restored in such manner and on such terms and conditions as he thinks fit to direct; and if the proprietor of the same accepts such terms and conditions, he shall not have or maintain any action for recompense or damage on account of such seizure or detention, and the adjudicating officer shall not proceed to condemnation.

XIV. Any collector of customs or other officer, who is authorized to adjudicate customs cases, if he shall decide that a seizure of goods made under the authority of this Act was vexatious and unnecessary, may adjudge damages to be paid to the proprietor by the customs officer, who made such a vexatious seizure, beside ordering the immediate release of the goods; and if the proprietor accepts such damages no action shall thereafter lie against the officer of customs, in any court of justice, on account of such seizure; and if such adjudicating officer shall decide that the seizure was warranted, but shall deem that the penalty of confiscation is unduly severe, he may mitigate the same by levying on the goods so seized as aforesaid, any portion of the market value of such goods not less than one-tenth of such value; and if the said officer adjudges confiscation or any penalty in mitigation of confiscation, he may order further that from the sale of the goods, or from the proceeds of any penalty inflicted in mitigation of confiscation, a proportion not exceeding, in all cases of seizure but of salt or tobacco, one-half of the sum remaining after payment of all Government demands shall be distributed in rewards amongst such officers as he deems entitled thereto, and in such proportion as he directs to each respectively: but in awarding rewards for the seizure of confiscated salt or tobacco he may award one-half of the proceeds of sale without making any deduction on account of Government demands.

XV. All penalties under this Act except those specified in any judicial award of the collector or other adjudicating officer, as provided for in Section XIII. of this Act, shall be adjudged and determined by the officiating magistrate of the place where the offence shall have been committed; and any collector being a justice of peace, or deputy or assistant collector authorized in such behalf by his superior and being a justice of peace, may take informations and depositions on oath or solemn affirmation or declaration touching any matters involving a breach of any of the provisions of this Act, and if taken in the presence of the party or parties charged with such breach the same shall be received in evidence by such magistrate in the like manner and to the same extent as if taken before him, and shall be deemed sufficient for him to adjudicate thereon: but nothing herein shall prevent such magistrate from taking any information or deposition afresh or from taking other and further depositions in the matter, if he think fit.

XVI. If any person in charge of, or owning a vessel shall have become liable to any fine on account of any act or omission relating to the customs, the collector of customs, subject to the orders of the Governor of Bombay in Council, may refuse port clearance to such vessel until the fine is discharged; and in like manner if any person passing goods through the custom house, shall have become liable to any fine the collector of customs may detain such goods until the fine is discharged.

XVII. No person shall act as an agent for transacting business in the custom house in the port of Bombay which shall relate to the entrance or clearance of any ship, goods, or baggage, unless authorized so to do by licence of the collector of customs who may require a bond to be given by every person to whom such licence shall be granted with sufficient securities, in any sum not exceeding the sum of five thousand rupees for the faithful and incorrupt behaviour of such person as regards the custom house regulations and its officers; and every person who shall act as such agent not being so licensed shall, for every such offence, be liable to a fine not exceeding the sum of five hundred rupees. Provided always that nothing herein contained shall extend to forbid the clerk or servant, or known accredited agent of any person, or of any mercantile firm, from transacting business at the custom house on account of such person or firm without licence.

XVIII. Duties of customs shall be levied on goods imported by sea from any port not subject to the Government of the East India Company, or from Aden, or any port in the Straits of Malacca, the Tenasserim Provinces, or the Province of Arracan, into any place in the territories subordinate to the Government of the Presidency of Bombay according to the rates specified in Schedule A. annexed to this Act, and with the exceptions specified therein; and the said Schedule shall be taken to be a part of this Act.

XIX. Duties of customs shall be levied upon goods the produce or manufacture of India exported by sea to any port situated beyond the territories subject to the Government of the East India Company, or to Aden, or to any port in the Straits of Malacca, the Tenasserim Provinces or the Province of Arracan, from any port of the Bombay Presidency, according to the rates specified in Schedule B. annexed to this Act, with the exceptions therein specified; and the said Schedule with the notes attached thereto, shall be taken to be a part of this Act: Provided that the ships of any European nation having Firmaun privileges in the port of Surat, shall not be subject to further duties of import or export than may be prescribed by their Firmans respectively, any thing in the Schedules or in this Act notwithstanding.

XX. Whenever any vessel arrives at any port subordinate to the Bombay Presidency, the port of Bombay excepted, an anchorage toll shall be levied at such port on each such arrival, according to the burthen, on all country craft above the burthen of one hundred Indian maunds at the rates specified in the Schedule C. annexed to this Act: and the said Schedule shall be taken to be part of this Act.

XXI. No goods entered in either of the Schedules of this Act, as liable to duty, shall be exempted from the payment of such duty or of any part thereof except under special order from the Governor of Bombay in Council, and the collector of customs shall detain all goods subject to duty under this Act until such duty shall have been duly paid according to the rules herein provided. Provided always that the collector of customs, or other officer in charge of a custom house, may at his discretion pass free of duty any passenger's personal baggage in actual use, and if any person shall apply to have goods passed as such baggage, the collector, acting under the orders of Government, shall determine whether they be passenger's personal baggage in actual use, or goods subject to duty under the provisions of this Act.

XXII. On application by the exporter of any salt that has paid the excise duty, as established by law, a certificate shall be granted by the collector of customs at the place of export, under authority of which certificate the quantity of salt specified therein may be landed at any other port of the said Presidency of Bombay, and passed from such port into the interior of the country without the levy of any further duty either of excise or of customs.

XXIII. The Governor of Bombay in Council, from time to time by notice in the official Gazette of that Presidency, may fix a value for any article, or number of articles, liable to duty upon their value, and the value so fixed for such articles shall, till altered by a similar notice, be taken to be the value of such articles for the purpose of levying duty on the same.

XXIV. When goods liable to duty for which a value has been fixed by such notice or for which a fixed duty has been declared by the Schedules annexed to this Act, are brought to any custom house in the Bombay Presidency in a damaged state, and such damage is declared previous to the assessment of customs on such goods, the collector of customs may make an abatement of customs in proportion to the damage received; and, in estimating such damage, he shall be guided by such rules as the Governor of Bombay in Council may from time to time determine and notify; but if the value of the goods be not deteriorated more than one-fifth part thereof no abatement of customs shall be allowed.

XXV. When goods liable to duty, for which a value has not been fixed by such a notice as it above directed, or for which a fixed duty has not been declared by the Schedules annexed to this Act, are brought to any custom house in the Presidency of Bombay for the purpose of being passed for importation or exportation, the duty leviable on such goods shall be levied according to the market value of such goods at the place and time of importation or exportation as the case may be.

XXVI. No goods shall be allowed to be passed through the custom house until a written application, according to a form to be prescribed by the collector of customs, shall have been made by the owner, consignee, exporter, importer or the agent for any of these respectively for permission to pass such goods through the custom house; and such application shall contain a true description of such goods, with the marks, numbers and description of the packages containing the same, and a declaration of their value, and shall set forth the name of the ship in which the goods have been imported, or are to be exported, the name of the master of the said ship, the colors under which the said ship sails, and the country in which the goods were produced. XXVIII. And whereas under Section XXIII. of this Act, it may be found expedient to fix the dutiable value of certain goods at the rates shewn by their invoice, when it shall appear to the officer of customs appointed to appraise goods at the custom house that any goods are undervalued in an invoice presented for the purpose of assessing customs he shall report the same to the collector of customs, who may at his discretion take such goods for Government at an advance of one-tenth part of the amount of the invoice value and charges, and dispose of them in the same manner as he is empowered by Section XXVII. to take goods at the value declared, and to dispose of the same.

Provided however, that in all cases of return to port after port clearance on account of damage or for stress of weather, the owner or master may enter the vessel and land the cargo under the rules for the importation of goods, and the export duty shall in that case be refunded, and the amount paid in drawback be reclaimed; and if goods on account of which drawback has been paid, be not found on board the vessel, the Master shall be liable to a fine not exceeding the entire value thereof, unless he accounts for them to the satisfaction of the collector of customs.

When goods shall be relanded before the lading of any vessel is complete, and before port clearance has been granted, the duty levied upon such goods shall be returned to the exporter, but no refund shall be made of duty paid on the export of any goods after port clearance shall have been granted for the vessel on which the goods are exported, unless the vessel shall have put back for stress of weather or for damage, and the goods shall have been relanded under the rule contained in Section XXXII.

XXXIII. Goods exported in the same vessel on which they were imported, if manifested for re-export, shall not be subject to import or export duty; and, if any goods brought to any port in any vessel be transhipped in such port, they shall in all cases be subject to the same duty as if they had been landed and passed through the custom house for re-exportation in the vessel into which they may be transhipped.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 21st day of June next.

FRED. JAS. HALLIDAY,
Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 21st March, 1851.

The following Draft of a proposed Act was read in Council for the first time on the 21st of March 1851.

ACT NO. —— OF 1851.

An Act for the collection of Land Customs on certain Foreign Frontiers of the Presidency of Bombay.

Whereas it is expedient to provide for the collection of Land Customs on certain Foreign Frontiers, It is enacted as follows:

I. Duties of Customs shall be levied on Goods passing by land into or out of Foreign European Settlements, situated on the line of Coast within the limits of the Presidency of Bombay, at the rates prescribed in the Schedules of Act 1851, at the ports of that Presidency.

II. The Governor of the Presidency of Bombay in Council may declare by notice to be published in the official Gazette of that Presidency, that the Territory of any Native Chief not subject to the jurisdiction of the Courts and Civil Authorities of that Presidency shall be deemed to be Foreign Territory, and may declare Goods passing into or out of such territory liable either to the duty fixed by the Schedules of Act 1851 for Goods imported or exported at the ports of that Presidency, or to double the said duties as the Governor of Bombay in Council may think fit.

III. For the levy of duties of Customs as above provided on Goods exported by land to, or imported by land from, such Foreign Territories, Customs Stations may be established at such places as may be determined by the said Governor of Bombay in Council; and every Officer at every such Stations shall have power to detain Goods passing into or out of any such Foreign Territory, and to examine and ascertain the quantities and kinds thereof; and such Goods shall not be allowed to pass across the Frontier line out of or into the Territory of the East India Company, until the owner or person in charge thereof shall produce and deliver a certificate shewing that the Customs duty leviable thereupon has been paid.

IV. Any Officer of Sea Customs may receive money on account of Customs and grant certificates of the payment thereof; and such a certificate being delivered to any Station Officer shall entitle the Goods to cross the Frontier into or out of the East India Company's Territories, provided that the goods correspond with the specification thereof contained in such certificates, and that the certificates shew the entire amount of duty leviable on those Goods to have been duly paid; and if upon examination the Goods brought to any Station be found not to correspond with the specification entered in the certificate presented with the same, the difference shall be noted on the face of the certificate; and if the payment of duty certified therein shall not cover the entire amount of duty leviable on the Goods, as ascertained at such examination, the Goods shall be detained until further certificate for the difference shall be produced.

V. The said Governor of Bombay in Council shall appoint proper Officers to receive Customs duties on Goods crossing the land Frontier of the said Foreign Territories; and the Officers so appointed shall, on the receipt of money tendered as Customs duty, be bound to give any merchant or other person applying for the same a certificate of payment, and to enter therein the specification of Goods with the values and description thereof according to the statement furnished by the person so applying; provided only that the proper duty leviable thereupon according to the descriptions and values stated be covered by the payment made.

VI. No certificate shall be received at any Station that shall bear date more than thirty days before the date when the Goods arrived at such Station; but any person, who has taken out a certificate from any authorized Receiver of Customs duties, shall be entitled, at any time within the said period of thirty days, on satisfying such Receiver that such certificate has not been used, and on delivering up the original, to receive a renewed certificate with a fresh date without further payment of duty.

VII. The said Governor of Bombay in Council may prescribe by public notice in the official Gazette of the Presidency of Bombay, by what ways Goods shall be allowed to pass into or out of any such Foreign Territory, as is described in Sections I and II of this Act; and after such notice Goods which may be brought to any Station established on other roads or passes than those so prescribed, shall, if provided with a certificate, be sent back; and if not provided with a certificate shall be detained, and shall be liable to confiscation by the Collector of Customs, unless the person in charge thereof shall be able to satisfy the said Collector, that his carrying them by that road or pass was from ignorance or accident.

VIII. Goods unlawfully passed, or attempted to be passed unlawfully across any Frontier guarded by Stations, between sunset and sunrise, shall be seized and confiscated.

IX. Any Station Officer who shall permit Goods to pass across the Frontier, when not covered by a sufficient certificate, or who shall permit Goods to pass by any road or pass other than the prescribed ways shall be liable on conviction before a Magistrate, to imprisonment for a term not exceeding six months, and to a fine not exceeding five hundred Rupees, commutable, if not paid, to imprisonment for a further period of six months.

X. Any Station Officer who shall needlessly and vexatiously injure Goods under the pretence of examination, or in the course of his examination, or who shall wrongfully detain Goods for which there be produced a sufficient certificate, shall, on conviction before any Magistrate, be liable to imprisonment for a term not exceeding six months, and to a fine not exceeding five hundred Rupees, commutable, if not paid, to imprisonment for a further period of six months.

XI. All confiscations and penalties under this Act may be adjudicated by Officers competent to adjudicate like confiscations and penalties under Act 1851, and such Officers shall be subject to the same liabilities and rules in adjudicating such penalties and confiscations as they are subject to when adjudicating the like confiscations and penalties under the provisions of the aforesaid Act.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council after the 21st day of June next.

MILITARY DEPARTMENT.

Our Governor of the Presidency of Fort William in Bengal.

1. We forward a No. in the Packet a copy of a Memorandum of the points upon which Candidates for "direct" appointments are to be examined before they are passed as Cadets.

2. If Candidates are resident abroad when nominated Cadets, they will be required to appear before a Board, to be convened by the Local Government, for the purpose of examining into their attainments, as specified in the test.

3. This Board you will have no difficulty in constituting from time to time by appointing to it Civil or Military Officers stationed at the Presidency who are qualified to examine in the several branches of study specified in the Memorandum.

4. It is understood that Candidates may be passed by the Board in branches of study in which they may shew themselves to be qualified, and that they may be remanded for such a time, or times, as may be necessary to complete their attainments in any other branch or branches in which they may at first be found deficient. A Board would then be re-assembled for the purpose of completing the examination, provided that, in the mean time, the Candidate has not passed the prescribed age.

5. The regulations are to apply to any appointments made by us as announced to you in Despatches dated on and after the 1st June next.

We are, &c.,

(Signed) JOHN SHEPHERD,
and twelve other Directors.

London, 5th March, 1851.

Memorandum of the points upon which Candidates for direct appointments are to be examined before they are passed as Cadets.

1. Each Candidate will be required to write English correctly from dictation.

2. He should possess a competent knowledge of the ordinary Rules of Arithmetic, including the Rule of Three, Compound Proportion, Simple and Compound Interest, Vulgar and Decimal Fractions, and the extraction of the Square Root. He should also have read the first three Books of Euclid.

3. In languages, he should be able to translate into English passages from Cæsar's Commentaries, or from the first four Books of Virgil's Æneid, and he will be further expected to parse, and show his knowledge of Grammar and Syntax.

The Candidate will be required to translate from French into English an extract from one of the following Works, viz. Telemachus, Voltaire's Charles the 12th and Peter the Great. But the Candidate will have the option of being examined in the Hindustani, in lieu of the French Language, and in that case he will be required to translate from Hindustani into English an extract from one of the following Works, viz. Bagh-o-Buhar, Tota Kulsuee.

4. In History, he should be prepared to pass an examination in Keightley's Histories of Greece and Rome, in Gleig's History of England, and in the History of British India, contained in vols. 1 and 2 of the Edinburgh Cabinet Library.

5. In Geography, he should possess a competent knowledge of the modern divisions of the world; the principal Nations in Europe and Asia; the names of the Capital of each Nation in Europe, and of the Chief Cities of Hindostan; and the names and situations of the principal Rivers and Mountains in the world.

The examination of the Candidates will take place before a Board of Examiners to be convened for that purpose at the Military Seminary at Addiscombe, near Croydon.

If the Candidate has been confirmed as a Member of the Church of England, he will be required to make a declaration to that effect. If not so confirmed, or if not a Member of the Church of England, he will be required to produce a Certificate from a Minister stating that he has been well instructed in the principles of the Religion in which he has been brought up.

The Candidate will also be required to produce testimonials of good moral conduct, under the hand of the Principal or Superior Authority of the College or Public Institution in which he may have been educated, or under the hand of the private instructor to whose care he may have been confided,—and the said testimonials shall have reference to his conduct during the two years immediately preceding his presentation for admission.

SATURDAY, APRIL 26, 1851.

Fort William, Home Department, Legislative, the 25th April, 1851.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 25th of April 1851, with the assent of the Most Noble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

Act No. IV. of 1851.

An Act for the appointment of uncovenanted Deputy Magistrates, and for defining the duties of Deputy and Assistant Magistrates in Bombay.

Whereas the administration of justice will be improved by extending the provisions of Act XV. 1843, to the Presidency of Bombay, and by more exactly defining the powers of Assistant Magistrates, It is enacted as follows:

I. So much of Act XIV. 1835, as empowers the Governor of Bombay in Council to confer on any Assistant Magistrate, by a special order, any of the powers of a Magistrate, is repealed.

II. The Governor of Bombay in Council may appoint to any Zillah or District one or more Uncovenanted Deputy Magistrates, with the powers hereinafter specified.

III. Every person appointed to the office of Deputy Magistrate under this Act shall, before entering upon the execution of the duties of his office, make and subscribe before one of the Courts of Record established in the said Presidency, (or in the Zillah to which he is appointed) a declaration to the same effect as the oath required by law to be taken by Magistrates, which declaration shall be deemed to be made under Act XXI. 1837.

IV. A Deputy Magistrate appointed under this Act, or an Assistant Magistrate, may be employed as a judicial officer, or as an officer of Police, or both, at the discretion of the Governor of Bombay in Council. As a judicial officer he shall exercise the powers of a covenanted Assistant, under Section III. Regulation XII. 1827, Regulation IV. 1830, Regulation VIII. 1831, of the Bombay Code, and Act XXV. 1839, or the full powers of a Magistrate, when specially authorized by the Governor of Bombay in Council; and, in such cases, he shall be subject to such authority in regard to appeals from his decisions and judicial orders as is provided under the above mentioned Regulations for the decisions and orders of a covenanted Assistant or of a Magistrate respectively. As an officer of Police, he shall be in all respects subordinate to the Magistrate under whom he is placed; he shall exercise such executive powers only as the Governor of Bombay in Council, or the Magistrate, with the sanction of the Governor of Bombay in Council, commits to him, and shall obey all lawful orders so issued, and perform all duties so assigned to him by the said Magistrate, who shall be at all times competent, subject to such orders as he receives from time to time from the Governor of Bombay in Council, to extend, limit or resume the executive powers committed to such Assistant or Deputy.

V. Nothing in this Act contained shall be held to disqualify any uncovenanted Officer in the Revenue and Judicial Departments from holding, at the same time with any other office, the office of Deputy Magistrate.

VI. A Deputy Magistrate appointed under this Act shall not be dismissed from office for misconduct, without the sanction of the Governor of Bombay in Council. Whenever there is reason to believe, that a Deputy Magistrate is disqualified, by neglect, incapacity, corruption or other misbehaviour, for continuance in office, a report shall be made by the Magistrate for the consideration and orders of the Governor of Bombay in Council, who shall be competent to suspend such Deputy Magistrate, and order a further enquiry into his behaviour, or order his immediate dismissal, as appears just and proper.

Ordered, that the Act be promulgated for general information.

Act No. IV. of 1851.

An Act for the appointment of uncovenanted Deputy Magistrates, and for defining the duties of Deputy and Assistant Magistrates in Bombay.

Whereas the administration of justice will be improved by extending the provisions of Act XV. 1843, to the Presidency of Bombay, and by more exactly defining the powers of Assistant Magistrates, It is enacted as follows:

I. So much of Act XIV. 1835, as empowers the Governor of Bombay in Council to confer on any Assistant Magistrate, by a special order, any of the powers of a Magistrate, is repealed.

II. The Governor of Bombay in Council may appoint to any Zillah or District one or more uncovenanted Deputy Magistrates, with the powers hereinafter specified.

III. Every person appointed to the office of Deputy Magistrate under this Act shall, before entering upon the execution of the duties of his office, make and subscribe before one of the Courts of Record established in the said Presidency, (or in the Zillah to which he is appointed) a declaration to the same effect as the oath required by law to be taken by Magistrates, which declaration shall be deemed to be made under Act XXI. 1837.

IV. A Deputy Magistrate appointed under this Act, or an Assistant Magistrate, may be employed as a judicial officer, or as an officer of Police, or both, at the discretion of the Governor of Bombay in Council. As a judicial officer he shall exercise the powers of a covenanted Assistant under Section III. Regulation XII. 1827, Regulation IV. 1830, Regulation VIII. 1831, of the Bombay Code, and Act XXV. 1839, or the full powers of a Magistrate, when specially authorized by the Governor of Bombay in Council; and, in such cases, he shall be subject to such authority in regard to appeals from his decisions and judicial orders as is provided under the above mentioned Regulations for the decisions and orders of a covenanted Assistant or of a Magistrate respectively. As an officer of Police, he shall be in all respects subordinate to the Magistrate under whom he is placed; he shall exercise such executive powers only as the Governor of Bombay in Council, or the Magistrate, with the sanction of the Governor of Bombay in Council, commits to him, and shall obey all lawful orders so issued and perform all duties so assigned to him by the said Magistrate, who shall be at all times competent, subject to such orders as he receives from time to time from the Governor of Bombay in Council, to extend, limit or resume the executive powers committed to such Assistant or Deputy.

V. Nothing in this Act contained shall be held to disqualify any uncovenanted Officer in the Revenue and Judicial Departments from holding, at the same time with any other office, the office of Deputy Magistrate.

VI. A Deputy Magistrate appointed under this Act shall not be dismissed from office for misconduct, without the sanction of the Governor of Bombay in Council. Whenever there is reason to believe, that a Deputy Magistrate is disqualified, by neglect, incapacity, corruption or other misbehaviour, for continuance in office, a report shall be made by the Magistrate for the consideration and orders of the Governor of Bombay in Council, who shall be competent to suspend such Deputy Magistrate, and order a further enquiry into his behaviour, or order his immediate dismissal, as appears just and proper.

An Act for the appointment of uncovenanted Deputy Magistrates, and for defining the duties of Deputy and Assistant Magistrates in Bombay.

Whereas the administration of justice will be improved by extending the provisions of Act XV. 1843, to the Presidency of Bombay, and by more exactly defining the powers of Assistant Magistrates, It is enacted as follows:

I. So much of Act XIV. 1835, as empowers the Governor of Bombay in Council to confer on any Assistant Magistrate, by a special order, any of the powers of a Magistrate, is repealed.

III. Every person appointed to the office of Deputy Magistrate under this Act shall, before entering upon the execution of the duties of his office, make and subscribe before one of the Courts of Record established in the said Presidency, (or in the Zillah to which he is appointed) a declaration to the same effect as the oath required by law to be taken by Magistrates, which declaration shall be deemed to be made under Act XXI. 1837.

2. The conditions of re-sale will be the same as those of the Sale of the 2,870 Chests referred to.

By order of the Board of Revenue, Fort William, the 24th April 1851,

A. GROTE, *Offg. Jr. Secy.*

NOTIFICATION.—Parties interested in the execution of Bonds for the exportation of Rum by Sea are hereby informed, that with the sanction of the Board of Revenue for the Lower Provinces, Section 15 of the Bonding Rules will take effect as follows, and be enforced accordingly.

Bonds for Rum for Exportation by Sea.

1. Bonds for the Exportation of Rum by Sea will be current four months from the date thereof. The currency will be renewable at the discretion of the Collector of Calcutta, for a further period of four months, from the date of expiration of the first currency, and for no period more or less than that term. On the expiration of the eighth month, or of the second currency, the Collector of Calcutta will proceed to adjust such time-expired Bonds and levy duty on the quantity of Rum deficient or unaccounted for.

2. Provided, however, that any party or parties seeking exemption from the strict enforcement of the above Rule, are required to make a representation to the Collector of Calcutta, setting forth the grounds on which they have been unable to Export on account for the quantity of Rum deficient, and under the special sanction of the Abkarree Commissioner of the 1st or Calcutta Division, the Bond will be renewed, if sufficient cause be shewn, for a third term, after the expiration of which currency, the Bond must be finally adjusted and duty levied on the deficiency, if any.

Bond for Rum to be used in Refining Sugar and Molasses.

3. Distillers and Sugar Factors are also hereby informed, that the principle of the above Rules is, under the sanction of the Board of Revenue for the Lower Provinces, applicable to Bonds for Rum duty free used in Refining Sugar and Molasses, but the periods of currency will remain as heretofore, viz., first currency for six months, second currency for a further period of six months, no more and no less, and a third currency of six months will, as in the case of Bonds for Rum for exportation by Sea, require the special sanction of the Abkarree Commissioner of the 1st or Calcutta Division, and the course prescribed in paragraph 2 be followed in respect to it.

4. The uniform extensions above indicated, will accord with the primary condition of the Bonds, and will, it is believed, induce parties to exercise greater care in rendering Bonds, and punctually in adjusting them.

E. JACKSON,
Offg. Collector.

NOTICE.—Under the orders of the Board of Revenue for the Lower Provinces, Notice is hereby given, that instead of the general still head and Abkaree Duty and the local tax heretofore levied, or intended to be levied on Bengal Rum passed into Calcutta for local consumption, a fixed duty of One Rupee per Imperial Gallon, London Proof, will be payable from this date by Licensed Venders, under the terms of their license on all Rum passed to the shops of such Venders.

NEW PILOT STATION

FOR THE

S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessel in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

Master Attendant.

NEW PILOT STATION

FOR THE

S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessel in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

(Signed) H. L. THOMAS,
Master Attendant.

NEW PILOT STATION

FOR THE

S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessel in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

(Signed) H. L. THOMAS,
Master Attendant.

No. 230, of the 23rd June 1849, the Hon'ble the President in Council is pleased, at the recommendation of the Military Board, and with the concurrence of the Most Noble the Governor General, to publish the following additional rules for the repairs of Tents with European Corps:

1st. The petty repairs on a march, the Bills for which will be passed on Regimental or Detachment Orders, are not to exceed (1) one Rupee for each Tent within the space of one month—the amount will be paid by the Commissariat Agent with the Regiment or Detachment on the receipt of the Commanding Officer; the repairs being executed under the orders of the latter, and the Bill submitted by him to the Military Board for Audit.

2nd. In the case of repairs of a more extensive nature, the Commanding Officer is to convene a Committee to examine the Tents and specify the extent of repairs required, and on the report of this Committee an Estimate will be framed for the probable cost of the repairs. If the urgency of the case requires that these repairs should be done immediately, the Survey Report and Estimate are to be submitted to the Officer Commanding the Station or Camp, who will direct the Deputy Pay Master or Commissariat Officer to advance to the Commanding Officer the requisite amount, and will transmit the Documents to the Military Board for approval, stating the reasons why the repairs were required to be made immediately.

3rd. If the repairs are not required to be executed at once, the Survey Report and Estimate will be submitted direct to the Military Board by the Officer Commanding the Corps or Detachment, and the Board will authorize him to apply to the Commissariat Officer or Deputy Pay Master for the necessary advance.

4th. In either case, the Estimate is to be so framed as to show the quantity of materials and the number of workmen that will be required to execute the repairs stated in the Survey Report to be requisite; and in order to ensure, as far as possible, the amount being sufficient, 10 per Cent. will be allowed for unforeseen Contingencies. The Station Price Current of labor and materials, under the signature of the Officer in charge of the principal Bazar, is to accompany the Estimate.

5th. The repairs are to be executed, with due regard to economy, as early as possible after receipt of the advance, and a Bill will be submitted to the Military Board, on the completion of the work, corresponding in form with the Estimate. Any considerable deviation from the amount of the Estimate is to be accounted for in a letter accompanying the Bill. A Survey Report is also to be sent showing the opinion of a Committee as to the manner in which the Tents have been repaired, and the reasonableness of the charge.

6th. Any surplus of the advance is to be paid into the Office whence it was received, and the receipt taken for the same will accompany the Bill.

7th. When Commanding Officers have Quarter Masters, all the details connected with the repairs of the Tents are to be conducted by the latter under the orders of the former, according to the usage of the service; all Bills and other Documents signed by the Quarter Master bearing the Commanding Officer's Countersignature.

8th. The advances made under this Order will be included in the accounts of the Pay Department for recovery: they are to be made by the Commissariat only at Stations where there is no Pay Office, the receipt being sent to the Pay Office for adjustment.

NEW PILOT STATION

FOR THE

S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

(Signed) H. L. THOMAS,
Master Attendant.

Master Attendant's Office, the 25th March, 1851.

NEW PILOT STATION

FOR THE

S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

(Signed) H. L. THOMAS,
Master Attendant.

And whereas, in order to know the deficiency of the said Sir Thomas in respect of the said several particulars of charge, certain Commissioners were appointed by an order under the seal of the Supreme Court of Judicature at Fort William, bearing date the 8th March 1848, to enquire and report thereon to the Court;

And whereas the said Commissioners made their report to the said Court, bearing date the 25th January 1849, and now filed of record in the said Court, whereby they reported fully on the several matters committed to them as aforesaid, setting forth in the body of the said Report, and also in certain Schedules thereunto annexed marked (A,) (B,) (C,) (D,) (E,) and (F) respectively the names and titles of the several Estates, suitors and other persons to whom upon the account taken by them, money or securities for money appeared to be due by the said Sir Thomas;

And whereas, it is deemed expedient that the said sufferers by the insolvency of the said Sir Thomas Edward Mitchell Turton be reimbursed their several losses out of the accumulated produce of certain unclaimed Estates, now in the custody and management of the Administrator General, due provision being made for securing the interests of the rightful claimants thereunto, if any shall hereafter appear; It is enacted as follows:

I. The net proceeds of all Estates to which the Registrar of the said Ecclesiastical Court has administered in right or under colour of his office under the said Act of Parliament, and which from the official books and accounts of the said Registrar appear to have been in the custody or control of the said Registrar ready to be distributed before the first day of January 1836, and to have been since that time unclaimed and now to continue unclaimed in the custody or control of the Administrator General in Bengal in right of his office under Act VII. 1849, and also from time to time the net proceeds of all Estates to which the said Registrar or the said Administrator General under the said Act VII. 1849 has administered, or to which the said Administrator General shall hereafter administer, and which shall in like manner appear to have continued for fifteen years in his custody or control unclaimed shall be transferred and paid, as the same respectively accrue, to the Sub-Treasurer of the East India Company at Fort William in Bengal, and be carried to the account and credit of the East India Company for the general purposes of Government, and the receipt of the said Sub-Treasurer shall be a full indemnity and discharge to the said Administrator General for any such payment.

II. If any claim shall be hereafter made to any part of the net proceeds of any Estate so transferred and paid to the account and credit of the East India Company, and established to the satisfaction of the Administrator General and Accountant to the Government of Bengal for the time being, the said Accountant shall direct the Sub-Treasurer to repay, and the Sub-Treasurer shall thereupon repay the principal sum so paid or represented by the Securities so transferred, or so much thereof as shall appear to be due to the claimant out of the monies of the East India Company in his custody. If the claim is not established to the satisfaction of the said Administrator General and Accountant, the claimant may apply by petition to the said Supreme Court against the East India Company and Administrator General, for the time being; and, after taking evidence either orally or on affidavit in a summary way as the Court shall think fit, the Court shall make such orders on the petition as justice requires, which shall be binding on all parties to the suit.

III. The Accountant to the Government of Bengal is authorized and required from time to time to direct the Sub-Treasurer to pay, and the Sub-Treasurer shall thereupon pay, out of the monies of the East India Company in his custody, such sums as will be sufficient to pay off and discharge to such persons as shall appear to be entitled thereunto, as the lawful representatives of the Intestates and others named in the Schedules (A,) (B,) (C,) (D,) annexed to the said report, and also to the suitors and other persons entitled to the Equity Deposits and Trust monies in the suits and under the trusts named in the Schedules (E) and (F) annexed to the said report, and other deposits and trust monies (if any) paid or entrusted to the said Sir Thomas by order of the said Court, and to the net proceeds of the estate of Ramnarain Coondo, of which the said Sir Thomas was Curator under Act XIX. 1841, the several principal sums of money which, upon the final adjustment of the accounts of their several claims and estates, shall appear to have been due to them respectively from the said Sir Thomas on the 25th day of February 1848, and to be then still due and unsatisfied; and also the balance due by the said Sir Thomas to Government in respect of Court fees received by him as Registrar of the said Court, but not accounted for by him to Government.

IX. The said estimate and assessment when completed shall be signed by the said Commissioners and form a record of their office.

X. After the completion of the said estimate the said Commissioners shall make out and sign certificates, which shall, by numbers, or in such other way as to the said Commissioners may seem more convenient, refer to the several portions of land mentioned in the said plan No. 2, and shall shew the estimated value of the land and improvements thereon to which the same refer, which certificate shall give to the holders thereof a right to demand payment of the sums for which the same are in the body of the same expressed to be granted, from and out of the said "Foras Land Assessment Fund", after the said Commissioners shall, by public advertisement in the Bombay Government Gazette, have advertised that they are ready to redeem the said certificates.

XI. The persons who shall have been the rentpayers to the said Company on the said first day of July of any land mentioned in the said plan No. 2, or their representatives or assigns shall be entitled to be the first holders of the certificates relating to the same lands.

XII. When the said certificates shall have been completed, the said Commissioners shall distribute the certificates to the persons entitled thereto; or, if it shall appear to them doubtful to whom any certificate should be delivered, may deposit it with the Prothonotary of the Supreme Court of Judicature established at Bombay by Royal Charter, which Court may adjudicate upon the right to every certificate so deposited, and may direct how such right shall be tried.

XIII. The delivery to any person by the Commissioners of any certificate shall not confer upon him any right to retain the same as against any person having a better title thereunto, who shall be at liberty to sue for and recover the same, and all benefits thereto belonging, in the said Supreme Court, by such proceeding as the said Court shall direct.

XIV. When the said assessment shall have been completed, the Commissioners shall give notice thereof in the Government Gazette, and after the expiration of three weeks next following the publication of such notice shall proceed to collect the assessments, and if necessary to levy them by distress and sale of any goods found on

the said lands, or by sale of the lands assessed; and the said Commissioners shall keep accounts of the sums received for assessment, and pay the same from time to time into the Bank of Bombay.

XV. The said Commissioners, subject to the approval of the Governor of Bombay in Council, may employ such Surveyors, Accountants and Clerks as to them shall seem fit, and incur such other charges and make such disbursements from the said Foras Land Assessment Fund as may be necessary for executing the provisions of this Act.

XVI. The Commissioners may receive any portion of the assessment from any person, but any receipt granted by them for the same shall not affect the title to any lands in respect whereof the same shall have been paid; and, when the said Foras Land Assessment Fund, or such portion thereof as to the said Commissioners shall seem adequate, shall have been recovered, the said Commissioners shall redeem the certificates on demand by the holders thereof.

XVII. When, on the sale of any land or goods for satisfaction of any assessment, more money shall be raised than is required to pay the amount to be levied, the Commissioners shall pay the overplus to such person or persons as shall appear to them to have been entitled to the land or goods sold; or, if they are doubtful to whom they should pay the same, may pay such overplus to the Accountant General of the said Supreme Court, and any persons claiming to be entitled thereto may sue for and recover the same by such proceeding in the said Supreme Court as the said Court shall direct.

XVIII. The Commissioners shall not be liable for the amount so paid to any person, in case another person having better title thereunto shall afterwards appear, but the same may be recovered from the party who received the same or his representatives at the suit of the person entitled thereunto.

XIX. The said certificates shall be transferrable by endorsement.

XX. The said Commissioners, at any time after the said first day of July may grant a warrant to any person or persons to take and deliver to the Officers of the Bombay Government any of the lands mentioned in the said plan No. 2, which warrant shall confer on such person or persons the same powers and rights which the Sheriff has for executing a writ of possession issued by the said Supreme Court.

XXI. The said Commissioners, with the consent of the Governor of Bombay in Council, to be signified in writing upon the said plan No. 2, under the hand of one of the Secretaries to the Government of Bombay, at any time before the completion of the assessment, may alter the plan No. 2 lodged with the said Commissioners, and corresponding alterations shall be made in the plan No. 1 lodged with the said Commissioners, and the Governor of Bombay in Council shall thereupon cause the like alterations to be made in the plans deposited in the Office of the Secretary to the Government of Bombay; and, if any such alterations shall be so made, the plans so altered shall to all intents and purposes of this Act be considered as the plans referred to by this Act. Provided always that, if any difference shall at any time appear between the plans deposited with the Commissioners and the plans deposited in the office of the Secretary to the Government of Bombay, the latter shall be deemed the original and authentic plans referred to by this Act.

XXII. No action at law or other proceeding shall be brought in any Court whatever against any Commissioner under this Act for any thing done or omitted to be done by him as a Commissioner thereunder; and a certificate in writing under the hand of one of the Secretaries to the Government of Bombay shall be evidence that any such act or deed of commission or omission complained of was done by the Commissioners in execution of their powers as such Commissioners under this Act.

XXIII. On the close of the business of the said Commission the records thereof shall become and be made a record of the Bombay Government.

XXIV. If, at the closing of the said Commission, there should appear to be any unappropriated balance of the said Foras Land Assessment Fund, the same shall be paid to the Municipal Fund of Bombay; and, if the said Foras Land Assessment Fund should prove insufficient to answer the charges upon it, the deficient amount shall be paid from the said Municipal Fund, upon an order or orders to be signed by the said Commissioners, countersigned by one of the Secretaries to the Government of Bombay.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 6th June 1851, with the assent of the Most Noble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. V. OF 1851.

For relief of certain sufferers by the Insolvency of Sir Thomas Turton, Baronet.

Whereas, under an Act of Parliament passed in the fortieth year of the Reign of King George the Third, entitled "an Act for establishing further Regulations for the Government of the British Territories in India, and the better Administration of Justice within the same," Sir Thomas Edward Mitchell Turton, Baronet, as Registrar of the Ecclesiastical Court at Fort William in Bengal, was empowered to administer to the Estates of all British Subjects dying intestate within the said Presidency of Fort William in default of any claim made and established on behalf of any next of kin or Creditor to the deceased; And whereas the said Sir Thomas, on or about the 25th day of February 1848, resigned the Office of Registrar of the said Ecclesiastical Court, then being insolvent, and unable to pay several large sums of money due to the owners of sundry Estates to which he had administered or had assumed to administer under the power vested in him by the said Act, and also other sums of money due to the owners of sundry Estates of which he had taken charge as such Registrar, although on account of the small value thereof or otherwise, no Letters of Administration of the last mentioned Estates were granted to him, and also other sums of money belonging either to suitors of the Supreme Court of Judicature at Fort William in Bengal, or other persons for whose benefit a trust was created in the said Sir Thomas, by reason of his holding the office of Registrar of the said Court, on its Ecclesiastical, Equity and Admiralty sides, or as Curator under Act XIX. 1841, or as Official Trustee under Act XVII. 1843;

And whereas, in order to know the deficiency of the said Sir Thomas in respect of the said several particulars of charge, certain Commissioners were appointed by an order under the seal of the Supreme Court of Judicature at Fort William, bearing date the 8th March 1848, to enquire and report thereon to the Court;

And whereas the said Commissioners made their report to the said Court, bearing date the 25th January 1849, and now filed of record in the said Court, whereby they reported fully on the several matters committed to them as aforesaid, setting forth in the body of the said Report, and also in certain Schedules thereunto annexed marked (A,) (B,) (C,) (D,) (E,) and (F) respectively the names and titles of the several Estates, suitors and other persons to whom upon the account taken by them, money or securities for money appeared to be due by the said Sir Thomas;

And whereas, it is deemed expedient that the said sufferers by the insolvency of the said Sir Thomas Edward Mitchell Turton be reimbursed their several losses out of the accumulated produce of certain unclaimed Estates, now in the custody and management of the Administrator General, due provision being made for securing the interests of the rightful claimants thereunto, if any shall hereafter appear; It is enacted as follows:

I. The net proceeds of all Estates to which the Registrar of the said Ecclesiastical Court has administered in right or under colour of his office under the said Act of Parliament, and which from the official books and accounts of the said Registrar appear to have been in the custody or control of the said Registrar ready to be distributed before the first day of January 1836, and to have been since that time unclaimed and now to continue unclaimed in the custody or control of the Administrator General in Bengal in right of his office under Act VII. 1849, and also from time to time the net proceeds of all Estates to which the said Registrar or the said Administrator General under the said Act VII. 1849 has administered, or to which the said Administrator General shall hereafter administer, and which shall in like manner appear to have continued for fifteen years in his custody or control unclaimed shall be transferred and paid, as the same respectively accrue, to the Sub-Treasurer of the East India Company at Fort William in Bengal, and be carried to the account and credit of the East India Company for the general purposes of Government, and the receipt of the said Sub-Treasurer shall be a full indemnity and discharge to the said Administrator General for any such payment.

II. If any claim shall be hereafter made to any part of the net proceeds of any Estate so transferred and paid to the account and credit of the East India Company, and established to the satisfaction of the Administrator General and Accountant to the Government of Bengal for the time being, the said Accountant shall direct the Sub-Treasurer to repay, and the Sub-Treasurer shall thereupon repay the principal sum so paid or represented by the Securities so transferred, or so much thereof as shall appear to be due to the claimant out of the monies of the East India Company in his custody. If the claim is not established to the satisfaction of the said Administrator General and Accountant, the claimant may apply by petition to the said Supreme Court against the East India Company and Administrator General, for the time being; and, after taking evidence either orally or on affidavit in a summary way as the Court shall think fit, the Court shall make such orders on the petition as justice requires, which shall be binding on all parties to the suit.

III. The Accountant to the Government of Bengal is authorized and required from time to time to direct the Sub-Treasurer to pay, and the

ACT No. VI. OF 1851.

Respecting certain land in Bombay called Foras Land.

Whereas the East India Company are legally entitled to the freehold reversion of the several lands heretofore paying a render called Foras, the outline whereof is delineated in a plan deposited in the office of the Secretary to the Government of Bombay and authenticated by the signatures of the Right Honorable the Governor and Members of the Council of Bombay and numbered 1, subject to certain tenancies therein at will, or from year to year; and whereas it is considered expedient as of grace and favor that the rights of the said East India Company in all of the lands included in the said plan, save those marked upon the said plan as to be taken, or as having already been taken for public roads, tanks and other public purposes, the outline of which lands so to be or having been taken is also delineated in another plan numbered 2, also deposited and authenticated as aforesaid, should be extinguished save as hereinafter mentioned, It is enacted as follows:

I. The lands comprised in the said plan No. 2 shall, from and after the first day of July, in the year 1851, be vested in the said Company free from all rights therein of all other persons, for the purpose of constructing public roads, tanks and other public purposes.

II. From and after the said first day of July, the rights of the said Company in all of the said lands mentioned in the said plan No. 1, except those mentioned in the said plan No. 2, shall be extinguished in favor of the persons who shall then hold the same respectively as the immediate rentpayers to the said Company, saving the rents now severally payable in respect of such lands, which shall continue payable, and recoverable by distress or by any means by which land revenue in Bombay is or shall be recoverable under any Act or Regulation, and saving also all rights of forfeiture and escheat, in respect of want of heirs or representatives, or of felonies committed, or otherwise in respect of attainder.

III. As between such rentpayers and other persons, such extinguishment shall enure for the benefit of the persons beneficially entitled to the lands thereby affected, and not of any mere Trustee or other person in whom the legal estate only is or may be vested.

IV. Nothing herein contained shall exempt such lands from being liable to any future general taxes on land in Bombay, or from being subject to Act XXVIII. 1839 and Act XVII. 1850.

V. After the said first day of July as soon as shall be convenient, the Governor of Bombay in Council shall appoint fit persons, not exceeding five in number, to be Commissioners under this Act, for the purposes hereinafter mentioned (with such salaries or remuneration as to the said Governor in Council shall seem fit); any three or four of whom met together, (two being Officers of Government), may do any act which by this Act the Commissioners are empowered to do; and in case of the death, resignation, removal or absence of any such Commissioner, the Governor in Council shall appoint another in his room.

VI. A duplicate of the said plans, authenticated by one of the Secretaries to the Government of Bombay, shall be lodged with the said Commissioners and shall form a record of their office.

VII. From and after the said first day of July the said Commissioners shall proceed to estimate the value of the several portions of land and the improvements thereon comprised in the said plan No. 2, and of the expences which will be incurred in executing this Act, and to assess the amount of such estimate in such way and in such proportions as to them shall seem right to and upon the lands mentioned in the said plan No. 1, and the fund to be raised by such assessment shall be denominated the "Foras Land Assessment Fund"; and for the purpose of framing such estimate and making such assessment the said Commissioners may summon as witnesses any persons whomsoever, whether interested or not in the said lands, and examine them on oath or otherwise as they may see fit, or proceed upon a mere estimate, according to the best of their judgment, without evidence.

VIII. Any person summoned as a witness, and refusing or without lawful excuse neglecting to appear and give evidence according to the terms of the summons may, on proof thereof, be fined by any Magistrate of Police for every default a sum not exceeding ten Rupees, to be paid to the said Commissioners for the said Foras Land Assessment Fund, and may be committed to prison in default of payment.

IX. The said estimate and assessment when completed shall be signed by the said Commissioners and form a record of their office.

X. After the completion of the said estimate the said Commissioners shall make out and sign certificates, which shall, by numbers, or in such other way as to the said Commissioners may seem more convenient, refer to the several portions of land mentioned in the said plan No. 2, and shall shew the estimated value of the land and improvements thereon to which the same refer, which certificate shall give to the holders thereof a right to demand payment of the sums for which the same are in the body of the same expressed to be granted, from and out of the said "Foras Land Assessment Fund", after the said Commissioners shall, by public advertisement in the Bombay Government Gazette, have advertised that they are ready to redeem the said certificates.

XI. The persons who shall have been the rentpayers to the said Company on the said first day of July of any land mentioned in the said plan No. 2, or their representatives or assigns shall be entitled to be the first holders of the certificates relating to the same lands.

XII. When the said certificates shall have been completed, the said Commissioners shall distribute the certificates to the persons entitled thereto; or, if it shall appear to them doubtful to whom any certificate should be delivered, may deposit it with the Prothonotary of the Supreme Court of Judicature established at Bombay by Royal Charter, which Court may adjudicate upon the right to every certificate so deposited, and may direct how such right shall be tried.

XIII. The delivery to any person by the Commissioners of any certificate shall not confer upon him any right to retain the same as against any person having a better title thereunto, who shall be at liberty to sue for and recover the same, and all benefits thereto belonging, in the said Supreme Court, by such proceeding as the said Court shall direct.

XIV. When the said assessment shall have been completed, the Commissioners shall give notice thereof in the Government Gazette, and after the expiration of three weeks next following the publication of such notice shall proceed to collect the assessments, and if necessary to levy them by distress and sale of any goods found on the said lands, or by sale of the lands assessed; and the said Commissioners shall keep accounts of the sums received for assessment, and pay the same from time to time into the Bank of Bombay.

XV. The said Commissioners, subject to the approval of the Governor of Bombay in Council, may employ such Surveyors, Accountants and Clerks as to them shall seem fit, and incur such other charges and make such disbursements from the said Foras Land Assessment Fund as may be necessary for executing the provisions of this Act.

XVI. The Commissioners may receive any portion of the assessment from any person, but any receipt granted by them for the same shall not affect the title to any lands in respect whereof the same shall have been paid; and, when the said Foras Land Assessment Fund, or such portion thereof as to the said Commissioners shall seem adequate, shall have been recovered, the said Commissioners shall redeem the certificates on demand by the holders thereof.

XVII. When, on the sale of any land or goods for satisfaction of any assessment, more money shall be raised than is required to pay the amount to be levied, the Commissioners shall pay the overplus to such person or persons as shall appear to them to have been entitled to the land or goods sold; or, if they are doubtful to whom they should pay the same, may pay such overplus to the Accountant General of the said Supreme Court, and any persons claiming to be entitled thereto may sue for and recover the same by such proceeding in the said Supreme Court as the said Court shall direct.

XVIII. The Commissioners shall not be liable for the amount so paid to any person, in case another person having better title thereunto shall afterwards appear, but the same may be recovered from the party who received the same or his representatives at the suit of the person entitled thereunto.

XIX. The said certificates shall be transferrable by endorsement.

XX. The said Commissioners, at any time after the said first day of July may grant a warrant to any person or persons to take and deliver to the Officers of the Bombay Government any of the lands mentioned in the said plan No. 2, which warrant shall confer on such person or persons the same powers and rights which the Sheriff has for executing a writ of possession issued by the said Supreme Court.

XXI. The said Commissioners, with the consent of the Governor of Bombay in Council, to be signified in writing upon the said plan No. 2, under the hand of one of the Secretaries to the Government of Bombay, at any time before the completion of the assessment, may alter the plan No. 2 lodged with the said Commissioners, and corresponding alterations shall be made in the plan No. 1 lodged with the said Commissioners, and the Governor of Bombay in Council shall thereupon cause the like alterations to be made in the plans deposited in the Office of the Secretary to the Government of Bombay; and, if any such alterations shall be so made, the plans so altered shall to all intents and purposes of this Act be considered as the plans referred to by this Act. Provided always that, if any difference shall at any time appear between the plans deposited with the Commissioners and the plans deposited in the office of the Secretary to the Government of Bombay, the latter shall be deemed the original and authentic plans referred to by this Act.

XXII. No action at law or other proceeding shall be brought in any Court whatever against any Commissioner under this Act for any thing done or omitted to be done by him as a Commissioner thereunder; and a certificate in writing under the hand of one of the Secretaries to the Government of Bombay shall be evidence that any such act or deed of commission or omission complained of was done by the Commissioners in execution of their powers as such Commissioners under this Act.

XXIII. On the close of the business of the said Commission the records thereof shall become and be made a record of the Bombay Government.

XXIV. If, at the closing of the said Commission, there should appear to be any unappropriated balance of the said Foras Land Assessment Fund, the same shall be paid to the Municipal Fund of Bombay; and, if the said Foras Land Assessment Fund should prove insufficient to answer the charges upon it, the deficient amount shall be paid from the said Municipal Fund, upon an order or orders to be signed by the said Commissioners, countersigned by one of the Secretaries to the Government of Bombay.

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

Master Attendant.

Fort William, Home Department, Legislative, the 6th June 1851.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 6th June 1851, with the assent of the Most Noble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

Act No. V. of 1851.

For relief of certain sufferers by the Insolvency of Sir Thomas Turton, Baronet.

Whereas, under an Act of Parliament passed in the fortieth year of the Reign of King George the Third, entitled "an Act for establishing further Regulations for the Government of the British Territories in India, and the better Administration of Justice within the same," Sir Thomas Edward Mitchell Turton, Baronet, as Registrar of the Ecclesiastical Court at Fort William in Bengal, was empowered to administer to the Estates of all British Subjects dying intestate within the said Presidency of Fort William in default of any claim made and established on behalf of any next of kin or Creditor to the deceased; And whereas the said Sir Thomas, on or about the 25th day of February 1848, resigned the Office of Registrar of the said Ecclesiastical Court, then being insolvent, and unable to pay several large sums of money due to the owners of sundry Estates to which he had administered or had assumed to administer under the power vested in him by the said Act, and also other sums of money due to the owners of sundry Estates of which he had taken charge as such Registrar, although on account of the small value thereof or otherwise, no Letters of Administration of the last mentioned Estates were granted to him, and also other sums of money belonging either to suitors of the Supreme Court of Judicature at Fort William in Bengal, or other persons for whose benefit a trust was created in the said Sir Thomas, by reason of his holding the office of Registrar of the said Court, on its Ecclesiastical, Equity and Admiralty sides, or as Curator under Act XIX. 1841, or as Official Trustee under Act XVII. 1843;

And whereas, in order to know the deficiency of the said Sir Thomas in respect of the said several particulars of charge, certain Commissioners were appointed by an order under the seal of the Supreme Court of Judicature at Fort William, bearing date the 8th March 1848, to enquire and report thereon to the Court;

And whereas the said Commissioners made their report to the said Court, bearing date the 25th January 1849, and now filed of record in the said Court, whereby they reported fully on the several matters committed to them as aforesaid, setting forth in the body of the said Report, and also in certain Schedules thereunto annexed marked (A,) (B,) (C,) (D,) (E,) and (F) respectively the names and titles of the several Estates, suitors and other persons to whom upon the account taken by them, money or securities for money appeared to be due by the said Sir Thomas;

And whereas, it is deemed expedient that the said sufferers by the insolvency of the said Sir Thomas Edward Mitchell Turton be reimbursed their several losses out of the accumulated produce of certain unclaimed Estates, now in the custody and management of the Administrator General, due provision being made for securing the interests of the rightful claimants thereunto, if any shall hereafter appear; It is enacted as follows:

I. The net proceeds of all Estates to which the Registrar of the said Ecclesiastical Court has administered in right or under colour of his office under the said Act of Parliament, and which from the official books and accounts of the said Registrar appear to have been in the custody or control of the said Registrar ready to be distributed before the first day of January 1836, and to have been since that time unclaimed and now to continue unclaimed in the custody or control of the Administrator General in Bengal in right of his office under Act VII. 1849, and also from time to time the net proceeds of all Estates to which the said Registrar or the said Administrator General under the said Act VII. 1849 has administered, or to which the said Administrator General shall hereafter administer, and which shall in like manner appear to have continued for fifteen years in his custody or control unclaimed shall be transferred and paid, as the same respectively accrue, to the Sub-Treasurer of the East India Company at Fort William in Bengal, and be carried to the account and credit of the East India Company for the general purposes of Government, and the receipt of the said Sub-Treasurer shall be a full indemnity and discharge to the said Administrator General for any such payment.

II. If any claim shall be hereafter made to any part of the net proceeds of any Estate so transferred and paid to the account and credit of the East India Company, and established to the satisfaction of the Administrator General and Accountant to the Government of Bengal for the time being, the said Accountant shall direct the Sub-Treasurer to repay, and the Sub-Treasurer shall thereupon repay the principal sum so paid or represented by the Securities so transferred, or so much thereof as shall appear to be due to the claimant out of the monies of the East India Company in his custody. If the claim is not established to the satisfaction of the said Administrator General and Accountant, the claimant may apply by petition to the said Supreme Court against the East India Company and Administrator General, for the time being; and, after taking evidence either orally or on affidavit in a summary way as the Court shall think fit, the Court shall make such orders on the petition as justice requires, which shall be binding on all parties to the suit.

III. The Accountant to the Government of Bengal is authorized and required from time to time to direct the Sub-Treasurer to pay, and the Sub-Treasurer shall thereupon pay, out of the monies of the East India Company in his custody, such sums as will be sufficient to pay off and discharge to such persons as shall appear to be entitled thereunto, as the lawful representatives of the Intestates and others named in the Schedules (A,) (B,) (C,) (D,) annexed to the said report, and also to the suitors and other persons entitled to the Equity Deposits and Trust monies in the suits and under the trusts named in the Schedules (E) and (F) annexed to the said report, and other deposits and trust monies (if any) paid or entrusted to the said Sir Thomas by order of the said Court, and to the net proceeds of the estate of Ramnarain Coondo, of which the said Sir Thomas was Curator under Act XIX.

1841, the several principal sums of money which, upon the final adjustment of the accounts of their several claims and estates, shall appear to have been due to them respectively from the said Sir Thomas on the 25th day of February 1848, and to be then still due and unsatisfied; and also the balance due by the said Sir Thomas to Government in respect of Court fees received by him as Registrar of the said Court, but not accounted for by him to Government.

I. The lands comprised in the said plan No. 2 shall, from and after the first day of July, in the year 1851, be vested in the said Company free from all rights therein of all other persons, for the purpose of constructing public roads, tanks and other public purposes.

II. From and after the said first day of July, the rights of the said Company in all of the said lands mentioned in the said plan No. 1, except those mentioned in the said plan No. 2, shall be extinguished in favor of the persons who shall then hold the same respectively as the immediate rentpayers to the said Company, saving the rents now severally payable in respect of such lands, which shall continue payable, and recoverable by distress or by any means by which land revenue in Bombay is or shall be recoverable under any Act or Regulation, and saving also all rights of forfeiture and escheat, in respect of want of heirs or representatives, or of felonies committed, or otherwise in respect of attainder.

III. As between such rentpayers and other persons, such extinguishment shall enure for the benefit of the persons beneficially entitled to the lands thereby affected, and not of any mere Trustee or other person in whom the legal estate only is or may be vested.

IV. Nothing herein contained shall exempt such lands from being liable to any future general taxes on land in Bombay, or from being subject to Act XXVIII. 1839 and Act XVII. 1850.

V. After the said first day of July as soon as shall be convenient, the Governor of Bombay in Council shall appoint fit persons, not exceeding five in number, to be Commissioners under this Act, for the purposes hereinafter mentioned (with such salaries or remuneration as to the said Governor in Council shall seem fit); any three or four of whom met together, (two being Officers of Government), may do any act which by this Act the Commissioners are empowered to do; and in case of the death, resignation, removal or absence of any such Commissioner, the Governor in Council shall appoint another in his room.

VI. A duplicate of the said plans, authenticated by one of the Secretaries to the Government of Bombay, shall be lodged with the said Commissioners and shall form a record of their office.

VII. From and after the said first day of July the said Commissioners shall proceed to estimate the value of the several portions of land and the improvements thereon comprised in the said plan No. 2, and of the expences which will be incurred in executing this Act, and to assess the amount of such estimate in such way and in such proportions as to them shall seem right to and upon the lands mentioned in the said plan No. 1, and the fund to be raised by such assessment shall be denominated the "Foras Land Assessment Fund"; and for the purpose of framing such estimate and making such assessment the said Commissioners may summon as witnesses any persons whomsoever, whether interested or not in the said lands, and examine them on oath or otherwise as they may see fit, or proceed upon a mere estimate, according to the best of their judgment, without evidence.

VIII. Any person summoned as a witness, and refusing or without lawful excuse neglecting to appear and give evidence according to the terms of the summons may, on proof thereof, be fined by any Magistrate of Police for every default a sum not exceeding ten Rupees, to be paid to the said Commissioners for the said Foras Land Assessment Fund, and may be committed to prison in default of payment.

IX. The said estimate and assessment when completed shall be signed by the said Commissioners and form a record of their office.

X. After the completion of the said estimate the said Commissioners shall make out and sign certificates, which shall, by numbers, or in such other way as to the said Commissioners may seem more convenient, refer to the several portions of land mentioned in the said plan No. 2, and shall shew the estimated value of the land and improvements thereon to which the same refer, which certificate shall give to the holders thereof a right to demand payment of the sums for which the same are in the body of the same expressed to be granted, from and out of the said "Foras Land Assessment Fund", after the said Commissioners shall, by public advertisement in the Bombay Government Gazette, have advertised that they are ready to redeem the said certificates.

XI. The persons who shall have been the rentpayers to the said Company on the said first day of July of any land mentioned in the said plan No. 2, or their representatives or assigns shall be entitled to be the first holders of the certificates relating to the same lands.

XII. When the said certificates shall have been completed, the said Commissioners shall distribute the certificates to the persons entitled thereto; or, if it shall appear to them doubtful to whom any certificate should be delivered, may deposit it with the Prothonotary of the Supreme Court of Judicature established at Bombay by Royal Charter, which Court may adjudicate upon the right to every certificate so deposited, and may direct how such right shall be tried.

XIII. The delivery to any person by the Commissioners of any certificate shall not confer upon him any right to retain the same as against any person having a better title thereunto, who shall be at liberty to sue for and recover the same, and all benefits thereto belonging, in the said Supreme Court, by such proceeding as the said Court shall direct.

XIV. When the said assessment shall have been completed, the Commissioners shall give notice thereof in the Government Gazette, and after the expiration of three weeks next following the publication of such notice shall proceed to collect the assessments, and if necessary to levy them by distress and sale of any goods found on the said lands, or by sale of the lands assessed; and the said Commissioners shall keep accounts of the sums received for assessment, and pay the same from time to time into the Bank of Bombay.

XV. The said Commissioners, subject to the approval of the Governor of Bombay in Council, may employ such Surveyors, Accountants and Clerks as to them shall seem fit, and incur such other charges and make such disbursements from the said Foras Land Assessment Fund as may be necessary for executing the provisions of this Act.

XVI. The Commissioners may receive any portion of the assessment from any person, but any receipt granted by them for the same shall not affect the title to any lands in respect whereof the same shall have been paid; and, when the said Foras Land Assessment Fund, or such portion thereof as to the said Commissioners shall seem adequate, shall have been recovered, the said Commissioners shall redeem the certificates on demand by the holders thereof.

XVII. When, on the sale of any land or goods for satisfaction of any assessment, more money shall be raised than is required to pay the amount to be levied, the Commissioners shall pay the overplus to such person or persons as shall appear to them to have been entitled to the land or goods sold; or, if they are doubtful to whom they should pay the same, may pay such overplus to the Accountant General of the said Supreme Court, and any persons claiming to be entitled thereto may sue for and recover the same by such proceeding in the said Supreme Court as the said Court shall direct.

XVIII. The Commissioners shall not be liable for the amount so paid to any person, in case another person having better title thereunto shall afterwards appear, but the same may be recovered from the party who received the same or his representatives at the suit of the person entitled thereunto.

XIX. The said certificates shall be transferrable by endorsement.

XX. The said Commissioners, at any time after the said first day of July may grant a warrant to any person or persons to take and deliver to the Officers of the Bombay Government any of the lands mentioned in the said plan No. 2, which warrant shall confer on such person or persons the same powers and rights which the Sheriff has for executing a writ of possession issued by the said Supreme Court.

XXI. The said Commissioners, with the consent of the Governor of Bombay in Council, to be signified in writing upon the said plan No. 2, under the hand of one of the Secretaries to the Government of Bombay, at any time before the completion of the assessment, may alter the plan No. 2 lodged with the said Commissioners, and corresponding alterations shall be made in the plan No. 1 lodged with the said Commissioners, and the Governor of Bombay in Council shall thereupon cause the like alterations to be made in the plans deposited in the Office of the Secretary to the Government of Bombay; and, if any such alterations shall be so made, the plans so altered shall to all intents and purposes of this Act be considered as the plans referred to by this Act. Provided always that, if any difference shall at any time appear between the plans deposited with the Commissioners and the plans deposited in the office of the Secretary to the Government of Bombay, the latter shall be deemed the original and authentic plans referred to by this Act.

XXII. No action at law or other proceeding shall be brought in any Court whatever against any Commissioner under this Act for any thing done or omitted to be done by him as a Commissioner thereunder; and a certificate in writing under the hand of one of the Secretaries to the Government of Bombay shall be evidence that any such act or deed of commission or omission complained of was done by the Commissioners in execution of their powers as such Commissioners under this Act.

XXIII. On the close of the business of the said Commission the records thereof shall become and be made a record of the Bombay Government.

XXIV. If, at the closing of the said Commission, there should appear to be any unappropriated balance of the said Foras Land Assessment Fund, the same shall be paid to the Municipal Fund of Bombay; and, if the said Foras Land Assessment Fund should prove insufficient to answer the charges upon it, the deficient amount shall be paid from the said Municipal Fund, upon an order or orders to be signed by the said Commissioners, countersigned by one of the Secretaries to the Government of Bombay.

NEW PILOT STATION FOR THE S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

Master Attendant.

NEW PILOT STATION FOR THE S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

(Signed) H. L. THOMAS,
Master Attendant.

The water rose on the Gauge at Berhampore between the 13th and 15th of June, 3 feet 11 inches. This rise was principally caused by floods in the Singhia Nullah brought down from the Raj Mehal Hills. Up to the 19th a fall of nearly 1 foot by Gauge has occurred, but there is little or no decrease in the depth of the Channel.

The following Draft of a proposed Act was read in Council for the first time on the 20th June 1851.

ACT No. —— OF 1851.

An Act for adjudication of titles to certain Estates claimed to be rent free in the Presidency of Bombay.

Whereas in the Territories of the Deccan, Kandeish and Southern Mahratta Country and other Districts, more recently annexed to the Bombay Presidency, claims against Government on account of Inams and other Estates wholly or partially exempt from payment of Land Revenue are excepted from the cognizance of the ordinary Civil Courts, and incapable of being justly disposed of under the Rules for the determination of Titles, and the Rules of Procedure contained in Chapters IX. and X. of Regulation XVII. 1827 of the Bombay Code and their supplements; and whereas it is desirable that the said claims should be tried and determined without further delay, It is declared and enacted as follows:

I. The Rules in Chapters IX. and X. of Regulation XVII. 1827 and in Clause 1 of Regulation VI. 1833 of the Bombay Code do not apply to any of the Districts of the Bombay Presidency, which were not brought under the General Regulations of Government by Regulation XXVIII. 1827 of the Bombay Code; and no order hitherto passed regarding the continuance or resumption of lands in any of the said Districts held or claimed from Government as wholly or partially free of assessment, shall be liable to be questioned in any Court of Law, on the grounds of any interpretation or construction of the Law, which may be inconsistent with the declarations made, and the Rules prescribed by this enactment.

II. The Governor of Bombay in Council may appoint in any Zillah or other division of the Territories subject to the Presidency of Bombay which were not brought under the General Regulations of Government by Regulation XXVIII. 1827, an Inam Commissioner with so many Assistants, and such subordinate Establishment, as may be necessary for the purposes hreinafter mentioned.

III. The duties of each Inam Commissioner and his Assistants shall be discharged according to the Rules in Schedule A. annexed to this Act.

IV. In the adjudication of claims to exempt lands or interests therein, the titles of claimants shall be determined by the Rules in Schedule B. annexed to this Act, but the Governor of Bombay in Council may dispense with the strict application of any of the said Rules, when the Commissioner shall report that, in his opinion, the strict application of it would be unjust to the claimant.

V. Each Inam Commissioner and his Assistants shall have the same authority to procure the attendance of witnesses, and to take evidence, as now is, or from time to time may be by law, vested in the ordinary Civil Courts; and so far as concerns the penalties for not giving evidence, for false testimony, for resistance of process, contempts and other like matters, connected with cases under cognizance by any one of the said Officers, his Office shall be held to be a Court of Civil Jurisdiction of the same authority, as the

superior Civil Court of the Zillah or District in which his Office from time to time shall be established. Provided that all complaints against, or appeals from the proceedings of the Inam Commissioner or any of his Assistants in exercise of the authority conferred on them respectively by this Section, shall be made under the second Rule of Schedule A. annexed to this Act, and shall not be cognizable by any other authority or in any other manner than as therein specified.

VI. Bribery, extortion and generally all acts of abuse, or misapplication of authority, or other misconduct, committed by any Officer belonging to the Establishment of the Inam Commission, or temporarily employed therein under the provisions of this enactment, shall be punishable as criminal offences with fine and ordinary imprisonment without labour for a period not exceeding five years, and the receipt of a present directly or indirectly, by any such Officer from any person against whom or in whose behalf, he may be officially employed shall be considered extortion.

VII. No decision or order of the Inam Commissioner, or of any of his Assistants, or of the Governor in Council under the provisions of this enactment so long as the same shall be in force under such provision, shall be questioned or avoided in any Court of Law.

Schedule A.

Rules for defining the duties of each Inam Commissioner and his Assistants.

1. The duty of the Inam Commissioner and his Assistants shall be to investigate titles against Government to the possession or enjoyment of Inams, or Jagheers, or any interest therein, and to exemption from the payment of Land Revenue in the manner prescribed by this enactment, and generally to act according to the instructions of Government in all matters not specifically provided for in it.

2. All orders of the Assistant Commissioners shall be appealable to the Inam Commissioner who shall also have the authority of revising and of modifying, reversing or annulling, if necessary, their orders and proceedings, and the orders and proceedings of the Inam Commissioner shall be in like manner appealable to, and subject to modification, reversal or annulment by the Governor of Bombay in Council whose orders shall in every case be final.

3. The Inam Commissioner or his Assistants shall receive from the apparent proprietors or occupants of lands held as exempt, or of any interest therein, statements explaining the nature of the title by which the lands or interests are so held, and shall take and record the evidence offered in support of such statements.

4. These statements may be at once received, either directly by the Officers of the Inam Commission, or through the medium of the Revenue Authority of the Talooka in which the land or interest so held as exempt is situated, or in which the alleged proprietor resides, without any previous procedure except a general invitation to the exempt landholders of a District to state the nature of their titles.

5. But when it is unnecessary to issue such general invitation, or when the same is not sufficiently attended to, a notice may be issued to a proprietor requiring him personally, or by his Agent to shew his title. The notice issued in such cases shall state the nature of the investigation which is intended, and shall call upon the alleged proprietor of the exempt lands, or interest, to attend either personally, or by a fully authorized Agent at a specified place, and within a specified period (which shall never be less than two months from the date of the notice being served) to explain the nature of his title to the exempt lands, or to any interest held by him therein, and to produce or point out all the evidence forthcoming to prove it. The notice shall further explain that a failure to comply with its terms will render the land, or interest to which it relates, liable to attachment.

6. The notice shall be served upon the apparent proprietor of the land or interest, or, if his place of residence be not known upon the person acting for him, or in default of such upon the person in charge of the land or interest.

7. If such persons cannot be found, a notice shall be posted in the Office of the Native Revenue Officer of the District, and in the Chouree, or most public place of the village, where the land, or interest under enquiry is situated, calling on any person who may claim as proprietor, to appear either personally, or by his Agent, to prove his title within six months from the date of the notice, under penalty of the attachment of the land or interest, and in failure of the appearance of a claimant the land or interest shall be liable to attachment.

8. The attachment provided for by Rules 5 and 7 shall be enforced by the Collector or Chief Revenue Authority of the District, in which the land to which it relates is situated, at the written requisition of the Inam Commissioner, or his Assistant, which shall be a sufficient warrant to the Collector for the attachment of the land, and for the collection of its assessment on account of Government during its attachment.

9. As soon as possible, after the receipt of the statements in each District, and of the evidence by which they are supported, they shall be tested by the entries in the Government accounts and State records, and by any other evidence procurable, whether in favor of Government, or of the claimants, and decisions shall then be passed on them as to the continuance, resumption, or full or partial assessment of the lands.

10. In cases where the notices provided for in Sections 5 and 7 fail to procure the attendance of the persons to whom they are addressed, and no claimant appears to prosecute his claim, decisions based on whatever evidence may be forthcoming may be passed regarding the lands or interests to which the notices referred.

11. An attachment enforced under Rule 8 shall be removed by the Collector, or Chief Revenue authority by whom it was made, on receipt of a communication from the Inam Commissioner or his Assistant, certifying that he considers the attachment to be no longer necessary. But the Revenue collected from the land, during its attachment, shall in no case be restored to the alleged proprietor, except under the general or special instructions of Government.

12. Certified copies of decisions made according to the provisions of Rule 9, shall be delivered, as soon as possible after each decision is passed, to the persons on whose claims the decisions shall have been passed, or their agents, and copies of all decisions made in the absence of any claimant, according to the provisions of Rule 10, shall be sent to the Mamlutdar, or other Revenue manager of the Talook in which the lands to which they relate are situated, who shall deliver them to

the parties affected by them, should they be discoverable, or otherwise cause them to be publicly posted in the village to which the lands in question belong.

13. Decisions, affecting any lands or interests therein passed under this enactment, shall be carried into execution by the Collector, or Chief Revenue Authority of the District in which the lands to which they relate are situated, at the requisition of the Inam Commissioner or his Assistant, in any manner which may from time to time be prescribed by the Governor in Council.

14. In all cases where a person may be desirous of appealing against any decision of the Inam Commissioner, or his Assistants, he shall apply by a petition, addressed to the authority by whom, according to Rule 2, his appeal is cognizable, which petition shall be presented to such authority within one hundred days from the date of the decree appealed against, a copy of which must accompany the petition of appeal, and no appeal, which is not so made, shall be admitted without proof of the existence of a just and necessary cause for its not having been preferred in due time, and it is hereby provided that no decree, passed by the Inam Commissioner, or any of his Assistants, shall be liable to be set aside for want of form in the proceedings, but only for matters affecting the justice of the decision.

Schedule B.

Rules for the adjudication of Titles to Estates claimed as Inam or exempt from payment of Land Revenue.

Regarding Inams already declared permanent by competent authority since the introduction of the present Government.

1. All lands, held under a specific and absolute declaration by the British Government, or any competent Officer acting under it, that they were to be continued hereditarily, or in perpetuity, are to be so continued according to the purport of the guarantee by which they are held.

Provision 1.—Any question as to the competency of the Officers alluded to in this Rule is to be determined by Government.

Regarding claims to personal Inams, not yet adjudicated under the present Government.

2. Any land held under a sunnud declaring it to be hereditary shall be so continued according to the terms of the grant.

Provision 1.—Provided that the grant was either made, or specifically recognized, by authority competent to alienate Government Revenue in perpetuity, the question of which recognition and competency is to be determined by Government.

Provision 2.—And provided that there be nothing in the conditions of the tenure which cannot be observed without a breach of the laws of the land, the rules of public decency, or the established customs of Government and the community.

Provision 3.—And provided that the grant was not afterwards revoked or disallowed, or an alteration of its terms ordered or recognized by a competent authority.

3. All lands undisputedly enjoyed as wholly or partially exempt from assessment for a period of sixty years before the introduction of the British Government, and then in the authorized possession of a grandson, or male heir of the body of a grandson of the original grantee, to be continued so long as there shall be in existence any male heir of the body of the person who was incumbent at the introduction of our Government, tracing his lineage from such incumbent through male heirs only.

4. All lands, undisputedly enjoyed as wholly or partially exempt from assessment, for a period of forty years before the introduction of the British Government, and then in the authorized possession of a son, or male heir of the body of a son of the original grantee, are to be continued for one succession further than that of the person who was incumbent at the introduction of the British Government, that is, until the death of his last surviving son.

5. All claims to lands in which the period of years may have been completed, while the number of successions may not have occurred and vice versa are to be decided especially on their merits, and in the spirit of the Rules laid down.

Provision 1.—The authorized possession contemplated by Rules 3 and 4 does not involve the necessity of proving any *specific* authority from or recognition by the Government or Paramount Power. The mere entry of the holding, as continued in the genuine accounts of the District Officers (even in those not passed by the Collector) will be sufficient to bring it under the heads of "undisputed" and "authorized" *so far as* regards the purposes of this Rule, provided only that there are no entries in the Collectorate accounts which shew that it *must* have been unauthorized by the Government or Paramount Power.

Provision 2.—If there be not evidence forthcoming to disprove a claimant's assertion that his holding has been undisputedly enjoyed for the number of years and descents requisite to fulfil the conditions of Rules 3 and 4 respectively, his prescriptive right shall be admitted.

Provision 3.—The introduction of the British Government is to be reckoned from the time the East India Company became the Government or Paramount Authority over each District as regards its Inams. In the Territories ceded by, or conquered from the Peshwa, therefore whether Khalsat Mahals or Serinjams, &c., held exclusive of Inams, &c., the introduction of the British Government will date from the close of that of the Peshwa. But in case of the lapse of an independent principality, or of a Jaghеer more ancient than the Peshwa's Government, and over the Inams of which he did not claim any authority, the introduction of the British Government should be reckoned only from the date at which the general management of the Districts may have come into the hands of the Company.

6. Land held as wholly exempt or on partial assessment the possession of which is not continuable under Rules 2 to 5 is to be resumed on the demise of the incumbent.

Provision 1.—In case the incumbent at the time of the introduction of the British Government may have died, the permission to hold for life is to be extended to the person in whose name the land may be continued, when the investigation is commenced if there be no fraud apparent, nor other reason for withholding this indulgence.

Provision 2.—When land is evidently held by fraud recently committed, (as when an Inam which was resumed under the late Government has been

re-occupied under the present Government without authority, or as when a pretended Inam is found to have originated since the introduction of this Government with the connivance of District or Village Officers) it should of course be at once resumed, not being continuable under this or any of the preceding Rules.

Regarding claims to Inams apparently permanent by the nature of the objects for which they are held, and not merely personal.

7. All lands held for the support of Mosques, Temples, or similar Institutions, of the permanent character of which there can be no doubt, are to be continued permanently, even though their permanent continuance may not have been expressly provided for when they were granted.

Provisions 1, 2 *and* 3.—The same as the corresponding Provisions of Rule 2 of this Schedule in those cases in which Title Deeds or other Records proving the circumstances of the original grant or its specific recognition by competent authority, are forthcoming.

Provision 4.—When there is no proof forthcoming to shew whether or not an Inam, coming under the Provisions of this Rule, was granted, or even specifically recognized by a competent authority, still, if it has been undisputedly enjoyed for a period of forty years before the introduction of the present Government, it shall be permanently continued, and enjoyment proved by the mere entry of the Inam, as continued in genuine accounts of the District Officers, (even in those not passed by the Collector,) is to be considered sufficiently "undisputed" to give an Inam the benefit of this provision, if there be no entries in the Collectorate accounts which will shew that it *must* have been unauthorized by them.

Provision 5.—If the forthcoming Records do not go far enough back to test the existence of enjoyment of the duration contemplated in provision 4 as establishing full prescriptive title in such Inams, still, if so far as they do go, they are not opposed to the claimant's assertion that sufficient enjoyment has taken place, the prescriptive Title of the Inam shall be admitted according to his assertions, unless there be other evidence forthcoming to disprove them.

Provision 6.—The peculiar advantages of this Rule shall not apply to the holdings of individuals in their own names for the performance of ceremonial worship, claims to which must be decided under the Rules for personal claims.

Provision 7.—When claims of the denomination coming under this Rule are found to be unsupported by proof of original valid title, and are proved void of sufficient prescriptive enjoyment, they are to be adjudicated according to Rule 6.

8. All lands authorizedly held by a tenure which it is evident from local usage was meant to be hereditary, and has been so considered heretofore, even though there be no sunnuds declaring it to be so, for instance, Inams which form the authorized emoluments of any hereditary office, as of Kazees, Village Joshees, &c., and are not merely personal are to be continued permanently to the office, &c.

Provisions 1, 2 *and* 3.—The same as the corresponding provisions of Rule 2 of this Schedule in those cases in which Title Deeds or other Records, proving the circumstances of the original grant, or its specific recognition by competent authority, are forthcoming.

Provision 4.—When there is no proof forthcoming to shew whether or not an Inam, coming under the provisions of this Rule, was granted or even specifically recognized by competent authority, still if it has been undisputedly enjoyed as an official, and not merely personal holding, from the earliest period to which the forthcoming evidence does relate, it shall be continued permanently as official emolument, unless the claimant's own statement renders this course improper.

Provision 5.—The provisions of this Rule are not in any way to apply to emoluments continued for service performed to the State, as the Service Wuttuns of Desaees, Surdesaees, Nargowdass Deshpandes, Patells, Coolkurnees, Mhars, Tulwars, &c., whose claims are to be disposed of according to the Rules which are or may be established for the regulation of such holdings.

Provision 6.—It is to be understood that mere length of enjoyment of land as Inam (by a Wuttundar, etc.,) is not of itself sufficient to entitle a claim to be brought under this Rule, though it may possibly create a personal Title (by prescription) under some other.

Provision 7.—If a holding, claimed under this Rule, be found incapable of permanent continuance under it, the claimant shall be allowed the advantages of any of the Rules 2 to 5 of this Schedule which may be applicable to his case.

Regarding Provision for the Widows of the last incumbents of resumed holdings.

9. On the resumption of any lands under the Rules of this Schedule, a moiety, or other portion may be continued to the Widows of the last incumbents during their lives, in cases of proved poverty and destitution.

Provision 1.—In the case of a holding, which is recognizable as an *hereditary* personal Inam, the widow of a proprietor who dies without surviving male issue, or other heirs to whom his Inam will of necessity descend, is by right his sole heir, and during her life, the Inam cannot be regarded as having lapsed to Government. It should therefore, in *such* a case be continued undiminished during the widow's life.

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59¼ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

Master Attendant.

The following Draft of a proposed Act was read in Council for the first time on the 20th June 1851.

ACT No. —— OF 1851.

An Act for adjudication of titles to certain Estates claimed to be rent free in the Presidency of Bombay.

Whereas in the Territories of the Deccan, Kandeish and Southern Mahratta Country and other Districts, more recently annexed to the Bombay Presidency, claims against Government on account of Inams and other Estates wholly or partially exempt from payment of Land Revenue are excepted from the cognizance of the ordinary Civil Courts, and incapable of being justly disposed of under the Rules for the determination of Titles, and the Rules of Procedure contained in Chapters IX. and X. of Regulation XVII. 1827 of the Bombay Code and their Supplements; and whereas it is desirable that the said claims should be tried and determined without further delay, It is declared and enacted as follows:

I. The Rules in Chapters IX. and X. of Regulation XVII. 1827 and in Clause 1 of Regulation VI. 1833 of the Bombay Code do not apply to any of the Districts of the Bombay Presidency, which were not brought under the General Regulations of Government by Regulation XXVIII. 1827 of the Bombay Code; and no order hitherto passed regarding the continuance or resumption of lands in any of the said Districts held or claimed from Government as wholly or partially free of assessment, shall be liable to be questioned in any Court of Law, on the grounds of any interpretation or construction of the Law, which may be inconsistent with the declarations made, and the Rules prescribed by this enactment.

II. The Governor of Bombay in Council may appoint in any Zillah or other division of the Territories subject to the Presidency of Bombay which were not brought under the General Regulations of Government by Regulation XXVIII. 1827, an Inam Commissioner with so many Assistants, and such subordinate Establishment, as may be necessary for the purposes hreinafter mentioned.

III. The duties of each Inam Commissioner and his Assistants shall be discharged according to the Rules in Schedule A. annexed to this Act.

IV. In the adjudication of claims to exempt lands or interests therein, the titles of claimants shall be determined by the Rules in Schedule B. annexed to this Act, but the Governor of Bombay in Council may dispense with the strict application of any of the said Rules, when the Commissioner shall report that, in his opinion, the strict application of it would be unjust to the claimant.

V. Each Inam Commissioner and his Assistants shall have the same authority to procure the attendance of witnesses, and to take evidence, as now is, or from time to time may be by law, vested in the ordinary Civil Courts; and so far as concerns the penalties for not giving evidence, for false testimony, for resistance of process, contempts and other like matters, connected with cases under cognizance by any one of the said Officers, his Office shall be held to be a Court of

Civil Jurisdiction of the same authority, as the superior Civil Court of the Zillah or District in which his Office from time to time shall be established. Provided that all complaints against, or appeals from the proceedings of the Inam Commissioner or any of his Assistants in exercise of the authority conferred on them respectively by this Section, shall be made under the second Rule of Schedule A. annexed to this Act, and shall not be cognizable by any other authority or in any other manner than as therein specified.

VI. Bribery, extortion and generally all acts of abuse, or misapplication of authority, or other misconduct, committed by any Officer belonging to the Establishment of the Inam Commission, or temporarily employed therein under the provisions of this enactment. shall be punishable as criminal offences with fine and ordinary imprisonment without labour for a period not exceeding five years, and the receipt of a present directly or indirectly, by any such Officer from any person against whom or in whose behalf, he may be officially employed shall be considered extortion.

VII. No decision or order of the Inam Commissioner, or of any of his Assistants, or of the Governor in Council under the provisions of this enactment so long as the same shall be in force under such provision, shall be questioned or avoided in any Court of Law.

Schedule A.

Rules for defining the duties of each Inam Commissioner and his Assistants.

1. The duty of the Inam Commissioner and his Assistants shall be to investigate titles against Government to the possession or enjoyment of Inams, or Jagheers, or any interest therein, and to exemption from the payment of Land Revenue in the manner prescribed by this enactment, and generally to act according to the instructions of Government in all matters not specifically provided for in it.

2. All orders of the Assistant Commissioners shall be appealable to the Inam Commissioner who shall also have the authority of revising and of modifying, reversing or annulling, if necessary. their orders and proceedings, and the orders and proceedings of the Inam Commissioner shall be in like manner appealable to, and subject to modification, reversal or annulment by the Governor of Bombay in Council whose orders shall in every case be final.

3. The Inam Commissioner or his Assistants shall receive from the apparent proprietors or occupants of lands held as exempt, or of any interest therein, statements explaining the nature of the title by which the lands or interests are so held, and shall take and record the evidence offered in support of such statements.

4. These statements may be at once received, either directly by the Officers of the Inam Commission, or through the medium of the Revenue Authority of the Talooka in which the land or interest so held as exempt is situated, or in which the alleged proprietor resides, without any previous procedure except a general invitation to the exempt landholders of a District to state the nature of their titles.

5. But when it is unnecessary to issue such general invitation, or when the same is not sufficiently attended to, a notice may be issued to a proprietor requiring him personally, or by his Agent to shew his title. The notice issued in such cases shall state the nature of the investigation which is intended, and shall call upon the alleged proprietor of the exempt lands, or interest, to attend either personally, or by a fully authorized Agent at a specified place, and within a specified period (which shall never be less than two months from the date of the notice being served) to explain the nature of his title to the exempt lands, or to any interest held by him therein, and to produce or point out all the evidence forthcoming to prove it. The notice shall further explain that a failure to comply with its terms will render the land, or interest to which it relates, liable to attachment.

6. The notice shall be served upon the apparent proprietor of the land or interest, or, if his place of residence be not known upon the person acting for him, or in default of such upon the person in charge of the land or interest.

7. If such persons cannot be found, a notice shall be posted in the Office of the Native Revenue Officer of the District, and in the Chouree, or most public place of the village, where the land, or interest under enquiry is situated, calling on any person who may claim as proprietor, to appear either personally, or by his Agent, to prove his title within six months from the date of the notice, under penalty of the attachment of the land or interest, and in failure of the appearance of a claimant the land or interest shall be liable to attachment.

8. The attachment provided for by Rules 5 and 7 shall be enforced by the Collector or Chief Revenue Authority of the District, in which the land to which it relates is situated, at the written requisition of the Inam Commissioner, or his Assistant, which shall be a sufficient warrant to the Collector for the attachment of the land, and for the collection of its assessment on account of Government during its attachment.

9. As soon as possible, after the receipt of the statements in each District, and of the evidence by which they are supported, they shall be tested by the entries in the Government accounts and State records, and by any other evidence procurable, whether in favor of Government, or of the claimants, and decisions shall then be passed on them as to the continuance, resumption, or full or partial assessment of the lands.

10. In cases where the notices provided for in Sections 5 and 7 fail to procure the attendance of the persons to whom they are addressed, and no claimant appears to prosecute his claim, decisions based on whatever evidence may be forthcoming may be passed regarding the lands or interests to which the notices referred.

11. An attachment enforced under Rule 8 shall be removed by the Collector, or Chief Revenue authority by whom it was made, on receipt of a communication from the Inam Commissioner or his Assistant, certifying that he considers the attachment to be no longer necessary. But the Revenue collected from the land, during its attachment, shall in no case be restored to the alleged proprietor, except under the general or special instructions of Government.

12. Certified copies of decisions made according to the provisions of Rule 9, shall be delivered, as soon as possible after each decision is passed, to the persons on whose claims the decisions shall have been passed, or their agents, and copies of all decisions made in the absence of any claimant, according to the provisions of Rule 10, shall be sent to the Mamlutdar, or other Revenue manager of the Talook in which the lands, to which

they relate are situated, who shall deliver them to the parties affected by them, should they be discoverable, or otherwise cause them to be publicly posted in the village to which the lands in question belong.

13. Decisions, affecting any lands or interests therein passed under this enactment, shall be carried into execution by the Collector, or Chief Revenue Authority of the District in which the lands to which they relate are situated, at the requisition of the Inam Commissioner or his Assistant, in any manner which may from time to time be prescribed by the Governor in Council.

14. In all cases where a person may be desirous of appealing against any decision of the Inam Commissioner, or his Assistants, he shall apply by a petition, addressed to the authority by whom, according to Rule 2, his appeal is cognizable, which petition shall be presented to such authority within one hundred days from the date of the decree appealed against, a copy of which must accompany the petition of appeal, and no appeal, which is not so made, shall be admitted without proof of the existence of a just and necessary cause for its not having been preferred in due time, and it is hereby provided that no decree, passed by the Inam Commissioner, or any of his Assistants, shall be liable to be set aside for want of form in the proceedings, but only for matters affecting the justice of the decision.

Schedule B.

Rules for the adjudication of Titles to Estates claimed as Inam or exempt from payment of Land Revenue.

1. All lands, held under a specific and absolute declaration by the British Government, or any competent Officer acting under it, that they were to be continued hereditarily, or in perpetuity, are to be so continued according to the purport of the guarantee by which they are held.

Regarding Inams already declared permanent by competent authority since the introduction of the present Government.

Provision 1.—Any question as to the competency of the Officers alluded to in this Rule is to be determined by Government.

2. Any land held under a sunnud declaring it to be hereditary shall be so continued according to the terms of the grant.

Regarding claims to personal Inams, not yet adjudicated under the present Government.

Provision 1.—Provided that the grant was either made, or specifically recognized, by authority competent to alienate Government Revenue in perpetuity, the question of which recognition and competency is to be determined by Government.

Provision 2.—And provided that there be nothing in the conditions of the tenure which cannot be observed without a breach of the laws of the land, the rules of public decency, or the established customs of Government and the community.

Provision 3.—And provided that the grant was not afterwards revoked or disallowed, or an alteration of its terms ordered or recognized by a competent authority.

3. All lands undisputedly enjoyed as wholly or partially exempt from assessment for a period of sixty years before the introduction of the British Government, and then in the authorized possession of a grandson, or male heir of the body of a grandson of the original grantee, to be continued so long as there shall be in existence any male heir of the body of the person who was incumbent at the introduction of our Government, tracing his lineage from such incumbent through male heirs only.

4. All lands, undisputedly enjoyed as wholly or partially exempt from assessment, for a period of forty years before the introduction of the British Government, and then in the authorized possession of a son, or male heir of the body of a son of the original grantee, are to be continued for one succession further than that of the person who was incumbent at the introduction of the British Government, that is, until the death of his last surviving son.

5. All claims to lands in which the period of years may have been completed, while the number of successions may not have occurred and vice versa are to be decided especially on their merits, and in the spirit of the Rules laid down.

Provision 1.—The authorized possession contemplated by Rules 3 and 4 does not involve the necessity of proving any *specific* authority from or recognition by the Government or Paramount Power. The mere entry of the holding, as continued in the genuine accounts of the District Officers (even in those not passed by the Collector) will be sufficient to bring it under the heads of "undisputed" and "authorized" *so far as* regards the purposes of this Rule, provided only that there are no entries in the Collectorate accounts which shew that it *must* have been unauthorized by the Government or Paramount Power.

Provision 2.—If there be not evidence forthcoming to disprove a claimant's assertion that his holding has been undisputedly enjoyed for the number of years and descents requisite to fulfil the conditions of Rules 3 and 4 respectively, his prescriptive right shall be admitted.

Provision 3.—The introduction of the British Government is to be reckoned from the time the East India Company became the Government or Paramount Authority over each District as regards its Inams. In the Territories ceded by, or conquered from the Peshwa, therefore whether Khalsat Mahals or Serinjams, &c., held exclusive of Inams, &c., the introduction of the British Government will date from the close of that of the Peshwa. But in case of the lapse of an independent principality, or of a Jagheer more ancient than the Peshwa's Government, and over the Inams of which he did not claim any authority, the introduction of the British Government should be reckoned only from the date at which the general management of the Districts may have come into the hands of the Company.

6. Land held as wholly exempt or on partial assessment the possession of which is not continuable under Rules 2 to 5 is to be resumed on the demise of the incumbent.

Provision 1.—In case the incumbent at the time of the introduction of the British Government may have died, the permission to hold for life is to be extended to the person in whose name the land may be continued, when the investigation is commenced if there be no fraud apparent, nor other reason for withholding this indulgence.

Provision 2.—When land is evidently held by fraud recently committed, (as when an Inam which was resumed under the late Government has been

re-occupied under the present Government without authority, or as when a pretended Inam is found to have originated since the introduction of this Government with the connivance of District or Village Officers) it should of course be at once resumed, not being continuable under this or any of the preceding Rules.

Regarding claims to Inams apparently permanent by the nature of the objects for which they are held, and not merely personal.

7. All lands held for the support of Mosques, Temples, or similar Institutions, of the permanent character of which there can be no doubt, are to be continued permanently, even though their permanent continuance may not have been expressly provided for when they were granted.

Provisions 1, 2 *and* 3.—The same as the corresponding Provisions of Rule 2 of this Schedule in those cases in which Title Deeds or other Records proving the circumstances of the original grant or its specific recognition by competent authority, are forthcoming.

Provision 4.—When there is no proof forthcoming to shew whether or not an Inam, coming under the Provisions of this Rule, was granted, or even specifically recognized by a competent authority, still, if it has been undisputedly enjoyed for a period of forty years before the introduction of the present Government, it shall be permanently continued, and enjoyment proved by the mere entry of the Inam, as continued in genuine accounts of the District Officers, (even in those not passed by the Collector,) is to be considered sufficiently "undisputed" to give an Inam the benefit of this provision, if there be no entries in the Collectorate accounts which will shew that it *must* have been unauthorized by them.

Provision 5.—If the forthcoming Records do not go far enough back to test the existence of enjoyment of the duration contemplated in Provision 4 as establishing full prescriptive title in such Inams, still, if so far as they do go, they are not opposed to the claimant's assertion that sufficient enjoyment has taken place, the prescriptive title of the Inam shall be admitted according to his assertions, unless there be other evidence forthcoming to disprove them.

Provision 6.—The peculiar advantages of this Rule shall not apply to the holdings of individuals in their own names for the performance of ceremonial worship, claims to which must be decided under the Rules for personal claims.

Provision 7.—When claims of the denomination coming under this Rule are found to be unsupported by proof of original valid title, and are proved void of sufficient prescriptive enjoyment, they are to be adjudicated according to Rule 6.

8. All lands authorizedly held by a tenure which it is evident from local usage was meant to be hereditary, and has been so considered heretofore, even though there be no sunnuds declaring it to be so, for instance, Inams which form the authorized emoluments of any hereditary office, as of Kazees, Village Joshees, &c., and are not merely personal are to be continued permanently to the office, &c.

Provisions 1, 2 *and* 3.—The same as the corresponding Provisions of Rule 2 of this Schedule in those cases in which Title Deeds or other Records, proving the circumstances of the original grant, or its specific recognition by competent authority, are forthcoming.

Provision 4.—When there is no proof forthcoming to shew whether or not an Inam, coming under the provisions of this Rule, was granted or even specifically recognized by competent authority, still if it has been undisputedly enjoyed as an official, and not merely personal holding, from the earliest period to which the forthcoming evidence does relate, it shall be continued permanently as official emolument, unless the claimant's own statement renders this course improper.

Provision 5.—The provisions of this Rule are not in any way to apply to emoluments continued for service performed to the State, as the Service Wuttuns of Desaees, Surdesaees, Nargowdass Deshpandes, Patells, Coolkurnees, Mhars, Tulwars, &c., whose claims are to be disposed of according to the Rules which are or may be established for the regulation of such holdings.

Provision 6.—It is to be understood that mere length of enjoyment of land as Inam (by a Wuttundar, etc.,) is not of itself sufficient to entitle a claim to be brought under this Rule, though it may possibly create a personal Title (by prescription) under some other.

Provision 7.—If a holding, claimed under this Rule, be found incapable of permanent continuance under it, the claimant shall be allowed the advantages of any of the Rules 2 to 5 of this Schedule which may be applicable to his case.

Regarding Provision for the Widows of the last incumbents of resumed holdings.

MARINE COURT.

At a Marine Court assembled on Thursday, the First day of May, One Thousand Eight Hundred and Fifty-one, under Act No. XXIV. of 1845, Mr. Master Pilot Henry Perrin was tried on the following

CHARGES.

1st Charge.—For conduct highly disgraceful and unbecoming an Officer of the Pilot Service in having been drunk on duty whilst in pilotage charge of the Ship "*Sydney,*" in the river Hooghly, on Thursday, the 10th day of April 1851.

2nd Charge.—For having been found sleeping whilst the said Ship "*Sydney*" was under weigh in the river Hooghly in his (the said Mr. Henry Perrin's) pilotage charge, between the hours of 11 in the forenoon and 2 of the afternoon on the 10th of April 1851.

3rd Charge.—For having on the 10th day of April 1851, whilst in pilotage charge as aforesaid, through ignorance, negligence or wilfulness caused the said Ship "*Sydney*" to take the ground on the Diamond Sand in the river Hooghly, while running up with a fair wind, to the great detention of the said vessel, she having remained aground several days; and to the serious loss of her Owners, involving the necessity of docking her for repairs.

By order of the Superntendent of Marine,
(Sd.) JAS. SUTHERLAND,
Secretary.

Fort William, the 28th April, 1851.

FINDING.

The Court having maturely weighed and considered the evidence brought forward in support of the prosecution, together with that adduced on the defence, are of opinion that the Defendant, Mr. Henry Perrin, Master Pilot, is

Guilty of the 1st Charge.

Guilty of the 2nd Charge.

Guilty of so much of the 3rd Charge as imputes negligence, but *Not Guilty* of wilfulness or ignorance, of which the Court acquit him.

SENTENCE.

The Court having found the Defendant *Guilty* as above specified, do adjudge him the said Mr. Henry Perrin, Master Pilot, to be dismissed the Service.

President.

(Signed) H. HOWE,
Judge Advocate.

Fort William, Master Attendt.'s Office, May the 9th, 1851.

RECOMMENDATION BY THE COURT.

The Court having performed the painful duty imposed upon it, desires respectfully and unanimously, and very earnestly, to recommend Mr. Master Pilot H. Perrin to the merciful consideration of Government for mitigation of punishment inasmuch as it would appear that, although in the strict words of the Charge (to which alone the decision of the Court must be confined) Mr. Perrin was drunk at the time and place laid, this intoxication appears to the Members, from the evidence, not to have been the drunkenness of a person habitually addicted to that vice; but the

unfortunate and unexpected effect of liquors imprudently taken, with or without medicine of some kind, in a state of fatigue, and of some exhaustion arising from indisposition: and though the offence is one which hardly admits of palliation in a Pilot, the Court trusts that the peculiar circumstances shown by the evidence, may be duly borne in mind.

(Signed) HENRY PIDDINGTON,
President.

2. The Proceedings of the Court having been submitted to Government, His Honor the Deputy Governor of Bengal has been pleased to communicate his decision on the case as follows:—

No. 424.

From the Secretary to the Govt. of Bengal,
To the Superintendent of Marine.

Dated Fort William, the 19th June, 1851.

Marine.

SIR,—I am directed by the Deputy Governor of Bengal to acknowledge the receipt of your letter, No. 2681, of the 13th instant, with enclosures, affording further information relative to the case of Master Pilot H. Perrin, whose trial was previously reported by you, and in reply to inform you that His Honor approves the finding and sentence of the Court in that case.

2. Taking into consideration the recommendation of the Court, and the grounds on which that recommendation is supported by you, the Deputy Governor is glad to feel himself at liberty, under the very peculiar circumstances of the case, and relying on your report of Mr. Perrin's habitual sobriety, to commute the sentence of dismissal awarded against that Officer into a sentence of loss of rank. His Honor directs that Mr. Perrin shall lose eight steps, and that his name shall be placed in the List of Mate Pilots, immediately below that of Mr. Acting Master Pilot Davis, and immediately above that of Mr. Acting Master Pilot Laws.

I have, &c.,
(Sd.) J. P. GRANT,
Secretary to the Govt. of Bengal.

3. In conformity with the above decision, the Master Attendant has been desired to release Mr. Master Pilot Henry Perrin from arrest, and to cause his name to be placed on the List of Mate Pilots immediately below that of Mr. Acting Master Pilot Davis, and immediately above that of Mr. Acting Master Pilot Laws.

By order of the Superintendent of Marine,
JAS. SUTHERLAND,
Secretary.

NEW PILOT STATION
FOR THE
S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March* 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., *distant* 22 miles.

By Order of the Superintendent of Marine,
JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½′ *north* and longitude 86° 47′ *east*, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½′ *north*, and longitude 87° 42′ *east*, the buoy therefore bears from False Point Light House *north* 59° 49′ *east* true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruizing ground is immediately to the *north east* of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04′ *north* and longitude 88° 14′ *east*, and therefore bears from the buoy on the Pilot's Ridge, *north* 63·26 *east*, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruizing ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

(Signed) H. L. THOMAS,
Master Attendant.
